wear. All the latest styles are represented.

Sale is for cash. No goods charged during this sale.

Limit, six ties to each purchaser.

Store open at 8 a. m. See window.

KILGORE & SIEWERT.**THE BOND RESOLUTION.**
Ways and Means Committee Decide to Report
it Favorably.

WASHINGTON, Feb. 13.—The house committee on ways and means voted today to report the resolution to the house practically as agreed upon by the sub-committee. The vote was yeas, 8; nays, 5. The resolution is as follows: Resolved, by the senate and house of representatives of the United States in congress assembled, that the secretary of the treasury be and is hereby authorized to issue and dispose of at not less than par in gold coin, bonds of the United States, with the qualities, privileges and exemptions of bonds issued under the act approved July 14, 1870, entitled an act authorizing the refunding of the national debt to an amount not exceeding \$65,116,275, bearing interest at a rate not exceeding 3 per cent per annum, principal and interest payable in gold coin of the present standard of weight and fineness, said bonds to be made payable not more than thirty years after date. Provided, however, that no part of the proceeds of the sale of such bonds nor of the notes redeemed with such proceeds shall be available for the payment of the current expenses of the government.

The vote of 8 to 5 on reporting the bill showed party breaks on both sides. For the bill—Wilson, Tarsney, Turner, Montgomery, Stevens and Cockran (Dems.) and Reed and Payne (Reps.).—5. Against the bill—McMillan, Whiting, Bryan and Wheeler (Dems.), Hopkins (Rep.).—5.

A minority report will be made by those who voted against the bill. It will probably be written by Mr. Bryan.

Every Section Represented.
CHICAGO, Feb. 13.—The annual meeting of the Associated Press is in session today with a full attendance. It was found on the roll call that every section of the United States was fully represented. The proceedings were harmonious. The session will probably be continued

until late this afternoon. Tonight a banquet will be given by the Eastern members of the Associated Press at the Grand Pacific hotel.

ARRESTED FOR ARSON.
Captain of a Ypsilanti Hose Company in Serious Trouble.

YPSILANTI, Mich., Feb. 13.—Samuel Graham, captain of Hose Company No. 2, was arrested this morning charged with incendiarism. For the past eighteen months fires, destroying the vacant houses and outbuildings have been frequent on the east side, and the fact that Capt. Graham's men were always ready to respond caused some suspicion which the police officers have gradually followed up.

NEW FINANCIAL BILL.
It Was Introduced in the Senate by Mr. Vilas.

WASHINGTON, Feb. 13.—A financial bill on the lines of the president's last message to congress was presented to the senate today by Mr. Vilas. Its reading was followed with much interest and brought out a brief but spirited discussion.

It is provided that the secretary of the treasury shall be authorized to issue \$65,000,000 of bonds at 3 per cent interest, payable in gold in thirty years. The bonds are to be used in redeeming legal tenders and are to be exempt from tax.

Five Years' Sentence.
OTTUMWA, Iowa, Feb. 13.—Bateman, the express robber, confessed today to robbing a Burlington train Jan. 12. He pleaded guilty and was sentenced to five years in the penitentiary. Ely, his partner in crime, is still at large.

WAS STAGGERED**The Defense in the Hayward Murder Trial Given a Body Blow by the State.**

Peter Vallarie, the Hackman of Whom Harry Spoke to Adry, Gave Very Damaging Testimony.

Harry Hayward Will be One of the First Witnesses Put on by Mr. Erwin.

The Opening Address for the Defense is to be Made by John Day Smith.

MINNEAPOLIS, Feb. 13.—The state in winding up its case of murder against Harry Hayward today delivered a body blow which staggered the defense. The first witness introduced this morning was none other than Peter Vallarie, the hackman of whom Harry had spoken to Adry as being willing to assist in the proposed crime. Vallarie's testimony was most damaging to the defense, as it corroborated in a striking way one portion of Adry Hayward's remarkable story and thus rendered thoroughly untenable the defense's pet theory as to Adry's sanity. Vallarie testified that Harry Hayward had approached him with questions as to whether he had ever "done anything," and if so whether his conscience had bothered him. Hayward had later asked Vallarie whether he would drive a hack into Lake Calhoun and let the occupant drown, for a sum of money. "I told him I was no swimmer," said Vallarie, "and that was about the end of it."

This is the first corroboration of the stories of Blix and Adry obtained from an entirely outside source, and exhibited in a striking way Hayward's strangely careless way of asking incriminating questions and making damaging statements. That a man capable of concocting so cunning a defense should have been almost incredible as that he should have concocted the plot at all.

Mr. Erwin at once recognized the supreme importance of this testimony and tried to have it stricken out entirely. The court, however, refused to sustain his objection, and the evidence goes to the jury. It was a knockout blow last, and sadly upset the defense's plans.

The defense has been expected to prove in court this morning ready for use when the state should rest. Among them was Harry Goodsell, the young Chicago hood, by whom it is expected to prove that Harry Hayward did actually lose in Chicago the money given him by Miss Gine for the gambling excursion.

The Hayf family, whose skeleton had been so publicly dragged forth from its closet yesterday, did not appear in court and their evidence was not called for until later in the trial. It is believed, however, that Harry Hayward himself will be one of the first witnesses put on by the state.

The opening address for the defense is to be made by John Day Smith, Mr. Erwin having decided to reserve his fireworks for the benefit until the close of the trial.

Simon Gutleson, a pawn broker, told of loaning Harry \$170 on the three day note, and that he had given him the money. While the transaction was being concluded Harry had "flashed a roll" the amount of money in which Gutleson could not determine. Harry had then asked him for "lucky money" to use as a stake in gambling.

Mrs. Emma Goodale, a trance medium doing business in the city, testified that she had seen Harry and that she had seen him with a woman, Mrs. Peterson, was an interesting witness. Harry had come to her alone and asked her to tell Miss Gine when that lady should call that she would come to him for three or four days and that would lose if she played.

The next day Harry came and told her that on the strength of her advice Miss Gine had let him have \$50 to go to Chicago and gamble with. Harry had told her of other amounts he had secured from Miss Gine, amounting in all to \$1,375. Mr. Erwin asked her if she knew what she said or did while in her trances. She replied that she did not. He proceeded to ask some other questions about the science of clairvoyance, but they were shut out by the state's objections. She denied being acquainted with Adry, but knew the father of the boys.

Patsy Garrity, a well known local faro dealer, threw some light on Harry Hayward's gambling operations in Minneapolis and Chicago. On Nov. 3 Harry had met him on the street and, complaining that the limit was too low in the Minneapolis gambling houses, proposed a trip to Chicago where it was higher. Garrity agreed to go if Hayward would furnish the transportation. He was given a \$20 bill to get his tickets. When they arrived in Chicago they found everything was shut up.

Garrity intended to return the next day but missed his train, and on the second day. He found Harry on the train. They talked of Monte Carlo and other gambling topics, and then Harry showed him a large package of money in his coat pocket, just a flash of it, asking if he wouldn't like some of it. Garrity admitted that he played and dealt faro at a local house. Harry was a very lucky player he said, and sometimes the gambling houses had to reduce his limit. He won as much as \$2500 at a sitting.

Mr. Erwin asked him how much Harry had won in the past year but further evidence in this direction was shut off by objection. The principal object of Gar-

ry's testimony was to show that Harry returned from Chicago on Nov. 6 as Adry had testified, and that he brought back new bags of money with him after telegraphing her that it had all been lost.

"THE BOSS" SURPRISED.
Hall and Campbell Got Ahead of Doran at the White House.

WASHINGTON, Feb. 13.—[Special to The Herald.]—Representative Hall and Marshal W. M. Campbell called at the White House today and were rather surprised to see Mike Doran in the ante room waiting for admission to the presence of the chief executive. Doran's eyes were as big as saucers when Hall and Campbell were ushered in ahead of him.

It could not be learned what action the president informed them he intended to take as to the appointment of Campbell's successor. It was only because of a hearing before the committee that Baldwin did not call at the White House about the same time as the others.

DULUTH CUSTOMS DISTRICT.
The Bill to Extend it Referred to a Sub-Committee.

WASHINGTON, Feb. 13.—[Special to The Herald.]—Representatives Baldwin and Kiefer had a hearing before the interstate and foreign commerce committee today on the former's bill for a redivision of the Minnesota customs district. Some rather lively interchange of comments took place, Kiefer rather insinuating that Baldwin had used his influence with the committee to have the time of hearing made so short that he could not properly present the case to them.

No action was taken except to refer the whole matter to a sub-committee for a report.

THE ALTAMONTE'S PERMIT.
A Hearing Before the House Judiciary Committee Today.

WASHINGTON, Feb. 13.—[Special to The Herald.]—The house judiciary committee gave a hearing today to representatives and opponents of the Altamonte Water company as to the right of the secretary of war to issue a permit to the company.

The Altamonte people claim that they have the best of it, although no decision has yet been reached by the committee.

THE WATERWAYS COMMISSION.
Favorable Report Ordered by the House Commerce Committee.

WASHINGTON, Feb. 13.—[Special to The Herald.]—The house commerce committee today authorized a favorable report on the bill which passed the senate Monday providing for the appointment of a commission on the part of Great Britain as to the possibility of constructing a chain of deep waterways from the great lakes to the Atlantic.

WISCONSIN LEGISLATURE.
Frank Flower to Talk on the Deep Waterways Scheme.

ST. PAUL, Feb. 13.—A special to the Dispatch from Madison, Wis., says: Frank A. Flower, of Superior, will address the joint committee on claims this evening on the bill to create the office of deep waterways commissioner with a salary of \$250 a month and expenses. The subject will be a public one.

In the assembly the Altamonte memorial to congress was reported by the committee on federal relations for indefinite postponement. Mr. Sloan made a speech asking that the rules be suspended and the bill killed. Mr. Mahoney, of Viroqua, asked that the memorial be made a special order for tomorrow, and a motion to that effect was carried.

TRYING TO KEEP IT SECRET.
The Contract With the Morgan-Belmont Syndicate.

WASHINGTON, Feb. 13.—Unusual care is being taken by the officials here and the members of the ways and means committee of the house to prevent the publication of the bond contract recently entered into with the Morgan-Belmont syndicate, of New York. The contract, it is understood, is insisted upon by the syndicate.

It is learned, however, from other and reliable sources, that one stipulation in the contract is that in case the government desires to issue any more bonds between now and Oct. 1, 1895, the Morgan-Belmont syndicate shall have the preference right of purchase, all other conditions being equal.

Convicted of Irregularity.
Milwaukee, Feb. 13.—Dr. Walter Kempster, health officer of this city, has been found guilty of overbearing and tyrannical conduct, improper treatment of patients at the isolation hospital, and of irregularity in connection with hospital fees by the committee of the common council today. No recommendation is made, the matter of removal being left with the common council.

Fatal Gas Explosion.
MEADVILLE, Pa., Feb. 13.—An explosion of natural gas at 8 o'clock today wrecked the store and dwelling of George H. Cutler, killed George H. Cutler, Sr., and seriously injured the following: George H. Cutler, Jr., aged 16, burned; Mrs. Cutler, bruised and cut, not seriously; Katie Strack, a domestic, dangerously burned and bruised.

Gen. Bethune Dead.
WASHINGTON, Feb. 13.—Gen. James Bethune, widely known as manager of Blind Tom, the musical prodigy, died today at the residence of his son, in this city, and aged 91 years.**Pullman Must Appear.**
CHICAGO, Feb. 13.—Postponement of the Debs trial has not relieved George M. Pullman from the necessity of explaining his failure to answer the subpoena issued by the United States court last week. Today Judge Grosscup issued an order to command Mr. Pullman to appear and explain.**MANY ARE DEAD****House Judiciary Committee Put a Long List of Bills to Sleep by Today's Report.**

Cant's Bill to Prevent the Sale of Cigarettes to School Children is Favorably Reported.

Grandahl's Bill Making the Communication of Libels to Newspapers a Misdemeanor Among the Dead.

Bill to Transfer Money to the General Fund Caused a Debate in the Senate.

ST. PAUL, Feb. 13.—The house started promptly, notwithstanding yesterday was a holiday. The first matter up was a motion by Mr. Robbins, of the appropriations committee, recalling from the senate H. F. 31, which seeks to transfer \$50,000 from the school fund to the internal improvement fund, the bill being unconstitutional. After some debate the motion was defeated, it being considered an unnecessary action.

Chairman Underleak, of the judiciary committee, recommended the passage of house bills No. 250, by Mr. Serberg; No. 275, by Mr. Reeves; No. 276, by Mr. Christensen; No. 183, by Mr. Robbins; No. 77, by Mr. Johns, relating to criminal offenses by corporations; No. 288, by D. Jones; No. 275, by Mr. Gerlach; No. 225, by Mr. Underleak; No. 279, by Mr. Sivright, and S. F. No. 57, by Senator Hitt, protection of game; S. F. 61, by Senator Schuller; S. F. 100, by Senator Morgan; H. F. 305, by Mr. Gerlach; S. F. 10, by Senator Rorer; H. F. 201, by Mr. Gerlach; S. F. 46, by Senator Jones, passed under suspension; S. F. 3, by Senator Ringdahl; H. F. 202, Cant's cigarette bill; H. F. 9, by E. C. Johnson; S. F. 237, by Mr. Gerlach; and for indefinite postponement he recommended H. F. No. 200, by Mr. Gerlach; H. F. No. 205, by Mr. Breig, woman suffrage bill; H. F. 305, by Mr. Torsion, butter label bill; H. F. 242, by Mr. Lockwood; H. F. 37, by Mr. Anderson; H. F. 152, by Mr. Grandahl; H. F. 274, by Mr. Gerlach; H. F. 204, by Mr. Underleak; H. F. 18, by Mr. Dore; H. F. 106, by Mr. Johns; H. F. 100, by E. E. Smith; H. F. 209, by Mr. Wright; H. F. 22, by Mr. Gibbs; H. F. 208, by Mr. Gerlach; H. F. 22, by Mr. Gerlach, (furnishing false information to newspapers); H. F. 24, by Mr. Johnson.

H. F. No. 135, by Mr. Parker, proposing a constitutional amendment to tax mines, was recommended to the committee on taxes and tax laws.

E. E. Smith's corrupt practices bill was sent to the elections committee. The judiciary committee introduced a substitute for the Jacobson chattel mortgage bill.

Mr. Jacobson called up his resolution for an investigation of state salaries and fees and into the business methods of the various state boards and whether they recommended H. F. No. 200, by Mr. Gerlach; H. F. No. 205, by Mr. Breig, woman suffrage bill; H. F. 305, by Mr. Torsion, butter label bill; H. F. 242, by Mr. Lockwood; H. F. 37, by Mr. Anderson; H. F. 152, by Mr. Grandahl; H. F. 274, by Mr. Gerlach; H. F. 204, by Mr. Underleak; H. F. 18, by Mr. Dore; H. F. 106, by Mr. Johns; H. F. 100, by E. E. Smith; H. F. 209, by Mr. Wright; H. his home trade resolutions relating to the purchase of supplies at Rochester hospital for the insane. After brief debate it was adopted unanimously.

Senator Young introduced a resolution calling on the judiciary committee to report whether there was any way in which the legislature can appropriate money to replenish the internal improvement fund, or create a fund for the exclusive purpose of constructing roads and bridges. The resolution was adopted without debate.

Governor Clough sent in the appointments given yesterday, and they were confirmed in open session. A recess was taken to pay respects to Gen. Fairchild. The primary election bills have been made a special order for tomorrow afternoon.

SUPREME COURT DECREES.
Five Decisions Handed Down by Justice Canby Today.

ST. PAUL, Feb. 13.—Five decisions were handed down by Justice Canby, of the supreme court, today. The most important were the cases of Lucien C. Quigley et al against the St. Paul Title Insurance and Trust company, two cases in one, and Quigley wins in both. The order denying the defendant company's motion for a new trial is affirmed, and the order denying plaintiff's motion for a new trial is reversed and a new trial granted. It arose over a realty deal. Other decisions were as follows:

The Washington State company, appellant, vs. A. C. Burdick et al, respondents. Order affirmed.

Jennie Abbott et al, appellants, vs. the Anheuser-Busch Brewing association, respondent. Order affirmed.

George Clark, respondent, vs. Selenah M. Patrick et al, defendants; John J. Watson, appellant. Judgment affirmed.

Heavy Damage Awarded.
ST. PAUL, Feb. 13.—The jury in the case of John E. Weber against the St. Paul Street Railway company came in this morning with a verdict for the plaintiff in the sum of \$2500. Weber was on a street car which was in a collision on the Fort Snelling line, and claimed to have been so seriously injured that his limbs became paralyzed and his eyes blind. He sued for \$50,000.**Contractors Censured.**

EVIDENCE IS STRONG.

Charles Drumbeater, the Indian Accused of Killing James Fisherman, Bound Over to the May Term.

Dr. Ehle Examined the Body, Examined the Head and Said Death Resulted from a Heavy Blow.

Other Witnesses Testified that Drumbeater Struck Fisherman Over the Head With a Heavy Club.

The examination of Charles Drumbeater, the Indian who is under a charge of murdering James Fisherman at a camp at the foot of Ball Club lake was taken up again before Judge Carey this morning. G. J. O'Reilly assistant district attorney for the state and M. H. Crocker for the defense.

Since the opening of the examination about two weeks ago the body of Fisherman was examined by order of Attorney General Olney. Corner Ehle, of Grand Rapids, accompanied by Deputy Marshal Funk, drove out from Duell and Dr. Ehle removed the head.

When the examination was resumed today John and William Lyons and Allen T. Mason were placed on the stand and testified that the body examined was that of Fisherman.

Dr. Ehle took the stand and testified as to what he found upon examining the body. He said he removed the head and neck and took them with him. He found when he was able to make an examination that the skull had been fractured at the back just above the external protuberance. He said it was evidently caused by a blow from a blunt weapon and was sufficient to cause death.

Frank Besow and wife were witnesses of the killing and gave evidence to the effect that Drumbeater struck Fisherman with a club over the head.

The defense offered no testimony and Judge Carey bound the prisoner over to the May term of the United States court without bail.

LINCOLN'S BIRTHDAY.

G. A. R. Veterans Observed it at Their Headquarters Last Evening.

Yesterday was not a legal holiday, the bill in the legislature making it one not going into effect until next year. But the day was more or less observed in the city. In the schools the regular lessons were suspended and the day was spent in the study of Lincoln's life and work. Last evening the families and friends of the members of the G. A. R. gathered in the Grand Army hall to jointly observe the occasion.

Addresses were delivered by Commander Judge J. L. Olney, Col. C. H. Graves, C. S. Weaver and ex-Governor A. H. Burke.

Judge W. H. having been a resident of Illinois during the Lincoln era, spoke particularly in reference to the intense feeling of the people at that time over the question, and the masterly manner in which the joint discussion was conducted.

Col. Graves drew largely from war history of the Lincoln era, and not only ex-officio commander-in-chief of the army, but that by his genius and superior knowledge of the whole field, was the real commander-in-chief from the opening to the close of the war.

C. S. Weaver, beginning with the world's earliest history, reviewed the career of each of its greatest leaders, showing that the few great names that were not born to die, were of men who were called by the ruler of the universe had to perform some great work for humanity.

Ex-Governor Burke confined himself principally to reading Ingersoll's masterly address to the memory of America's greatest name—Abraham Lincoln—his remarks with a tribute of his own to the genius of this most remarkable of all men of modern times. Patriotic music was interspersed throughout the entertainment, and the evening was one that will be long remembered by those present for its fraternal sympathy and its devotion to the cause of liberty.

Under this law the county of St. Louis, with an assessed valuation of \$45,000,000 should pay a tax for the soldiers' relief fund \$450,000 a year; the most we have ever been able to get back in the way of relief for the soldiers' relief fund, 1893, the sum of \$345, and for the year ending July 31, 1894, \$106,755, doled out to six persons or families, application for further and larger relief being denied and the proceeds of the tax allowed to lie in the state treasury unused, and on July 31, 1894, about \$5,000 was transferred to the general fund of the state, already having a surplus of nearly \$1,000,000.

And while, and because, more and greater relief was denied, the relief committees of the posts of the Grand Army of the Republic have been compelled, not only to contribute largely, both from their individual pockets and from post funds but also to go out to the general public and solicit—beg I might say—donations of money, food and clothing to relieve cases of urgent need. And this, while taxes paid by the people for the express purpose of relieving such needs were refused and finally diverted from the purpose for which paid.

To remedy this injustice, injustice both to taxpayer and needy ex-soldier, I have proposed a bill which Senator Spencer has introduced in the senate and had referred to the committee on Soldiers' home, which provides that the amount of tax paid shall be held in the treasury for further and larger relief being denied and the proceeds of the tax allowed to lie in the state treasury unused, and on July 31, 1894, about \$5,000 was transferred to the general fund of the state, already having a surplus of nearly \$1,000,000.

The Presbyterian Sabbath school assisted by the Filigree orchestra, will give an entertainment in the church Wednesday evening, Feb. 20.

BEAUTY IS POWER.

Perfection of Form, Feature, and Mind
Render Women All-powerful.

(SPECIAL TO OUR LADY READERS.)

Yet blended those perfections must be perfect health. Women are to be perfect in their character, better in their nature, truer in their love, warmer in their affections, than they ever were. But most women do not know themselves. They drift gradually and unconsciously into that tempestuous sea of woman's diseases. Then they should remember that Lydia E. Pinkham's Vegetable Compound restores natural cheerfulness, cures nervousness, cures leucorrhea, the great forerunner of serious womb trouble, removes backache, strengthens the muscles of the womb, and restores it to its normal condition, regulates menstruation, removes inflammation, ulceration, and tumors of the womb, and all the dreadful ailments of a woman for women. Millions of women owe the health they enjoy, and the influence they exert, to Lydia E. Pinkham's Vegetable Compound. It has never been equalled in the field of medicine for the relief and cure of all kinds of female complaints. No say the druggists.

Here is another one of thousands who speak of others who know the truth:— "For five years I suffered from the will of the womb, and all the dreadful ailments of a woman for women. I tried several doctors and different medicines, until I lost all faith in everything. I had not tried your Compound. I watched your advertisements and decided to try it. I have taken seven bottles, and I am a well woman. My pains have all left me, and I can now walk two miles without feeling tired. Your Compound has been worth its weight in gold to me. I cannot praise it enough." MATILDA BERNAM, Columbia, Lancaster Co., Pa.

The Soldiers' Relief Fund.
To the Editor of the Herald:
Will you kindly allow me through your columns to call the attention of the people of Duluth and of St. Louis county to the unjust and unequal administration of the "Soldiers' relief fund" provided by Chapter 148 of the laws of 1897. Under that law, a tax of one-tenth of a mill is levied upon all the property in the state, which tax when paid is turned into the state treasury, and made subject to the order of the trustees of the Soldiers' relief fund. The money is then distributed to those indigent and needy who have been honorably discharged from the military or naval service of the United States.

Under this law the county of St. Louis, with an assessed valuation of \$45,000,000 should pay a tax for the soldiers' relief fund \$450,000 a year; the most we have ever been able to get back in the way of relief for the soldiers' relief fund, 1893, the sum of \$345, and for the year ending July 31, 1894, \$106,755, doled out to six persons or families, application for further and larger relief being denied and the proceeds of the tax allowed to lie in the state treasury unused, and on July 31, 1894, about \$5,000 was transferred to the general fund of the state, already having a surplus of nearly \$1,000,000.

PLEASE THEM NOT.

St. Paul Papers Find That Fast Chicago Mail Works Against Them.

For some time the people of St. Paul and the press there also agitated the proposition to put on a fast train from Chicago to that city so as to give 'quicker' mail service. The St. Paul papers labored manfully for it and finally the matter was accomplished. An early train was put on leaving Chicago about about 3 a. m., and reaching St. Paul at 2 p. m. In order that Duluth might be benefited by the service the St. Paul & Duluth road made a slight change in the time of its limited train coming to Duluth. It is now held so as to connect with the Chicago train. Several roads have taken similar action.

This was a step the St. Paul papers had not calculated on and they now find that it has resulted disastrously to them. Chicago Sunday papers reach Duluth on the same train as those from St. Paul. As a result, last Sunday night about fifteen Chicago papers were sold to one St. Paul paper. The St. Paul dailies are therefore confronted with an embarrassing situation, and one from which it will be difficult to extricate themselves.

It is said that the St. Paul people are now endeavoring to have the train leave Chicago about midnight, claiming that the train from Mountain Iron to Hibbing, where are immense ore bodies of Mahoning Ore company and Rockefeller company. Twelve miles west of Mountain Iron, and the work will be done at once. This has been considered the exclusive territory of the Rockefeller road.

The Duluth & Iron Range, which belongs to the Minnesota Iron company, evidently intends to build the entire length of the range, as it has surveyed a line west from Mountain Iron to Hibbing, where are immense ore bodies of Mahoning Ore company and Rockefeller company. Twelve miles west of Mountain Iron, and the work will be done at once. This has been considered the exclusive territory of the Rockefeller road.

BIG CITIES EDUCATE.

One Must Think Quickly, and Keep His Wits.

Pierce Competition Urges Men and Women to Their Utmost.

Nerves and Brain First Give Way Under the Terrific Strain.

Men die in the big cities like the trees, beginning at the top.

It is apoplexy, heart failure, nervous prostration, shock, congestion of the brain and suicide that characterizes the mortality lists in the great centers of population.

A city teaches one to think quickly, to be always on the alert and quick to avoid danger, as well as to see the lucky chances. It is impossible to go slowly even if one has no pressing need for hurry. The rush is contagious. One finds himself drawn along by the rapidly moving crowds and is soon hurrying with the rest. It is undoubtedly true that two-thirds of all the men and women one sees tearing through the streets are in no way actual haste. They are merely victims of this fearful habit of hurry.

But whether the fearful rush is essential or not, the result is the same. Nerves and brains are exhausted, men and women grow prematurely aged, times of depression follow the high-strung condition. The entire nervous system must be rapidly and fully nourished to prevent utter prostration and collapse. It is estimated by physicians that Paine's celery compound annually saves thousands upon thousands of men and women living in cities from breaking down under their work. It builds up the substance of the nerves and brain faster than it is torn down by even such prodigious waste. It cures permanently all weakness of the stomach, liver and kidneys, and takes away any tendency of these vital organs to disease.

JAMES SHERIDAN SATISFIED.

Result of His Visit to the Seine River Gold Region.

James Sheridan came down from the Seine river region yesterday after a visit of four weeks during which he looked over the deposits and visited several properties. In response to an inquiry from a Herald man as to the result of his investigations he said:

"I do not wish to pose as a gold expert, for though I have examined many gold mines and prospects I have never done any gold mining. But I was pleased with what I saw there, and I believe that gold mining will be prosecuted with profit for a good many years. I examined particularly the region between Shoal and Bad Vermilion lakes, containing what is called the protogene formation, and embracing the Kelly, Hillier, Wiegand and Foley properties.

"I found in this region that the veins are quite regular and uniform and apparently rich and permanent. The veins are in by belief true fissure, indicating permanency. Their walls are vertical, and smooth and well defined. Such features as these are always first looked for, and mean everything in determining the value of deposits.

"I panned ore on the Kelly, Hillier and all of the Wiegand property, indicated that owned by the Wiegand Gold Mining company. The ore all panned well, and I found no blanks. Every specimen panned showed color, and free gold was plenty. In my opinion most of the ore is free milling ore.

"This is particularly true of No. 5 vein and of the Wiegand mine. It is considered by all who have panned there, including myself, as an exceptionally rich vein. All give the same verdict.

Mr. Sheridan is well known here as a conservative and honest mining man, and his opinion will have a great deal of weight with those who know him.

Several Republicans Who Would Like to See Capt. Farrell Reappointed.

Capt. James Farrell's term as a member of the board of public works expires on March 11. It is now possible that the state legislature will abolish the board. If so, there are a good many Republicans who wish the captain to remain on the board until his existence legally terminates. If it is continued, too, there are some very prominent Republicans who will use their influence to have the mayor appoint Mr. Farrell as his own successor. They say that not only has it always been the custom to make the board a non-partisan body by appointing members from the different political parties, but that the captain is an old soldier and a man who has made an excellent record and done valuable service in his present position.

Ten-Acre Tracts
On Vermilion road, two and one-half miles from Woodville, are for sale by J. C. & R. M. HUNTER.

The Cathedral Musicians.
The third of the musical series for the benefit of the cathedral pipe organ fund was held last evening at the residence of Mrs. J. J. Costello, 233 East Superior street. The attendance was large and the contributions netted a large sum. The cathedral quart sang several numbers. Solos were given by Miss Kennedy and Mr. Sattler. Miss Donovan and Miss McDonald sang a duet as did also Miss Lynn gave a piano solo. Professor Robinson's band pupils played and Miss Katherine O'Donnell gave recitations.

SHOT AT THE PAUL.
Walter McAndrews Arrested for Shooting a Revolver in a Saloon.

There was a representative quartet in police court this morning. Henry Hendrickson, Andrew Hanson and Matt Rowe, despite their inability to gibly use English language, were able to admit that they had been drunk. Ten days in Sheriff Butcher's bastille was their fate. Walter McAndrews denied that he was guilty of discharging firearms within the city limits, whereupon his hearing was set for the afternoon session of court. The alleged offense was committed in the "Red Front" saloon, between Fifth and Sixth avenues west, last evening. Capt. Thompson and Dan Kenna heard some shots and ran in to see what was the matter. No one would answer any questions, but the officers found out that some one had drawn a revolver and shot a hole through a tin plate standing on the stove. McAndrews ran away and upon orders from Capt. Thompson, he was captured by Kenna.

The Modern Invalid
Has tastes medicinally in keeping with other luxuries. A remedy must be pleasantly acceptable in form, purely wholesome in composition, truly beneficial in effect and entirely free from every objectionable quality. It really is he consults a physician; if constipated he uses the gentle family laxative Syrup of Figs.

SINGERS ENTERTAINED.

Arion and Concordia Quartets at the Home of
A. Filger.

The Arion quartet, Concordia quartet,
and others were entertained last evening
at the residence of A. Filger on East
First street. It was essentially an even-
ing of music. The Arion and Concordia
quartets sang. Instrumental quartet
numbers were given by Professor Traut-
veter and W. G. Joerns, violins; J. Fla-
schen, cello, and Professor Tonnig, piano.
There were songs by Carl Wirth, of Su-
perior, and N. S. Murphy, and Bruno
Elyth gave some humorous character
sketches. Refreshments were served
and the guests were delightfully en-
tertained. Those present were: Messrs.
Maynard, Shirk, Jones, Lahey, Gienius,
Max Wirth, Hase, Schultz, N. S. Murphy,
Carl Wirth, Bruno Elyth, C. E. Rich-
ardson, O. C. Hartman, Anneke, Fitz-
patrick and Kurst.

Schott-Meyer Concert.

It is evident from the way the list for
the Schott-Meyer concert is increasing
that the people of Duluth are interested
in high grade music. Three hundred
dollars have been raised so far, and Mr.
Lachmund hopes soon to have the mat-
ter settled. A noticeable part of the list
is the number of prominent teachers
that have subscribed and induced their
pupils to do the same. Among the num-
ber are Madame Renard, Mrs. Olund,
Mrs. Stacker, Mrs. Day, Miss McDonald,
Miss La Brie Shepherd, Miss Howard,
Professors Baker, Tyler, Tonnig, Mer-
rill and Griener. Those of the above
who have heard these artists were
among the first to subscribe.

MONEY TO LOAN

AT 6 AND 7 PER CENT.
Any amount. No delay.

Deafness Cannot Be Cured

By local applications, as they cannot reach the
discussed portion of the ear. There is only one
way to cure deafness, and that is by consti-
tutional remedies. Deafness is caused by an in-
flamed condition of the mucous lining of the
Eustachian tube. When this tube gets inflamed
you have a running ear, or imperfect hear-
ing, and when it is entirely closed deafness is
the result, and unless the inflammation can be
taken out and this tube restored to its normal
condition, hearing will be destroyed forever.
also cases out of ten are caused by catarrh,
which is nothing but an inflamed condition of
the mucous surface.
We will give \$100 reward for any case of
deafness (caused by catarrh) that cannot be
cured by Hall's catarrh cure. Send for cir-
culars, free.

GRAND JURY IS BUSY

Criminal Calendar Will be One of the Large-
est the County Has Known for
Some Time.

Indictment for Manslaughter in the First
Degree Returned Today Against Henry
Renault, of Industrial.

Moses Cook Must Answer to Grand Larceny,
the Charge of Short Changing Being
Against Him.

The grand jury is still grinding away
on the county's criminal business, and at
least once a day several indictments are
returned to the court. The jury is work-
ing hard all day, and has not had a half
day off since it convened. This is rather
new to the county, as most grand juries
have heretofore worked but half a day at
a time. The criminal calendar is now
the longest that has been prepared in
some time, and there is yet plenty of
work for the jury.

The criminal cases will not be ready
for trial before next Monday on account
of the prolongation of the work before
the grand jury. When it is once started
it will be of more length and importance
than the civil jury, calendar, and will
probably continue several weeks.

The grand jury this morning returned
an indictment against Henry Renault
for manslaughter in the first degree for
killing Christ Lundby at Industrial Nov.
3. But little is yet known about the par-
ticulars of the case, as the witnesses
have been instructed not to talk, but the
story in the morning paper that the
quarrel in which Lundby met his death
was over a woman is characterized as
imaginary rot by those who know any-
thing about the case.

New Indictments Presented.

The jury also presented new indict-
ments against Samuel Cody and John
Dewar for uttering forged checks.
Moses Cook was indicted for grand lar-
ceny in the second degree, and was re-
leased on \$5000 bail. Cook is charged
with short changing a man who made a
purchase in his clothing store on Lake
avenue. The charge is that Cook refused
to have given Cook a \$10 bill and to have
received change for \$5. Cook asserts
that the man gave him a \$5 bill and that
there was not a \$10 bill in his drawer.
The civil calendar of jury cases is
rapidly melting away before the progress
of justice, and Friday will see the end of
the calendar unless a knotty case or two
develops unexpectedly. In Room 2 be-
fore Judge Lewis the damage case of G.
A. Larson against John Fogarty et al was
approaching an end this noon. After
lunch the jury was charged and took the
case into its hands. It took the jury in
the false imprisonment case of Michael
di Santo against the police officials
twenty minutes to find a verdict for the
defendants yesterday.

Before Judge Moer this morning the
case of Charles Casper and G. A. Peter-
sen against W. T. Heimbach was taken
up. Plaintiffs sued to recover for logs
sold to defendant, and the defendant set
up a defense of non-delivery and a
counterclaim of damages resulting there-
from. Under instructions from the court
the jury returned a verdict of \$107.79 for
the defendant.

Johnny McDonald and Joseph Loring, Two Small Boys, Arrested for Petty Thieving Around Town.

Several Articles Evidently Stolen from Some Store or Office Found in Their Possession When Arrested.

One of the Boys Has Already Served a Term in the Reform School for Stealing.

Two young lads, Johnny McDonald and Joseph Loring, were arrested last evening on the suspicion of stealing goods which they were trying to sell at saloons and other places. When searched they were found to be the possessors of a number of articles which were evidently taken from various stores about town. There has been considerable sneak thieving in offices where doors have been left unlocked, and the police department are keeping a pretty strict watch over certain boys who have been hanging about public places.

In the Silvery block one business man reports the loss of a bunch of postage stamps another a number of surgical instruments. Johnny McDonald one of the boys arrested last evening has served a short term in the state reform school for stealing silver plate and other articles from St. James Catholic church.

West Duluth seems to be infected with a gang of boys who require continual watching and who appear to be natural born criminals. They have caused the police department much trouble during the past three or four years and the officers feel as though some of them should be given a lesson that will remain on their memory for a life time.

West Duluth Briefs.

The young daughter of W. B. Hartley is quite ill with typhoid fever.

K. O. Halstad is around again after a severe attack of the grip.

N. C. Hendricks and wife number a new boy in their family.

Salt rheum, with its intense itching, dry, hot skin is cured by Hodge's sarsaparilla, because it purifies the blood.

THE ALTAMONTE VICTORY.

Memorial Against It Killed in the Wisconsin Assembly.

MILWAUKEE, Feb. 14.—A special to the Wisconsin from Madison says: The Superior fight over the Altamonte bill was the special order of business in the assembly this morning. The matter came up on the question of concurring in Senator Mills' memorial to congress asking that the Altamonte bill be killed. Two factions in Superior are fighting over the matter. One representing Senator Mills is against the project, and has succeeded in getting the memorial against the passage of the bill through the senate.

The other faction is represented by Assemblyman Sloan, who was the principal speaker today. The ayes and noes were called for and a roll call showed four in favor of the memorial and eighty-nine against it.

Will Probably Be Killed.

MADISON, Wis., Feb. 14.—The assembly committee on town and county organization heard arguments against the bill providing for the creation of a new county out of parts of Douglas, Washburn and Burnett counties and next Thursday the same committee will give those favoring the bill a hearing. From the present outlook the bill will be killed.

Made an Assignment.

MONTEVIDEO, Minn., Feb. 14.—Whitmore Fros, of the Montevideo rolling mills, made an assignment for the benefit of his creditors to the "Favorable Trust company, of Minneapolis. The assets and liabilities are not yet stated.

WHEAT DULL BUT FIRM.

Trading Was Very Light But Prices Ruled Steady.

Wheat was dull but steady here today. The market ruled very quiet all day, and the volume of business was the smallest for many weeks. May opened unchanged at 55c and advanced 1/2c, but not another trade was made after 10 o'clock. Two trades in July were made at 55 1/2c shortly after noon. This constituted the whole speculative business during the session. Cash wheat sold at 55c. The mill offered 1/2c over May over rounds to arrive, but got none. A fair lot of No. 1 hard track wheat, were taken by the mill at 55c over May, and one car of No. 1 Northern sold at 57 1/2c. The close was 1/2c higher than yesterday all around. Futures: March, 55 1/2c; May, 55 1/2c; July, 55 1/2c; September, 55 1/2c; December, 55 1/2c; No. 1 Northern cash, 55 1/2c; No. 2 Northern cash, 55 1/2c; No. 3 Northern cash, 55 1/2c; No. 4 Northern cash, 55 1/2c; No. 5 Northern cash, 55 1/2c; No. 6 Northern cash, 55 1/2c; No. 7 Northern cash, 55 1/2c; No. 8 Northern cash, 55 1/2c; No. 9 Northern cash, 55 1/2c; No. 10 Northern cash, 55 1/2c; No. 11 Northern cash, 55 1/2c; No. 12 Northern cash, 55 1/2c; No. 13 Northern cash, 55 1/2c; No. 14 Northern cash, 55 1/2c; No. 15 Northern cash, 55 1/2c; No. 16 Northern cash, 55 1/2c; No. 17 Northern cash, 55 1/2c; No. 18 Northern cash, 55 1/2c; CITY BRIEFS.

Cullum, dentist, top floor, Pala dio. Schiffman makes the best gold crowns. Smoke Endion cigar. W. A. Foote. The Evening Herald is on sale in St. Paul at the Windsor Hotel news stand. The eighth wonder, Duluth Imperial flour. A son was born to James and Jennie Sullivan this morning at 26 West First street. "Col." Sullivan says he will be a straight Democrat, just like the old man. The death of Johanna Marie Magnuson, at West Duluth, aged 1 year and 3 months, of erysipelas, has been reported to the board of health. The Mystic Shriners came back from St. Paul last evening and all reported a highly entertaining time. Next Sunday evening the Normanna Singing society will give a concert and operetta at Normanna hall. An orchestra of ten pieces will be one of the several features. The Y. M. C. A. polo team will play the Superior team at Superior tonight, and a good game is expected. Mazie Miller, the young woman who was brought down from Ely violently insane as a result of hard living, was taken to Fergus Falls this afternoon. A marriage license has been issued to William R. Hartwell and Christina Anderson. Capt. J. W. Miller was on Tuesday elected agent of the Associated Charities to succeed C. E. Holt, resigned.

Williamson, Jr., and his mother left today for a trip to New Orleans and California and through the West. They will be away until April 1. A. B. Simonson, of Calumet, Mich., is in the city. George Wilestead, of Stillwater, is in the city. Mr. and Mrs. E. P. James, of Boston, are at the Spalding.

Italiness Cannot Be Cured
By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional treatment. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube gets inflamed you have a running sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; and once out of use it is never again restored. We will give \$100 reward for any case of deafness (caused by catarrh) that cannot be cured by Hall's catarrh cure. Send for circulars, free. P. J. CHENEY & Co., Toledo, O. Sold by druggists, 15 cents.

Gold and Silver.
We pay highest cash price. Donner & Co., 4 Metropolitan Block.

RENO WAS ARRAIGNED

The Industrial Man, Indicted for Manslaughter, Was Given Until Tomorrow to Make His Plea.

August Fenske, the Tower Merchant, Pleaded Not Guilty to Perjury—Highton Demurred Under Adversement.

Charles Johnson Indicted for Assault With Intent to Kill—Grand Jury is Still Working Hard.

Henry Reno was arraigned before Judge Ensign this morning and his indictment for manslaughter in the first degree was read to him. He was given one day to plead. Yesterday August Fenske, the Tower merchant who was indicted for perjury, pleaded not guilty and his case was continued on motion of his attorney. The demurrer to A. G. Highton's indictment was argued before Judge Ensign yesterday afternoon and was taken under advisement. Judge Ensign had not yet made his decision at noon today.

Yesterday Charles Johnson was indicted by the grand jury for cutting Jacob Abrahamson with a knife Feb. 4. The crime with which he is charged is a serious one and means assault with intent to kill. The punishment may be not less than five years or more than ten. Abrahamson was before the grand jury yesterday, as he was sufficiently recovered from his injuries to be brought down from Tower. He is in pretty bad shape and has two ugly cuts, one on his head about two inches long and another on his back about six inches long.

Today the grand jury returned no indictments. The case against the custodian of the Great Western Manufacturing company for selling electrical supplies belonging to the company was under consideration and a determination may be reached some time this afternoon or in the morning.

Jury Calendar Almost Completed.
The civil jury calendar has nearly reached an end, and there are but two more cases to try besides those which were on trial at noon. One of these cases, a retrial of the case of Marcus W. Bates against the B. B. Richards Lumber company, is set for Monday morning.

The other case, John Helmer et al. against Alfred Merritt et al. will be taken up as soon as one of the cases now on trial is concluded. Before Judge Ensign this morning the case of Thomas Timlin, of Superior against John Timlin, of Duluth, was taken up. The case is a rather complicated litigation between two brothers who have disagreed over financial arrangements. Thomas, the plaintiff, avers that he loaned Michael, another brother, \$200 with which to purchase some pine land. When the purchase was made the land was turned over to John, the defendant, to sell, with the stipulation that he should turn the money from the sale over to Thomas. The latter avers that the sale was made, but that the money was not given him. He also avers that he sold three barrels of whisky sold for \$35 for three barrels of whisky sold to John. John comes back with an assertion that the whisky was worth only \$50 and with counter claims that overbalance the original claim.

The jury in the personal injury case of G. A. Larson against John Fogarty et al. this morning returned a verdict of \$400 against defendants Charles and Edward Johnson. The case of John Chesser against the Franklin Iron Mining company, to recover \$250 for board, men employed by the company, was next taken up by Judge Lewis, and was on trial at noon.

Before Judge Lewis this morning the case of R. F. Fitzgerald, as assignee of Simon Clark & Co., against the State bank was taken up. Fitzgerald deposited some of the estate's money in the bank and as the bank had notes against the company it refused to give up the money. Fitzgerald sues for its recovery. In the case of the Central National bank against John F. Thompson et al. to recover on a promissory note the answer was withdrawn and judgment entered for the amount claimed.

BOARD WILL MEET.

The Commissioners Are to Be in Session Tomorrow Afternoon.

The county commissioners hold their adjourned meeting at 2 o'clock tomorrow afternoon, and there may be an interesting session, though there is no business of much moment continued from the regular meeting. The action of the chamber of commerce on the matter of letting the county's book contracts to George D. Barnard & Co. of St. Louis, in preference to a home firm whose bid was an inconsiderable amount higher may be considered, and a protest against the board's action may come up. The complaint of the G. A. R. posts of the city against the board's action in replacing worthy G. A. R. men in court house positions with younger men may be taken from the table and considered. A number of applications for abatement of taxes will also come up.

Neckwear Sale.

TRILBY TABLEAU.

Posing and Groupings Exhibiting Du Maurier's Pictures at the Unitarian Church.

Tonight the Trilby tableaux will be given at the Unitarian church. The entertainment will be a novel one and delightful. There will be a number of posings and groupings from Du Maurier's pictures. The selection of those who will take part has been carefully planned and the program is as follows:

Piano duet..... Mrs. McKinlay, Mrs. Stoker.

Picture—"Whispered"..... C. D. Gibson.

Picture—"A Revelation"..... Du Maurier.

Picture—"The House of the Dead"..... Du Maurier.

Picture—"The House of the Dead"..... Du Maurier.

THEY ARE PLEASED.

Commission Men Are Assured That Duluth Will Have a Dairy Inspector.

Duluth commission men were encouraged yesterday in their efforts to secure the regulation of the sale of butterine in this county by the receipt of a telegram from Representative Anderson, of Chicago county. He wired C. E. Peaslee, the West Duluth commission man, who is a resident of Chicago county, that the appointive powers had consented to station a dairy inspector at Duluth.

The Duluth commission men are now endeavoring to get a Duluth man appointed to the position, and the committee appointed by the produce exchange for the purpose of agitating the matter has written to Representative Grant to enlist his influence in bringing this about. In case these efforts are successful there will be one more state office in Duluth with which to reward the efforts of faithful political retainers. There is about \$500 a year in the office. The commission men, however, want a good man put in the place, which does not always result when offices are conferred in payment for political services.

No one has yet stated his desire for the place, but there will probably be Senator Potter, of Minneapolis, that he would in a few days introduce his new dairy bill, modeled after the Massachusetts law, which practically prohibits the sale of butterine and is much more severe than the present law. It has been held to be constitutional by Justice Harlan, of the United States supreme court.

STOREY'S MOOSE HORNS.

He is Saving Deputy Game Warden Fullerton for Their Recovery.

The time of Judge Powell in municipal court was taken up the latter part of the forenoon today in hearing the case of Thomas H. Storey vs. Samuel F. Fullerton. The case is an action brought to replevin six pair of moose antlers and about six inches of leg. It was brought by Storey, the capacity of deputy game warden. The court room was encumbered with the horns and hides, excepting a full amount of all material for a hotly fought legal battle. Kierstead appeared for the plaintiff while H. S. Mahon cared for the interests of the defense. The case had not closed at the noon hour. Mr. Storey testified that the horns and scalps were secured by him in Fargo five years ago. When municipal court convened this afternoon Judge Powell announced that he would decide the case for the plaintiff, whereupon Mr. Storey grabbed all six pair of the horns of the dilemma and here they were in triumph to his taxidermist's shop.

M'ANDREWS COMMITTED.

Sentenced For Ten Days For Firing His Revolver at the Wrong Time.

In police court this morning Walter McAndrews, charged with discharging a revolver in the "Red Front" saloon on West Superior street, was found guilty and committed to the county jail for ten days. Robert Mitchell, John Shendon and Charles Johnson, drunks, also went along for similar lengths of time. Charles Johnson was committed for five days. Yesterday evening Iver Wisted was sent up ten days for abusing his wife.

BUY NOW!

Ten acres of fine Farm Land for sale. Price is low and terms easy. Good roads and near Duluth Market. Good school and neighbors.

Geo. H. Crosby,
314 Palladio Bldg., Duluth.

M'INDO'S PLACE.

The Formal Opening Fixed for Saturday Next.

Joseph B. McIndoo will formally open his new resort, at 13 Second avenue east, next Saturday morning. A sumptuous lunch will be served during the entire day. "Joe's" place is unquestionably one of the most elaborately fitted up in the Northwest. The furniture and fixtures are all of the most modern style and of expensive design. The cigar case and buffet and the manager's office contains a gem of the artist's brush which will repay more than a casual examination. The private rooms upstairs, some fifteen in number, are far ahead of anything of the kind in the city. "Joe" invites all his friends to be present at the opening.

BREAD FOR THE PODR.

Panton & Watson Will Distribute Many Loaves to the Needy.

On Monday next Panton & Watson will start a new and timely departure in mercantile business. The popular store will become a wholesale distribution point for charity, and will continue so during the week, and a good many hungry stomachs will probably feel the benefit of the firm's enterprise. Beginning Monday a loaf of bread will be given free to any needy and deserving person who will apply, and during the week 2000 loaves will be distributed. Monday 666 loaves will be given away. Wednesday 666 more will be distributed and Friday the remaining 666 loaves will be placed where they will do the most good. This distribution of the staff of life, without money and without price, will doubtless be well patronized.

Tea Company Burglarized.

The establishment of the Merchants' Tea company, C. F. J. Fickert proprietor, was burglarized at Superior Saturday night. Officer Osborne discovered the theft. He was on the beat and on peering through the window discovered the topsy-turvy condition of the interior of the store. Going around to the rear he found that the door had been broken in and a shelf of tea loosely strewn over the door in order to get at the valuables supposed to be contained therein. All of a bushel of tea was scattered about the room. The burglary was at once reported to police headquarters. Fickert estimates his loss at about \$400.

KILGORE & SIEWERT,

UNDER ST. LOUIS HOTEL.

Tomorrow..... and Saturday.. Neckwear Sale.

At which finer Neckwear will be sold at

...50c

SUPREME COURT DECREES.

A Decision of Importance to Owners of Leased Property.

ST. PAUL, Feb. 14.—Chief Justice Start, of the supreme court, this morning handed down four decisions, one of which is of special interest to owners of property who have it leased to business firms which may go into the hands of a receiver.

It is in the case of R. C. and Anne W. Kalkhoff, appellants, vs. B. F. Nelson, as receiver for James H. Bishop & Co., Minneapolis, respondent. The Bishop company had leased a building of the Kalkhoffs for a term of years and the receiver of the company had abandoned them. The lower court decided that the owners could not maintain an action for damages for the breach of contract, as the corporation was dissolved.

The supreme court reverses the decision, holding that a cause of action immediately accrued to the owners of the property for the recovery of all damages present and prospective which they sustained by the loss of the contract; that the appellants in this case are entitled to prove their claims against the receiver and share ratably in the distribution of the assets of the corporation.

The order of the lower court in favor of William F. Phelps in his suit against Thomas Montgomery was affirmed. Montgomery loaned Phelps \$3000 Oct. 4, 1893, on two promissory notes, to be paid in four months, with interest at 10 per cent per annum. The court also found that Montgomery exacted, in addition to the per cent, fifty shares of mining stock valued at \$1250 and directed judgment, cancelling the notes as usurious and demanding a return of the collateral security, consisting of a life insurance policy and the shares of stock. The decision in favor of Phelps and denying Montgomery's motion for a new trial, is sustained.

The case of August Berger and others against the Minneapolis Gaslight company for damages sustained by an overflow of crude petroleum from the company's tank to their premises is affirmed. The case of D. N. Taylor vs. James P. Marcum comes from Crookston and is a dispute over a contract on the part of Taylor to build grain bins and attend to the shipping of Marcum's grain. Taylor sued Marcum for pay, and the decision of the lower court was that upon admitted facts and evidence there was not a compliance with the contract by Taylor so that he can recover. That decision is affirmed.

CASE IS REINSTATED.

Judge Lewis Annuls The Dismissal of a Case Made Some Time Ago.

Judge Lewis has filed findings in the old case of the Keystone National bank against Simon Clark & Co. et al. A year or two ago the bank sued David Buchanan to recover \$1000 on a note. While the suit was pending, according to the findings, Buchanan represented to plaintiff's attorney that the bank had agreed to receive the undivided note of Simon Clark & Co. in payment of the claim, and the case was dismissed. Judge Lewis finds that the representation was not true, and orders the dismissal of the old case annulled and the case reinstated.

In the matter of the assignment of Alexander Fraser, Judge Moer has made an order limiting the time in which to file claims to March 9.

STATE ELEVATOR

The Nelson Bill Allowing the Building of a State Elevator at Duluth Reported Without Recommendation.

Bill Introduced to Amend the Law Fixing Terms of Court in Eleventh Judicial District.

Representative Smith of Duluth in His Seat His Hand Being Lacerated and Much Better.

Governor Clough Declined to Send to the Senate the Report of the Capitol Experts.

ST. PAUL, Feb. 15.—A big grist of petitions on various subjects took up the first half hour of today's session in the house. Mr. Underlen, from the judiciary committee, reported for indefinite postponement the Johns' chattel mortgage publication bill, being identical with another bill heretofore favorably reported. The printing committee favorably reported the Anderson bill defining a legal newspaper, being intended to cover the case of the burned out Hinkley newspaper. The same committee reported a substitute for the Grondahl bill to require publication of financial reports of towns and villages, which was one of the editorial association bills.

Mr. Robbins favorably reported from the appropriations committee the McGrath bill appropriating \$100,000 for additional drainage in the Red River valley. E. C. Johnson, from towns and counties committee, reported favorably house bills 283, 286, 255 and senate bill 3, all being local bills. Chairman Lockwood from the temperance committee, favorably reported the bill allowing civil suits for damages by the sale of liquor; also several other bills in regard to licenses and distribution of license money.

Chairman Cant, of municipal legislation committee, reported an amendment to the Schurmeier bill bill allowing issuance by cities of certificates of indebtedness and that it be referred to Ramsey county delegation. Speaker Van Sant's bill for building school houses by cities had the same report from the same committee, which indefinitely postponed the Kauten bill permitting cities to amend their charters.

Assembly bills, from the grain and warehouse committee, reported without recommendation the Nelson bill authorizing the building of warehouses at terminals by the state, introduced by Sanders, was adopted. Mr. Staples introduced a resolution directing the chief clerk to purchase badges for members so that they could be distinguished from the crowd when on junketing trips. Mr. Gibbs gave notice of debate and the resolution was put over. The following were introduced:

Mr. Johns, joint memorial, asking congress to pass the bill protecting post-office employees from summary dismissal. Judiciary.

Mr. Robbins, appropriating \$200 to distribute the history of Minnesota in the civil war. Appropriation.

J. M. Smith, amending the law fixing the terms of court in the Eleventh judicial district, holding as follows: In Carlton county, first Tuesday in April and third Tuesday in October; in St. Louis county, first Wednesday in January, March, May, September and November, but none in March 1895. The bill went to the judiciary committee.

Mr. Sedertberg, submitting county improvement bonds to a vote of the people. Towns and counties.

Mr. Sander, regulating license for sale of cigarettes. Temperance.

I. N. Jones, by request, providing for reargument of criminal causes before the supreme court. Judiciary.

Mr. Lockwood, establishing a state normal school at Pipestone and appropriating \$10,000 for the building. Normal schools.

Henry Johns presented a long communication reciting the organization of the John Brown Monument association and extending an invitation to the legislature to attend a mass meeting of the new association at Market hall Feb. 21. The invitation was accepted.

After second reading of house and senate bills and the passage of a local bill for Blue Earth county a recess was taken until 2 o'clock, when four bills of minor interest were passed.

Representative Smith, of Duluth, was in his seat today for the first time for several days, his hand being much better. It was lacerated yesterday. Just before the recess Speaker Van Sant announced Representative Jacobson, Drogman, Dore, R. H. Kelly and E. C. Johnson, as the committee to investigate salaries and fees of state officers.

DOINGS OF THE SENATE.

Governor Clough Refused to Send in the Capitol Experts' Report.

ST. PAUL, Feb. 15.—Governor Clough this morning sent in a communication to the senate declining to send in the report of the capitol experts to the senate. The governor suggests that the senate appoint a committee of not more than fifteen to examine the documents and report.

(Continued on page 3.)

INDICTMENTS AT BROOKLYN.

Street Railway Men Charged With Violating the Ten-Hour Law.

BROOKLYN, Feb. 15.—The grand jury this morning passed indictments against Benjamin Norton, president of the Atlantic Railway company, and Superintendent Daniel J. Quinn, charged with violating the 10-hour law.

The indictments were found upon the testimony of James Dwyer and Jeremiah Desmond, both strikers, who alleged that two days prior to the beginning of the strike they had been obliged to work more than ten hours within the twelve hours as specified by the law.

Judge Moore insisted that the defendants should be present and adjourned the matter, fixing the bail until 10 o'clock tomorrow, when counsel was notified to have both Mr. Norton and Mr. Quinn in court. The offense with which they were charged is punishable with a fine of \$500, one year's imprisonment, or both.

The grand jury also found indictments against twenty seven persons for felony and riotous conduct during the strike. The prisoners when arraigned pleaded not guilty and were remanded for trial.

MARSHAL DICK O'CONNOR

The St. Paul Political Boss is Rewarded by Appointment as United States Marshal for Minnesota.

WASHINGTON, Feb. 15.—The president has sent the following nomination to the senate: Richard T. O'Connor, of Minnesota, to be marshal of the United States for the district of Minnesota.

It Surprised Baldwin.

WASHINGTON, Feb. 15.—[Special to The Herald.]—The appointment of Richard O'Connor as marshal for Minnesota is a surprise. It was the general opinion that Maj. Baldwin would be appointed marshal. As previously telegraphed The Herald, Maj. Baldwin had been urged by Secretary Smith to accept the chairmanship of the Chippewa Indian commission but did not care very much for the place. Even now he has not made up his mind to accept.

"The appointment of O'Connor as marshal is the most astonishing information made by this administration," Maj. Baldwin said, "I do not think he is a suitable man for the place." Senator Davis, however, thinks O'Connor will make a good marshal, and that there will be no opposition to his confirmation in the senate.

"Dick" O'Connor, otherwise known as "the cardinal," has been the Democratic boss of Ramsey county for a number of years. He is the leader of what was known as "the city hall gang," which has been in control of the Democratic machine in that county for many years, and is recognized as an astute politician.

He held the office of clerk of the district court for several terms and declined a nomination last fall. Michael Loran urged his appointment as United States marshal, when it became evident that W. M. Campbell would not be confirmed.

A PLUM FOR THE MAJOR.

The President Has Appointed Maj. Baldwin to be Chairman of the Chippewa Indian Commission.

WASHINGTON, Feb. 15.—The president has appointed the Right Rev. Bishop Henry B. Whipple, of Minnesota, a member of the board of Indian commissioners.

Melville R. Baldwin, of Duluth, Minn., has been appointed a commissioner to negotiate with the Chippewa Indians in Minnesota. Mr. Baldwin is appointed chairman of the commission.

THE L. A. W. ANNUAL.

Many Changes Expected to Be Made in the Constitution.

NEW YORK, Feb. 15.—Great interest is manifested in the annual meeting of the L. A. W. which will be held in this city next Monday. It is expected to be the most important meeting ever held in the league's history. Plans will be devised for the improvement and growth of the organization and amendments to the constitution have been proposed and will be acted upon.

In consequence of the many changes suggested it is thought that the session will consume about two days, as much discretion will have to be exercised in order to accede to the demands of all dividers and still maintain harmony.

PERISHED IN A BLIZZARD.

A Band of 2500 Sheep and a Herder Extremated.

HELENA, Mont., Feb. 15.—News has reached here of the total extermination of a band of 2500 sheep belonging to Helena men and the death of Eugene Watts, one of the herders, in a blizzard near Oka, a few days ago.

The weather had been warm in the afternoon and the blizzard struck them without a minute's warning. Watts was near his shed and if he had had ten minutes he would have saved himself. The efforts of other herders were futile, so furious and sudden was the storm.

STEAMER BURNED.

WASHINGTON, Feb. 15.—The Lady of the Lake, one of the oldest steamers on the Pacific coast, came on fire this morning at her wharf in this city. The vessel was the property of the People's Transportation company, a negro excursion organization. Loss, \$30,000.

This is More Civilized.

JEFFERSON CITY, Mo., Feb. 15.—The Missouri senate has gone on record as opposed to the old vagrancy law under which counties have been disposing of public sale of convict vagrants. It has passed a bill repealing that section of the law and leaving to cities and towns the right to punish vagrants only by imprisonment.

THE PRINCE OF WALES' LEAVE.

LONDON, Feb. 15.—The prince of Wales held his first levee of the season at St. James palace this evening. Notwithstanding the weather was intensely cold and a slight snowstorm prevailed, the levee was largely attended.

THE SUGAR BILL.

WASHINGTON, Feb. 15.—The senate finance committee has agreed to report favorably the house bill repealing the one-tenth of a cent discriminating duty on sugar imported from bounty-producing countries.

ATTACKS BLIXT

The Defense in the Hayward Murder Trial Making an Effort to Impeach Blixt's Testimony.

Harry Hayward Declares That Some Facts Will Be Brought Out That May Astonish People.

The Crowds at the Trial Are Somewhat Diminished But Morbidly Curious Woman Still Attend.

Joseph Till and J. Balach Arrested at Pembina For Murder and Mrs. Miller As Accomplices.

MINNEAPOLIS, Feb. 15.—The defense this morning in the Hayward murder trial resumed its efforts to impeach the testimony of Claus Blixt, the particular line of attack being against the story Blixt told on the stand of having gone to see some acquaintances in South Minneapolis immediately after the commission of the crime. The evidence of Ole Thorsen, his wife, and Mary Larson, established at least a doubt that Blixt visited the house on Twelfth avenue south which he claimed to have visited that night.

Harry Hayward said this morning that the absence of any distinct line of defense in the opening speech of John Day Smith yesterday was by no means an indication of weakness, as the public seemed to think.

"Do you mean by that to indicate that there is sensational evidence to come?" "That is just what I mean," replied the accused. "There will be some facts brought out that may astonish people."

The crowds in attendance have diminished somewhat in size, but are made up of the usual proportion of women who exhibit the most morbid curiosity, and even sympathy for the handsome defendant. Some of the petticoated contingent will go to any length to get a word with him or an autograph or a handkerchief for a souvenir.

MURDER AT PEMBINA.

Two Men and the Murdered Man's Wife Under Arrest.

MINNEAPOLIS, Feb. 15.—A special to the Journal from Pembina, N. D., says Joseph Till and J. Balach were arrested this morning for the murder of Adam Miller, whose body was found yesterday afternoon. The murdered man's wife has also been arrested as an accomplice. Till came with Miller's wife from Hungary a week ago.

Miller, when his body was first found yesterday, was thought to have been killed in a runaway, but a coroner's jury soon found the facts would not bear out that theory.

THE HOWARD BILL.

Chapter on the Police Adopted By the Committee.

ST. PAUL, Feb. 15.—The house committee on municipal corporations, at its session this morning, adopted chapter 7 of the Howard bill relating to the police department with no changes, except some minor ones in phrasing. The chief provisions of the chapter are that the police force, detectives and other employees are to be appointed by the mayor, but regulated by the council. The committee this afternoon took up the subject of charities.

Duluth Normal School.

ST. PAUL, Feb. 15.—The senate finance committee this afternoon heard arguments in favor of the Duluth normal school and adjourned until later in the day without final action on the bill. Senator Spencer looks for a favorable report.

Judge Ingalls Dead.

ST. PAUL, Feb. 15.—A North Branch special to the Dispatch says: The death of Judge E. C. Ingalls occurred this morning after a brief sickness. He was a brother of Edmond Ingalls, of Duluth.

THE LATEST FROM HAWAII.

No Executions Up to the Time the Mariposa Sailed.

SAN FRANCISCO, Feb. 15.—The steamer Mariposa from Honolulu arrived today with news that there have been no executions yet. The ex-queen's trial for misprision of treason is still pending. William France, charged with conspiracy, was the only man deported on the Mariposa.

On the Australia leaving Feb. 23, a number of others will be deported, including Peterson and Creighton, ex-cabinet officers, and Wardenburg, ex-postmaster general; V. V. Ashford and John F. Bowler have been found guilty of misprision of treason.

The government, just prior to the sailing of the Mariposa, decided to banish Carl Wideman, convicted of treason. He is a son of Judge Wideman, one of the ex-queen's commissioners to Washington.

John Cummins and Capt. Davies have pleaded guilty of treason.

The Prince of Wales' Levee.

LONDON, Feb. 15.—The prince of Wales held his first levee of the season at St. James palace this evening. Notwithstanding the weather was intensely cold and a slight snowstorm prevailed, the levee was largely attended.

The Sugar Bill.

WASHINGTON, Feb. 15.—The senate finance committee has agreed to report favorably the house bill repealing the one-tenth of a cent discriminating duty on sugar imported from bounty-producing countries.

MUST HAVE PERMITS

Chief Black Must be Consulted Before Any Electrical Wiring or Repairing Can be Done.

This is in Accordance With the New Ordinance Adopted by the Council in January.

All Wiring Must be Inspected When Completed and a Certificate That it is Satisfactory Procured.

If you do any electrical wiring now, even in the way of repairs to wiring already done, without getting a permit from Chief Black of the fire department, you will be liable to arrest and punishment.

That is a new wrinkle in municipal matters. As a consequence, it is unknown to the great mass of Duluth's citizens. The city council is responsible for it and the new regulation was put into effect by the body by means of an ordinance passed Jan. 21.

The ordinance establishes the office of electric inspector, and provides rules and regulations for electrical wiring and appliances. The chief engineer of the fire department is made the ex-officio electric inspector for the city.

That officer shall have power to regulate and determine the placing of electric light and power wires in all the buildings in the city, so as to prevent fires, accidents or injury to persons or property. In cases of insufficient or defective insulation, the inspector shall see that it is immediately remedied. When the wiring of a building is completed, the inspector shall be notified and he shall make an inspection. If all is as should be, he issues a certificate of satisfactory inspection. Any violation of this new ordinance shall be a misdemeanor and shall be punishable by a fine not exceeding \$100, or imprisonment not exceeding ninety days.

All electrical construction and all material and appliances used in connection with electrical work shall also be in conformity with the "National Code of Rules for Wiring Buildings for Electric Light and Power."

There are any number of buildings in the city improperly wired. This ordinance will make the cost of wiring much greater but will greatly decrease danger from fires. With the wiring of the city hall has all been done over. Hereafter it has been one of the poorest wired buildings in the city. It is only a short time since defective wiring on the Michigan street floor nearly caused a fire. An early discovery prevented any serious consequences.

SEARCHING FOR COAL.

A Party at Rainy Lake That Expected to Find Hard Coal.

County Commissioners Logan and Lydick, of Itasca county, have just returned from Rainy Lake, report that near Bailey's camp they found a prospecting for coal. They had been following up the indications for nearly two years and were satisfied that they had found a good one. Every prospect was that hard coal would be found. They had drilled with them and were thoroughly equipped for making a most complete exploration. The party is backed by Pennsylvania capital's.

Will Move the Office.
The Duluth South Shore & Atlantic road's general freight offices now located in the Union depot are to be removed to the Lyceum building. A suite of office rooms near the Duluth & Winnipeg offices has been obtained for that purpose. William Orr is general freight agent of both roads.

Policemen's Relief Association.
The Police Department Relief association has articles of incorporation ready for filing. The object of the association is the creation of a fund for the relief of sick, wounded or disabled policeman or their widows and orphans. The initiation fee is \$1 and dues \$5 per year. The officers are as follows: President, Chauncey Trover; vice president, Arthur Brigham; secretary, Capt. Reske; treasurer, John Kinney.

Railbone Sisters Dance.
A date was given at Odessa hall last evening by Railbone Sisters Temple, No. 10. It was a St. Valentine day party. Lunch was served at midday and the ladies were very good and all enjoyed themselves. Mrs. H. O. Swaine, Mrs. F. C. Wigginton and Mrs. Fory constituted the committee on arrangements.

F. H. Sigrist's Birthday.
Yesterday was F. H. Sigrist's thirty-eighth birthday and in the afternoon his friends, headed by John Christie, presented him with a fine set of Bulwer Lytton's works in thirteen volumes. To say that he was surprised would be mild. It was a pleasant affair on all sides.

When Baby was sick, we gave her Castoria.
When she became a child, she cried for Castoria.
When she had children, she gave them Castoria.

THAT PRINTING CONTRACT.

Corrected.

To the Editor of The Herald:
County Commissioner Dinham says in this morning's Tribune in regard to the awarded contract under discussion that "there is a good deal more to this question of county supplies than the people who are making a fuss about it think." I am inclined to believe there are two sides to Mr. Dinham's actions in regard to it, but there is but one side to the tax payers of Duluth and I want Mr. Dinham to prove to the contrary. The bids covered only such books as were enumerated on the list and none others outside of that. The contract does not say "and all other books required by the county during the year," but simply refers to the books on which bids were made. When a contractor agrees to build a house, it is not expected that he will build two and charge for the second what he may choose to put on.

Mr. Dinham also states the records in the county auditor's office show that the amount saved the county up to the present date by the acceptance of the bid of the St. Louis firm instead of that of Nugent & Brown is \$82.80. Mr. Dinham refers to the year's books and says, "Let him go on down the list; he will find us below on all other bids, which more than makes up for the above named sum." And Mr. Dinham goes on to state "the bid of Nugent & Brown contemplated only half Russia binding for the books furnished while the specifications called for full Russia binding in full Russia. This is false. Our bid included full Russia binding. We put in a bid for better binding than the specifications called for, and was identical the same as that of Bernard & Co. Each contracting firm had the same list of specifications. It is not within common sense to suppose we would bid on half Russia when we had the specifications before our eyes calling for full Russia binding.

Assuming that the bid of the St. Louis firm covered all the supplies of the year, which it did not, Mr. Dinham claims that it would save the county of St. Louis at least \$1000 and will probably run as high as \$1500. Does Mr. Dinham wish to imply that the printers and blank book men of Duluth would rob the county of that amount while the St. Louis firm would magnanimously present the county with \$1500? Your favors come high, Mr. Dinham.

Mr. Dinham goes on to say: "Books furnished three years ago for the year, are in better shape today than those supplied last year by a Duluth firm." As we were not a Duluth firm last year we will not assume that an insinuation was intended for us. We furnished books thirteen years ago and are in as good condition today as when they were made and this we can prove by an examination of our work. We have just as good workmen in our establishments as the St. Louis firm, or any other firm, as our work stands ready to prove.

To return to the point, the actual saving is only \$10, you cannot make it any more or less. The work is the same, there is no difference in class of work. In sending that work out of the county, it is a loss of hundreds of dollars to the workingmen and taxpayers of this county. You send that work out of the county, it certainly takes away that amount of money, it does not leave it here no matter how you try to get around it.

Again, in order to effect a saving of \$1000, the county is forced to pay to amount to over \$500,000 for the year, or \$75,000 for a saving of \$1500. Surely the county does not require that amount of blank books in one year, nor use any such sum. Mr. Dinham is way off in his arithmetic and certainly shows the absurdity of his statement.

A. E. NUGENT.
Duluth, Feb. 14.

An Unfortunate Action.
To the Editor of The Herald:
I read with pleasure your able editorial on the commissioners' "muddle," and I am glad to see that you are so quick to see the error of their ways. It would be a surprise, indeed, if the News Tribune did not take the stand on this question they did, for they could not consistently do otherwise. The proprietor of the morning paper travels in the same boat with Dinham et al, for the thousands of transfers used by the Duluth Street Railway company are furnished by a Minneapolis firm. The "maybe it's right and maybe it's wrong" article in yesterday morning's Tribune misleads all one.

But a word about this contract. When the present commissioners' board was organized Typographical union No. 136 appointed a delegation to wait upon the commissioners and see if they could not prevent the sending out of town of contracts for printing awarded to the county commissioners. Mr. Dinham received the delegation very courteously and promised that so far as lay in his power no contract would be given to an outside party, unless there was a big difference in the bids. Mr. Dinham is great in theory but fail in fulfillment.

But there is another reason why this action on the part of the commissioners is unfortunate. (Quite a number of men are unemployed in the city and have been so for the major part of the winter and pressure has been brought to bear on the council to have work on the gas and water plant started at once so as to give employment to the unemployed. Some of our merchants with a patriotic spirit, are donating leaves of bread to the poor, and yet the board of county commissioners have awarded \$500 worth of work to a St. Louis firm which ought properly to have gone into the pockets of Duluth working men and from them to the merchants of the city.

It is painful to see the way Dinham tries to wriggle out of the mess he has made for himself. There is not a word of truth in the statement that the county would save from \$1000 to \$1500 on this contract. Does Commissioner Dinham mean to insinuate that the printing offices in Duluth are unable to do as good work as this St. Louis firm?

This is a practical illustration of the innumerable of putting incompetent men into public positions without regard to qualifications. The county would save appointed to the city of Duluth by requesting the resignations of Mr. Dinham and those who voted with him. Discrimination against Duluth for any consideration, especially by her paid servants, don't go. I am, etc.,
PRINTER'S DEVIL.

NOTICE OF MORTGAGE SALE.

Default has been made in the payment of the sum of five hundred forty-four and 3/4 dollars, which amount is claimed to be due, and is due, owing and unpaid at the date of this notice upon a certain mortgage containing a power of sale duly made and delivered by Matthew B. Harrison and Lucy Gray Harrison, his wife, to American Loan and Trust Company bearing date the first day of May, 1901, and duly recorded in the office of the register of deeds in and for St. Louis County, Minnesota, on the 7th day of November, 1901, at 10 o'clock a. m. in Book 12 of miscellaneous records, on pages 424-425, a copy of said assignment duly certified by the clerk of the court of said county having been filed and recorded in the office of said register of deeds on the 12th day of July, 1901, at 11 o'clock a. m. in Book 1 of miscellaneous records on pages 212-213, and in the office of said register of deeds on the 12th day of July, 1901, at 11 o'clock a. m. in Book 1 of miscellaneous records on pages 212-213. And whereas said default is a default in the payment of the conditions of said mortgage, and no action or proceeding at law or otherwise has been instituted to recover the debt secured by said mortgage or any part thereof;

Now, therefore, notice is hereby given that by virtue of said power of sale and pursuant to the statute in such case made and provided, the said mortgage will be foreclosed by a sale of the premises therein described and situate in the county of St. Louis and state of Minnesota, to-wit: Lot number seventy-two (72), in Harrison's Brookside Division of Duluth, according to the recorded plat thereof, which premises will be sold by the sheriff of said St. Louis County, Minnesota, at the front door of the court house of said county in the city of Duluth in said county and state, on Saturday, the 23rd day of March, 1902, at 10 o'clock in the forenoon of said day, to the highest bidder for cash, to pay the debt secured by said mortgage, together with twenty-five dollars attorney's fee, contained in said mortgage to be paid in case of foreclosure and the disbursements allowed by law, subject to redemption at any time within one year from date of sale as by law provided.

Dated February 1st, 1902. WILLIAM E. RICHARDSON, As Assignee of American Loan and Trust Company.

FRANK A. DAY, Attorney, Duluth, Minnesota. Feb 1-15-22-Mch 1-5.

NOTICE OF MORTGAGE SALE.

Default has been made in the conditions of a certain mortgage containing a power of sale duly made and delivered by Charles E. Shannon and Martha D. Shannon, his wife, to American Loan and Trust Company, bearing date the 21st day of December, 1892, and duly recorded in the office of the register of deeds in and for St. Louis County, Minnesota, on the 7th day of November, 1893, at 10 o'clock a. m. in Book 12 of miscellaneous records, on pages 424-425, a copy of said assignment duly certified by the clerk of the court of said county having been filed and recorded in the office of said register of deeds on the 12th day of July, 1901, at 11 o'clock a. m. in Book 1 of miscellaneous records on pages 212-213. And whereas said default is a default in the payment of the conditions of said mortgage, and no action or proceeding at law or otherwise has been instituted to recover the debt secured by said mortgage or any part thereof;

Now, therefore, notice is hereby given that by virtue of said power of sale and pursuant to the statute in such case made and provided, the said mortgage will be foreclosed by a sale of the premises therein described and situate in the county of St. Louis and state of Minnesota, to-wit: Lot number two (2) in block number ten in Summit Park Division of Duluth, according to the original recorded plat thereof, which premises will be sold by the sheriff of said St. Louis County, Minnesota, at the front door of the court house of said county in the city of Duluth in said county and state, on Saturday, the 23rd day of March, 1902, at 10 o'clock in the forenoon of said day, to the highest bidder for cash, to pay the debt secured by said mortgage, together with twenty-five dollars attorney's fee, contained in said mortgage to be paid in case of foreclosure and the disbursements allowed by law, subject to redemption at any time within one year from date of sale as by law provided.

M. S. Burrows & Co

WAS AGAIN QUASHED.

Judge Ensign Sustained the Demurrer Entered By A. G. Highton to the Indictment Against Him.

His Case Was Immediately Returned to the Grand Jury and Another Bill Was Brought in.

Suit For Fifty Thousand Dollars Damages Against George Cheesborough and Alfred Merritt on Trial.

Judge Ensign this morning announced his decision in the Highton case in which a demurrer to the indictment was argued and submitted to him Wednesday. The decision knocked out the indictment, not on the grounds presented by the demurrer, but because it failed to sufficiently outline the circumstances surrounding the alleged crime, and thus failed to state a cause of action. But the noted high roller did not go free, for the court ordered the case back to the grand jury for another attempt, and Mr. Highton remained in duress meanwhile.

At noon the grand jury came in again with another indictment, the third (four) against the prisoner, and presented it for the court's approval. It was much longer than the old one, and fully detailed the manner in which Highton is said to have gained the confidence of W. S. Whitten and secured a special train for the Twin Cities. He has not yet been arraigned on this.

At the same time the jury brought in another indictment which was withheld because the parties were yet at large. The Great Western matter has been on for a day or two and as that has been finished a guess that this indictment is against the men concerned in the Great Western case would not be hazardous. The grand jury adjourned at noon until tomorrow, when it will probably finish up its work.

Yesterday Moses Cook pleaded not guilty to a charge of grand larceny in the second degree today and Dewar, indicted twice each for forgery, were given one day to plead, and they will do so this afternoon at 5 o'clock. Their attorney demurred to the second indictments against them on the ground that indictments for similar offenses were already pending, and the county attorney dismissed the first indictments.

Important Suit on Trial.
Judge Lewis at noon was trying the last but one of the jury cases, and it was one of the most important of the term. John Helmer and others alleged that sometime ago they made a contract with Alfred Merritt and George S. Cheesborough by which the former were by performing a certain amount of work on iron lands in 1916 and paying a certain amount of money to receive an interest in options for leases on the lands. They assert that the work was performed and \$1500 paid, but that they never received their interest in the options. They ask for \$50,000 damages.

The defendants claim that they assigned the required interests to the plaintiffs, and that they did not accept them. In the case of John Chesser against the Franklin Iron Mining company, the jury yesterday returned a verdict of \$25,000 for Chesser. The jury in the Timlin case was sent out this morning. Later it came in again for instructions, and was still out at noon.

The jury in the case of Robert Fitzgerald, as assignee for Simon Clark & Co., against the State bank, this morning returned a verdict for the full amount, \$39,901, under instructions from the court. Judge Moser decided that the bank had no right to hold money in trust to it as agent upon notes held by the bank.

Judge Moser has heard about fifteen cases this term, and but one has gone to the jury. In the majority of the others verdicts were rendered under instructions.

Monday morning the trial of the criminal cases in room No. 1 by Judge Ensign, and the other courts will commence on the trial of court cases. The first case on call for next week, M. W. Bates against the B. B. Richards Lumber company, is a jury case which is now on for its fourth trial and it will take a couple of days.

Following is the call of court cases for next week:

Monday—18, 9, 10, 11, 12, 13, 15, 17, 19, 22, 23, 24, 25.

Tuesday—28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 43, 44, 50.

Wednesday—52, 57, 60, 62, 63, 65, 66, 67, 70, 73, 76, 77, 78.

THE COURT FILINGS.

Suit Against N. J. Upham and A. C. Otis to Recover Title to Land.

E. W. J. H. and J. H. Kingsley, C. M. Wright and A. J. Jewett have sued N. J. Upham and A. C. Otis for \$11,400.

It is alleged that in 1890 plaintiffs purchased for \$16,000 some Douglas county acre property, paying \$5000 and assuming a mortgage of \$7000. It is alleged that the defendants had no title to the land in any way, and the suit is to recover the amount paid with interest.

From the reply it appears that defendant's title was lost through contests.

C. W. Clark has filed a similar suit for the same amount against the same parties.

The assignee for W. O. Tillotson has been allowed by stipulation to pay a dividend of 65 per cent, and to receive fees of \$1000 and attorneys' fees of \$1250.

Died.
Feb. 14, 1895, Ruland Highton, mother of Mrs. J. B. Stevens and Mrs. A. L. Wallace. Funeral Saturday, at 2 p. m., from 101 West Fifth street.

YET UNDAUNTED

The Defense in the Hayward Trial Came Up Smiling After Liveryman Wilson's Staggering Blow.

Still Confident of Being Able to Completely Shatter the Evidence Given by Claus Blixt.

The Witness Expected to Do This Prevented by a Temporary Ruling by the Court.

Medical Experts on the Stand Giving Opinions on the Fractures of Miss Gling's Skull.

MINNEAPOLIS, Feb. 16.—The defense in the Hayward murder trial came up smiling this morning after the staggering blow dealt it yesterday by Liveryman Wilson's evidence. The reason for the smiles lay in the confidence that the first witness this morning would completely shatter the evidence of Claus Blixt by her testimony. But there was a slight slip in the calculations of Mr. Erwin that prevented for the time the full fruition of his hopes.

The witness was Miss Maggie Wachter, who is the stenographer of Blixt's attorney. On the day before Christmas the attorney took her into Blixt's cell for the purpose of taking down a statement from the prisoner. No one else was present at the time, and she took down such words as the attorney directed.

Erwin then read from a statement imputed to Blixt, saying that he and Adry Hayward had planned the murder and

in the middle of Kenwood boulevard and just crossing Lyndale and the rig turned right in aside of the witness and drove with him about two blocks. He then drove home.

"How many were there in the rig?" asked Nye.

"Two," said Wilson, "a man and a woman."

"Did you know them?" asked Nye.

"I knew the woman," said Wilson.

"Who was it?" asked Nye.

"Miss Gling," said Wilson.

"Did you know the gentleman?" asked Nye.

"No, sir," said Wilson.

"What time was it?" asked Erwin.

"It might have been 7:20," said Wilson.

"Are you sure that's the man?" asked Nye.

"Well, I saw him as plain as I see you now. The moon was shining full in my face."

"Did you see Blixt there?" asked Nye.

"No, sir," said Wilson.

"Did you see him anywhere on Hennepin?" asked Nye.

"No, sir," said Wilson.

"What kind of a hat did he have on?" asked Nye.

"A brown stiff hat," said Wilson.

"And you recognized him by the hat?" asked Nye.

"No, sir," said Wilson.

"By the hat?" asked Nye.

"No, sir," said Wilson.

"By his hat?" asked Nye.

"No, sir," said Wilson.

"Now, you wanted to create a dramatic surprise, did you, when the witness was waiting to find out about it?" asked Nye.

"No, sir," said Wilson.

"No, sir," said Wilson.

"No, sir," said Wilson.

"No, sir," said Wilson.

"No, sir," said Wilson.

"No, sir," said Wilson.

"No, sir," said Wilson.

MERRITT'S SUIT.

Depositions Being Taken in New York in the Great Suit of Merritt Against Rockefeller.

Alfred Merritt and His Attorney, Col. Harris, Are There Looking After Securing the Testimony.

Officers of the Spanish-American, Penokee and Gogebic Companies Give Important Testimony for Merritt.

The Companies Were Insolvent When Rockefeller Entered Into the Agreement With the Merritt Brothers.

NEW YORK, Feb. 16.—The World this morning says: "Depositions are being taken in this city in the great suit brought by Alfred T. Merritt against John D. Rockefeller, mine owner and president of the Standard Oil company. The suit is to recover \$1,250,000. This is merely a preliminary suit and should it succeed others will immediately follow, involving many millions of dollars."

"It is alleged that Rockefeller and his agents induced several successful iron mining companies in Minnesota to consolidate with companies controlled by him. He is accused of selling this stock to the new company for first mortgage bonds of the full value claimed, thus obtaining control of the bona fide stock."

"This action is now pending in the United States circuit court of Duluth. For the past two or three days Alfred Merritt and his lawyer, A. A. Harris, have been in the city taking depositions in favor of the plaintiff before B. W. J. Fox, notary public, at the office of Judge Dillon. The deposition of Charles F. Rand, late an officer of both the Spanish-American and the Penokee and Gogebic companies and now receiver for the latter in a suit brought in the federal court of Wisconsin to foreclose a mortgage executed by that company, has already been taken; also the deposition of Charles L. Colby, who has been connected with both companies."

The sworn testimony of these men, amounting each to fifty or sixty pages, discloses that on Aug. 28, 1893, and for some months prior to that date, when the plaintiff and his brothers were induced to enter into the agreement with Rockefeller both these companies were insolvent; that they had borrowed large sums of money they could not and had not paid; that all the property and effects were covered by mortgages, and that John D. Rockefeller himself held their paper to the extent of several thousand dollars."

"These depositions further state that although these companies were organized four or five years ago with a very large capital stock, not one cent of dividend had they paid. A reporter called on Mr. Rockefeller last night, but it was said at his house that he was out of town. Lawyer A. A. Harris, of Duluth, expects to have his case completed and to present it at the May session of the federal court."

Professor Albert E. Menke, of the Kentucky state agricultural college, Lexington, writes: "I have found on examination Dr. Price's baking powder to be the strongest and most wholesome."

M'BRIDE IS EXONERATED.

Acquitted of the Charge of Corruption Made by Mark Wildt.

COLUMBUS, Ohio, Feb. 16.—John McBride today by the unanimous report of the committee of fifteen was reported to have been not guilty of the charge of corruption in connection with the Hocking Valley railroad strike. The committee's report said that Mark Wildt, the railroad man, who preferred the charges, is a demagogue and self-confessed corruptionist.

Thereupon a resolution was adopted extending a vote of confidence to John McBride and ordering Wildt to leave the hall. Mr. Wildt endeavored to obtain the floor, but the demonstrations against him were so pronounced that the presiding officer advised him to withdraw immediately and he did so.

The convention then elected P. H. Penna, of Indiana, president; Cameron Miller, of Ohio, vice president, and re-elected Patrick McBride, secretary-treasurer. These elections were a complete vindication of the men who acted on behalf of the miners in the settlement of the strike last summer.

FOUR INDICTMENTS REPORTED.

Ex-Mayor Gilroy, Inspectors Williams, McAvoy and McLaughlin Named.

NEW YORK, Feb. 16.—Officials of the district attorney's office were mute today when asked as to the truth of a story that ex-Mayor Gilroy, Inspectors Williams, McAvoy and McLaughlin had been indicted by the extraordinary grand jury which yesterday adjourned till March 4. Assistant District Attorney Lindsay refused absolutely to discuss the matter.

No indictments were handed into Justice Ingraham yesterday when the grand jury adjourned, and it is not considered likely that they will be handed up before the grand jury reconvenes on March 4.

DOINGS OF THE SENATE.

Potter's Resolution as to Appropriation Bills Was Tabled.

ST. PAUL, Feb. 16.—In the senate today Senator Potter called up his resolution (Continued on page 3)

Late Chemist to the Minn. State Dairy and Food Dep't.

COLD IN ENGLAND.

The Severe Weather in Great Britain is Having a Serious Effect in All Sections.

Nearly Two-Thirds of the Houses in London Entirely Without Their Usual Water Supply.

Skaters Never Had Such an Opportunity and the Sports on Ice Having a Boom.

[Copyrighted, 1895, by the Associated Press.]

LONDON, Feb. 16.—The continued cold weather in Great Britain is having a most serious effect in all parts of the country.

Aside from the suffering involved, the low temperature has caused a practical standstill of all horse training operations and hunting during the last six weeks. A number of important race meetings, including the big military steeplechase at Sandown Park, fixed for yesterday, and the Manchester February meeting had to be entirely abandoned.

One distressing feature of the season is that fully two-thirds of the houses in London are entirely without their usual water supply in consequence of the freezing of the water. An extraordinary scene was witnessed on Wednesday last in front of the Mansion house, the official residence of the lord mayor, in connection with the intensely cold weather. A large number of persons gathered there, in consequence of the circulation of a false report that the lord mayor had issued a proclamation warning the citizens of London of the near approach of a furious blizzard, which would impede all traffic and cause a cessation of business.

It was also reported that the proclamation urged the people to provide themselves with a full stock of provisions for three days, in order to be prepared for any emergency, and also warned all citizens to be within the doors of their residences before midnight on Thursday in order to escape being overtaken by the elements.

Skaters, however, in England have never had such an excellent opportunity for indulging in sport on the ice, and the lakes and ponds, all of which are frozen over, are crowded day and night. The interest of society has centered in the Dutch skating, which has been held on the lake in Buckingham palace gardens, and at which the prince of Wales and his unmarried daughters, the Princess Victoria and Marie, the duke and duchess of York, Princess Henry of York, Prince Henry of Pleas, who is a beautiful skater, Lord Marcus Beresford, Sir Francis Edmund George Astley Corbett, son of the prince of Wales's friend, the late Sir John Dugdale-Astley, the noted patron of sports, and numbers of other prominent persons were in daily attendance.

Hockey matches on the ice, beginning at 3 o'clock in the afternoon and lasting until 5 o'clock in the evening, are popular. The matches were served, have been the feature of these parties. The most notable match was played on Thursday afternoon between teams captained by the prince of Wales and Francis Mildmay, M. P., the side captained by the prince winning by a score of 5 to 3. On this occasion the prince of Wales was also present and took great interest in the game. The royal ladies and their party paid no heed whatever to the intensely cold weather which prevailed; the mercury being 4 degrees below zero.

The queen, who is coming to London on Monday from the Isle of Wight, has issued orders that certain members of her court shall be invited to witness the sports on the Buckingham palace grounds.

Four Prisoners Shot. ATORONITO, Mex., Feb. 16.—Four of the prisoners implicated in the Scott camp shooting affair were shot this morning by order of Capt. Frago. They made a break for liberty and he gave the order to fire, with the result indicated.

A Capsized Schooner. SAN FRANCISCO, Feb. 16.—The steamer Umattila, which arrived from Puget Sound yesterday morning, reported passing a capsized schooner off Point Reyes. The identity of the wrecked vessel could not be made out.

A Railroad Sold. DENVER, Feb. 16.—The News announces that Col. John C. Montgomery has negotiated a sale of the Florence & Cripple Creek railroad to a Boston syndicate for \$2,000,000. The names of the purchasers are not given.

Convicted of Murder. ALBANY, N. Y., Feb. 16.—The conviction of William Lake for the murder of Emma Hunt, who was in the employ of Farmer Vancamp as domestic and companion, ends one of the most sensational murder cases in Orleans county in years.

Dying From Cold. ALBUQUERQUE, N. M., Feb. 16.—The ground is covered with snow four to six inches deep, and many sheep are dying on the mountains and plains from the cold and lack of food.

Purify your blood, tone up the system, and regulate the digestive organs by taking Hood's Sarsaparilla. Sold by all druggists.

Mrs. Emily Thorpe, who resides at Toledo, Wash., says she has never been able to procure any medicine for rheumatism that relieves the pain so quickly and effectually as Chamberlain's Pain-Exterminator and she has also used it for me back with great success. For sale by all druggists.

Professor R. Ogden Doremus, of Bellevue Medical college, New York city, reports: "I find Dr. Price's cream baking powder composed of pure materials and compounded on correct scientific principles. Its yield of carbonic acid gas is greater than that of any other powder."

Senator Hill on Silver. SANTA FE, N. M., Feb. 16.—Under date of Feb. 8, Senator David B. Hill writes to ex-Governor L. Bradford Prince, of Santa Fe, congratulating him upon his addresses on bi-metalism delivered before the transmission of congress at its recent session in St. Louis saying: "You are right in saying that the cause of bi-metalism needs an educational sentiment in the East. That is the need of the hour."

Supreme Court Decisions. ST. PAUL, Feb. 16.—The supreme court handed down two decisions yesterday, both opinions being written by Chief Justice Starbuck. The first was in the case of Johanns v. Finch vs. the Grand Grove of Druids, in which the findings of the trial court are sustained, and the other in the case of the recovery of James H. Bishop & Co. in which the order is modified.

Not a Valid Objection. WASHINGTON, Feb. 16.—Representative Dingley, of Maine, says the point raised in two ways and means ways and means in the Paris arbitration and the government's contract with the Alaskan Commercial company are bars to the adoption of his resolution for the annexation of the Lering sea seals does not constitute a valid objection to the resolution.

Race War in Texas. SAN ANTONIO, Feb. 16.—A race war that is attracting much attention in South Texas is being waged at Uvalde, the county seat of Uvalde county, west of here, between the white and Mexican patrons of the public schools, because the school trustees permit the Lering sea seals does not constitute a valid objection to the resolution.

He Furnished "Straw Ball." CHICAGO, Feb. 16.—Attorney Joseph A. Nealy, who furnished "straw ball" for Howard K. Cavella, the alleged matrimonial swindler, is in jail in default of \$10,000 bonds in which he has been held by Judge Chetlain to answer to the grand jury.

Four Prisoners Shot. ATORONITO, Mex., Feb. 16.—Four of the prisoners implicated in the Scott camp shooting affair were shot this morning by order of Capt. Frago. They made a break for liberty and he gave the order to fire, with the result indicated.

A Capsized Schooner. SAN FRANCISCO, Feb. 16.—The steamer Umattila, which arrived from Puget Sound yesterday morning, reported passing a capsized schooner off Point Reyes. The identity of the wrecked vessel could not be made out.

A Railroad Sold. DENVER, Feb. 16.—The News announces that Col. John C. Montgomery has negotiated a sale of the Florence & Cripple Creek railroad to a Boston syndicate for \$2,000,000. The names of the purchasers are not given.

Convicted of Murder. ALBANY, N. Y., Feb. 16.—The conviction of William Lake for the murder of Emma Hunt, who was in the employ of Farmer Vancamp as domestic and companion, ends one of the most sensational murder cases in Orleans county in years.

Dying From Cold. ALBUQUERQUE, N. M., Feb. 16.—The ground is covered with snow four to six inches deep, and many sheep are dying on the mountains and plains from the cold and lack of food.

Purify your blood, tone up the system, and regulate the digestive organs by taking Hood's Sarsaparilla. Sold by all druggists.

Mrs. Emily Thorpe, who resides at Toledo, Wash., says she has never been able to procure any medicine for rheumatism that relieves the pain so quickly and effectually as Chamberlain's Pain-Exterminator and she has also used it for me back with great success. For sale by all druggists.

Professor R. Ogden Doremus, of Bellevue Medical college, New York city, reports: "I find Dr. Price's cream baking powder composed of pure materials and compounded on correct scientific principles. Its yield of carbonic acid gas is greater than that of any other powder."

Senator Hill on Silver. SANTA FE, N. M., Feb. 16.—Under date of Feb. 8, Senator David B. Hill writes to ex-Governor L. Bradford Prince, of Santa Fe, congratulating him upon his addresses on bi-metalism delivered before the transmission of congress at its recent session in St. Louis saying: "You are right in saying that the cause of bi-metalism needs an educational sentiment in the East. That is the need of the hour."

Supreme Court Decisions. ST. PAUL, Feb. 16.—The supreme court handed down two decisions yesterday, both opinions being written by Chief Justice Starbuck. The first was in the case of Johanns v. Finch vs. the Grand Grove of Druids, in which the findings of the trial court are sustained, and the other in the case of the recovery of James H. Bishop & Co. in which the order is modified.

Not a Valid Objection. WASHINGTON, Feb. 16.—Representative Dingley, of Maine, says the point raised in two ways and means ways and means in the Paris arbitration and the government's contract with the Alaskan Commercial company are bars to the adoption of his resolution for the annexation of the Lering sea seals does not constitute a valid objection to the resolution.

Race War in Texas. SAN ANTONIO, Feb. 16.—A race war that is attracting much attention in South Texas is being waged at Uvalde, the county seat of Uvalde county, west of here, between the white and Mexican patrons of the public schools, because the school trustees permit the Lering sea seals does not constitute a valid objection to the resolution.

He Furnished "Straw Ball." CHICAGO, Feb. 16.—Attorney Joseph A. Nealy, who furnished "straw ball" for Howard K. Cavella, the alleged matrimonial swindler, is in jail in default of \$10

HIGH-WATER MARK.

The Weather.
U. S. WEATHER BUREAU, DULUTH, MINN.,
Feb. 16.—The barometer continues high in the
middle Rocky Mountain region; it has fallen in
all districts and most decidedly in Northwest
Montana, in front of a depression which is ad-
vancing southward over the province of
Alberta.
It is showing this morning in Eastern Tor-
onto, however, the weather has continued
fair except a "trace" of snow in Arkansas, but
the clouds are heavy in the Northwest.
Winds, the Dakotas, the Canadian North-
west and Northwest Minnesota, with a marked
rise in temperature since yesterday. In Mon-
tana it is from 25 to 30 degrees warmer.
The coldest weather reported at 7 a. m. was 3
below zero at Lander, Wyo.; it was 4 below at
La Crosse, 20 below at Havre, Mont.; above at
Fort Union and 22 below at Havre, Mont.;
where the temperature has risen 60 degrees in
twenty-four hours.
Duluth temperature at 7 a. m. today, 8 de-
grees above zero; minimum yesterday, 31 degrees
above zero; minimum yesterday, 3 degrees
above zero.

DELUTh, Feb. 16.—Forecast for Duluth and
vicinity till 7 p. m. tomorrow: Fair today;
snow Sunday; warmer tonight and Monday;
brisk southerly winds.
JAMES KENNELLY,
Local Forecast Official.

CHICAGO, Feb. 16.—Forecast till 3 p. m. to-
morrow: Fair today; fairer tomorrow;
light snow Sunday; local snow and rain;
fairer Monday; fairer Tuesday; increasing
outward winds.

Hawaiian Outrages.
A story which comes by way of San
Francisco today of the cruel treatment
and torture accorded by the Hawaiian
authorities to some of the men arrested
for participating in the recent uprising,
which has been magnified by some peo-
ple to the proportions of a rebellion, will
shock the whole civilized world. The
details of the treatment accorded to these
men read like an account of the practice
of the ancient inquisition in Spain, and
if the story is shown to be true it will place
the Hawaiian government in a very un-
favorable light before the rest of the world.

In view of these outrages, it will not be
astonishing if the sentences of death im-
posed upon some of the men who have
been convicted by a military tribunal of
treason should be carried out. A vigor-
ous protest should be made at once by
this country against the barbarous acts
which have been committed at Honolulu
in the name of the law, and President
Dole and his advisers should be given to
understand that the barbaric acts of their
subordinate officials will not be toler-
ated by the civilized world. If they are
wise, they will take instant steps to ex-
onerate themselves from all connection
with this shocking treatment of Amer-
ican citizens and by the exercise of
clemency in the case of those sentenced
to death they can do much to restore
their government to the place which it
formerly occupied in the regard of other
nations.

The great example which this country
set in its treatment of Jeff Davis and the
other leaders of the rebellion should be
an inspiration to the Hawaiian au-
thorities at this time. The stories which
now come from Honolulu are a disgrace
to any country which claims to be a free
republic. If the republic started by
President Dole and other foreigners in
Hawaii cannot be maintained except by
these outrageous methods, it were far
better that it should fall.

A Gothenburg Experiment.
An Ida Grove, Ia., dispatch yesterday
stated that an injunction has been
granted against the Gothenburg saloon
in that city, the only one of the kind in
the United States, on the ground that
the city ordinance under which it was
licensed is unconstitutional and invalid.
The injunction is only temporary, and
the question will probably be fought out
in the courts, but the presiding judge
was very explicit in pronouncing the
ordinance invalid. As it does not ap-
pear that the Ida Grove experiment was
being made in good faith, there will not
be much regret on the part of those who
favor the Gothenburg saloon system that
the injunction has been granted.

According to a statement made by a
correspondent of the Sioux City Trib-
une, who recently investigated the mat-
ter, the experiment was not made in good
faith, but instead of a solution of the
temperance problem being sought, the
primary object was to secure profit and
notoriety to those who launched it. The
legal proceedings were instituted by the
attorney of the law and order league at
Ida Grove, who represents the real tem-
perance element. Whether the injunc-
tion will be made permanent remains to
be decided, but in other respects than
legality the experiment was a failure.
According to the correspondent of the
Sioux City paper, there has not been the
financial return to the community prom-

ised, although the price of drinks has
been the same as that charged where
the saloon business has been in private
hands. The statement of the first month's
business shows that the bar took in
\$461.15, of which \$285.60 was profit. It
certainly cannot be claimed that the per-
cent of profit was a small one. Practi-
cally all of this \$285.60, in one way or an-
other, was absorbed by expenses. The
expenses foot up \$253.66, leaving only
\$31.94 on hand theoretically to be divided
between the city and the school board.
But as it further appears that the corpo-
ration has debts aggregating several
hundred dollars to be discharged be-
fore the community may derive any profit,
the chance of there being anything to
divide is exceedingly remote.

There is hardly enough information at
hand to definitely decide as to the moral
and temperance features of the experi-
ment. However, it is not claimed that
boot-legging in Ida Grove has by any
means been stamped out, and it is not
announced that any drug stores have
been closed. One reputable gentleman
from Ida Grove states that at no time in
recent years has there been more drunk-
enness in Ida Grove, and that the res-
trictions to prevent the sale of drink-
ing have proved wholly ineffective. There
is grave doubt whether the Ida
Grove Gothenburg saloon has lessened in
any way that which is called the saloon
evil. Indeed, all the bad features of the
saloon appear to have been retained,
masked under the guise of pre-
tended philanthropy.

A Biased News Report.
Evidence of the utter unreliability and
unfairness of the News Tribune's news
columns is furnished by the report of the
county commissioners' meeting given in
this morning's issue. Nearly a column
is devoted to an alleged account of what
took place at that meeting, and a speech,
purporting to be made by Mr. Nugent,
of Nugent & Brown, on the county book
contract, is given apparently verbatim.

The truth is that Mr. Nugent did not
make such a speech, and the whole re-
port is false from beginning to end.
Furthermore, there was no reporter of
the morning paper present at the meet-
ing. What was published was deliber-
ately concocted by the News Tribune,
and judging from the inaccuracies in the
information furnished by Commissioner
Dinham. He is the man who asserts
that the awarding of the contract to the
St. Louis firm effects a saving of \$1500,
while the actual difference between that
firm's bid and the next lowest bid by a
Duluth firm is only \$10.40.

The Herald had a reporter at the com-
missioners' meeting and presents to-
day an accurate and unbiased report of
what occurred.

Justice in New York city is decidedly
expensive. The seven supreme court
justices are elected for terms of fourteen
years at an annual salary of \$17,500; the
six judges of the superior court are
elected for terms of fourteen years, and
get \$15,000 per year; the six common
pleas judges receive \$15,000 per year for
fourteen years; the city court justices,
six in number, hold office for six years,
at \$10,000 per year; the eleven district
court justices are elected for six years,
at \$6,000 per year; the three judges of
general sessions receive \$12,000 per year
during fourteen-year terms; the fifteen
police justices, appointed by the mayor,
get \$8,000 per year for ten years. The
district attorney of New York city re-
ceives \$12,000 per year and six assistants
\$7,500 per annum each.

The cause of the recent cold snap has
been given away by the St. Paul Globe,
which says: "If the Boston papers do
not quit lying about the climate of Min-
nesota we will divulge the heretofore un-
published secret that the climate was all
right until a down-East 'frost' named
Washburn struck Minnesota about the
time of the senatorial election."

The New York police bill proposes to
call the head of the police force the
chief; to give him \$10,000 a year, and to
give him pretty well absolute power
over every one of the force under the
rank of captain. Why he should not
also have full power over the captains is
incomprehensible.

So far the defense in the Hayward

**No Drugs to CHEW
No Stems to SMOKE**

PUREST AND BEST.

**MAIL
POUCH
TOBACCO**

No Heart Palpitating
No Dyspeptic Aching

ANTI-DYSPEPTIC

murder trial has been unable to break
through the strong web woven by the
state. If public sentiment decided the
case, Harry Hayward would be sent to
the gallows, but you never can tell what
a modern jury will do.

The defeat of the Liberal party in
Great Britain at the next general elec-
tions seems certain. Mr. Gladstone was
able to hold the party together by a sort
of hero-worship that was possibly much
overdone, but Lord Rosebery is unequal
to the task.

The prospects of the Duluth normal
school bill are brighter. If all the mem-
bers of the legislature can be made aware
of the great merits of the measure, it will
be passed unanimously.

A writer in the Nineteenth Century,
who opposes the abolition of the house of
lords, remarks that it is "better to bear
the lords we have than to fly to others that
we know not of."

It is said that one result of "Fribby" is
to make it fashionable for women to
wear shoes that do not pinch their feet.
If this be true, it has accomplished some
good.

Bill Cook, one of the Southwestern
desperadoes, has been sentenced to
prison for forty-five years. He will
have a chance to die a good old man.

Mayor Strong, of New York, has
turned down Boss Tom Platt in the mat-
ter of municipal appointments. It is a
bad season for the political bosses.

The library left by Oliver Wendell
Holmes was less than \$1000 in value,
which is curious when we consider what
an omnivorous reader he was.

Dr. Parkhurst wants \$500 to lecture in
Cleveland on reform. Evidently he is
not in the reform business for his
health.

A political maxim (adaptation from
Heine): Forgive your enemies—after
they are hung.

The Brooklyn strike is over and yet it
is still on—that is not been formally
declared off.

Like a Child.
In mein gar du dumkles Leben—Heine
On my life's end and darkened
Once a sweet face shone in light;
Now the light is faded from me.
Deeper yet has grown the night.
When the children are in darkness,
Off with fears the shadows through
And the heavy heart is lightened.
Loud they sing their gladdest song.
I, a foolish child in darkness,
Bawled alone with children's art;
And the song, though sung but dimly,
Lifts the burden of my heart.—M.

At the Breakfast Table.
Detroit Free Press: Landlady—Well,
I must do something to keep the wolf
from the door.
Boarder—I don't know that it is alto-
gether necessary. Let him come in and
tackle one of your breakfasts, and I don't
think he will trouble you again.

A Woman in the Case.
Truth: Lawyer—You say the prisoner
stole your watch. What distinguishing
feature was there about the watch? Wit-
ness—It had my sweetheart's picture in
it. Lawyer—Ah! I see. A woman in
the case.

Professor John M. Ordway, of the Mas-
sachusetts Institute of Technology, re-
ports: "Dr. Price's cream baking pow-
der is free from all adulteration, harm-
less and pure. It is a good, intelligent
citizen of the right proportions."

Taxation of Church Property.
Manitowish, Wis. Chronicle (Dem.):
The law to tax church property which
has been introduced in the legislature is
not likely to pass and yet there is no bet-
ter reason for exempting church prop-
erty from taxation than there is for the
exemption of the property of a citizen
who is expending all his energies and his
earnings to make good, intelligent citi-
zens of his children. The exemption of
church property is indirectly an evasion
of the constitution which prohibits the
enactment of any law respecting the es-
tablishment of religion, as exemption of
church property from taxation is an in-
direct, though important, aid towards the
establishment of several religions. The
good that a church does should not
justify its being relieved from aiding in
the support of the government any more
than the good that a parent does in giv-
ing his children a training that will make
of them law-abiding citizens.

Mr. Kane Must Pay.
New York, Feb. 16.—By a decision
rendered today John Y. McKane, the ex-
chief of the Gravesend, who is serving a
long term of imprisonment in Sing Sing
for juggling with the registration lists of
Coney Island, must restore to its right-
ful owners an estate variously estimated
to be worth from \$150,000 to \$300,000.
The estate belongs to Katherine Bauer,
and her daughter Katie.

Wield Horseman Dead.
WORCESTER, Mass., Feb. 16.—Charles
F. Abbott, one of the best known horse-
men in America, died of pneumonia at
the city hospital last night after a brief
illness. He was 52 years old.

LONDON, Feb. 16.—A special dispatch
from St. Petersburg published here this
afternoon says that bad news has been
received again as to the health of the
czarewicz, Grand Duke George, the
brother of the present Czar Nicholas
and second son of the late czar Alex-
ander III. The czarewicz who is suffer-
ing from pulmonary trouble is said to
be expectorating blood and his condition
is regarded as alarming.

Hills Sliding Downward.
OAKLAND, Cal., Feb. 16.—Portions of
the Berryman hills, north of Berkeley,
are sliding toward the valley. About
five acres have shifted their position.
The foundations of the hills seem to be
solid enough. It is the adobe surface
about thirty feet in depth that is gradu-
ally descending.

**A BABY
CONTRADICTS THE DOCTORS.**
All Are Happy, Glad, and Well.
(SPECIAL TO OUR LADY READERS.)
The theories of physicians in regard
to female complaints suffer a "Water-
loo" very frequently, when sensible and
thinking women take matters into their
own hands.

Women are sometimes compelled to
act for themselves, because of the suffer-
ing forced upon them by incompetent
doctors, who are baffled by very simple
complaints, because they are not the
right sex to comprehend them.

Lillian E. Pinkerton, when she gave to
the world her Vegetable Compound,
lifted women from the darkness into
light. She placed within their reach a
quaranty, not only of health, but of dol-
ice and self-respect.

The following letter is a little story
where a "dear little boy" was the
"Waterloo."

"I have taken three bottles of your
Vegetable Compound, one package of
Santative Wash, one box of Liver Pills;
and now I have a dear little babe
four weeks old, and I am well. I have
to thank you for this."

I have spent
\$200.00 for doc-
tors' bills without
a cure. For my
cure I only spent
\$5.00.

I was once
a victim of fe-
male troubles
in their worst
form. I have
trouble, itching, lock-
down, catarrh of
the stomach, hysteria, and heart trouble,
fainting spells and leucorrhoea. Can you
wonder that I sing praises of a medicine
that has cured me of all these ills?"
Mrs. Geo. C. KIRCHNER, 351 Smedley
Ave., Brooklyn, N.Y.

applied, and then could not stand the
pain.

"My physician told me if I became
pregnant I would die. I had bladder
trouble, itching, lock-down, catarrh of
the stomach, hysteria, and heart trouble,
fainting spells and leucorrhoea. Can you
wonder that I sing praises of a medicine
that has cured me of all these ills?"
Mrs. Geo. C. KIRCHNER, 351 Smedley
Ave., Brooklyn, N.Y.

Swiftness.
Washington Star: "There's a good
deal that is well about Cholera Cadkins,"
said one girl.
"I replied the other, 'the only
trouble is that most of it has gone to his
head.'"

A Princess From Tahiti.
SAN FRANCISCO, Feb. 16.—San Fran-
cisco is entertaining a live princess. She
comes out of the wide Pacific—her realm
is an island in the South seas. The
Princess Ninio is a scion of the family
of Pomare, rulers in Tahiti for nearly
200 years, and is on her way to France.

A Boy Tried to Suicide.
TROY, N. Y., Feb. 16.—Ernest Winters,
10 years old, attempted suicide in the

The boy was reprimanded by his teacher
for disobedience and shut up in the
cloak room. Some time afterward the
teacher found the pupil suspended from
a book and unconscious.

Arbitration by Law.
Thirteen states of the Union now have
laws providing for the arbitration of
strikes and lockouts, and in others it is
proposed to deal with the subject in the
legislatures at their present sessions.

"Stables" of Skaters.
A somewhat new and unattractive fea-
ture in speed skating this year is the
semi-professional side given to the sport by
the division of the skaters into "stables,"
controlled by "managers" who are doubt-
less following amateur sport and paying
the expenses of the amateurs for pure love
of the pastime and not for money.

\$500,000 worth of California fruit was

THE FIRST OF OUR

GREAT SPECIAL SALES

FOR THIS YEAR will commence MONDAY, Feb. 18, and continue for one week. MONDAY, WEDNESDAY and FRIDAY we will give away to the poor 2000 Loaves of Bread FREE.

BREAD TO ALL FOR THE ASKING.

The Loaf.

The earliest loaves of bread were made round like a ball. Later loaves were generally baked flat and thin and served at meals as plates to hold other food before being themselves eaten. In the twelfth century twenty kinds of loaves were known in France, each kind having its special name and use. Among others were loaves known as the Pope's Loaf, the Court Loaf, the Knight's Loaf, the Squire's Loaf, the Peer's Loaf, the Varlet's Loaf and others, named in rank according to their elegance and excellence. Those we offer are MANNHEIM'S BEST HOME-MADE LOAVES.

Their quality and excellence can only be known by testing. Come get one and try it. "Four things come not back: A spoken word, a sped arrow, a past life, a neglected opportunity."

DON'T FAIL to take advantage of the opportunity given you to get the good things offered at the GREATER GLASS BLOCK during next week. If you neglect it the chance may never come again.

THE WORLD OF LABOR.

Labor Unions in Duluth Much Aroused by the Recent Action of the County Commissioners.

The Differences Between the Waiters' Union and Col. Volton, of the Saddle Rock, Are Adjusted.

Second Anniversary of the Workmen's Club to be Held at the Bethel Monday Evening.

The members of labor unions in Duluth are thoroughly aroused by the action of the county commissioners in refusing to recognize home industries and local workmen by sending to St. Louis for blank books. The chamber of commerce at its last meeting, which was attended by the representatives from the Trades assembly, passing resolutions condemning the board's action. At the commissioners' meeting yesterday afternoon the two delegates from the Trades assembly were in attendance. Their mission there was a failure and they came away firmly convinced that the "dumbest three" believe with Vanderbilt—"The public be damned." The union men say that special pains will be taken to remember these commissioners when they come up at the polls for re-election in the future.

The committee from the assembly waited upon Col. Volton of the Saddle Rock yesterday and amicably adjusted all differences. He agreed to hire only union waiters and that ended the matter. The committee reported to the union at its regular meeting last evening. Efforts will now be made to organize all the guilds in connection with the restaurants at an early date.

Next Monday evening, the second anniversary of the Workmen's club will be held at the Bethel. The assembly's committee, Dr. C. C. Salter and others, have spared no pains to make this event one of the memorable ones of the year. Any amount of work has been done and a splendid program will be presented. It was published recently in The Herald and may be found in another column today.

The fifth annual ball of the Butchers' union, No. 310, was given at Normanna hall Thursday evening. St. Valentine shed his influence on the occasion and a splendid time is reported, thanks to the work of the committee on arrangements, composed of Thomas R. Hancock, J. W. Cahill, Theodore Minder, D. Sorenson and Fred Schoening.

The electrical workers held an open meeting Thursday evening. Considerable enthusiasm was aroused, and no doubt these open meetings will be continued. The electrical workers made quite a feature of their last season.

Next Friday evening, the regular meeting of the Federated Trades assembly comes off. A full attendance is desired and expected, and not a little business of importance will most likely demand attention.

HELL'S OWN ACRES.
On Them Are the Tenement Houses of New York.

The tenement house commission found that New York, below the Harlem, has a greater density of population per acre than any city in the world—namely, 143.2 an acre. Paris comes next with 135.2 an acre. The district bounded by Second, Columbia, Rivington and Clinton streets and Avenue B had on June 1, 1894, 476.6 persons to every acre of its 32 acres. The evils of overcrowding, the report says, are such as keeping children up and out of doors until midnight in the warm weather, making cleanliness difficult, filling the air with unwholesome emanations and foul odors, producing the corruption of the young and occasionally to revolting crimes.

The "double decker" tenement is called "the one hopeless form of tenement house construction. It cannot be well lighted, it cannot be well ventilated, and even the High Street houses in Edinburgh, constructed centuries ago, are not so bad. Under the head of danger from fires the report says:

"In the year ending June 30, 1894, there were 2,416 tenement house fires, involving a loss of \$608,784, and in that time 15 occupants were killed outright and 72 injured. It is a startling fact that while less than one-third of the buildings in New York are tenement houses among them occur annually more than one-half of the fires."

The report says nothing about Trinity's tenements, but the description in this passage seems to fit them closely: "It is a well known fact that human dwellings, by prolonged occupation, become so saturated with the bodily emanations of those who have lived in them, sick and well, as to be less healthy than new houses. This result of prolonged human occupancy is made worse in this city by the rapidity with which the character of the population in the lower parts of the city is changed, and the fact that houses built as private dwellings are not fitted to serve as tenements, either in respect to light, ventilation, water supply, privacy or facilities for cleanliness."

As to rent tenements the report says: "The most cursory examination shows that the death rates are very high where there are rent tenements, running up to 61.97—an enormous death rate—in the old First ward, being 27.09 for the entire city against 22.31 for the single tenements. If we take the death rate of children as a test, the rent tenements show themselves to be veritable slaughter houses."

After referring to the necessity of parks the report says: "It is evident that an emergency exists which must be

met by prompt and thorough action. The St. John's Cemetery park contains 1.73 acres, the Mulberry Bend park, 2.74 acres, and the East River Extension park 8.6 acres, altogether 13.06 acres. But the work on one only of these has even been begun—the East River Extension.

"There is an area in this same district containing 711 acres, which is 750 feet distant from either river and 600 feet from any existing, constructing or proposed park. Yet it is the home of about 324,000 people."

"This is nearly one-sixth of the total estimated population of New York on July 1, 1894, and much more than the number of inhabitants of the entire city of either Cincinnati or San Francisco as given by the census of 1890. The density for the whole area rises to 476.6 persons per acre. Part of this area has double this density, and as a whole the district is the most crowded in the world."

The report says the bathing habit is growing among the masses of the people, but it points out that out of a total population of 255,033 covered by the commission's inspection only 806 persons have access to bathtubs in the houses in which they live.

The commission may have had Trinity's tenements in mind when this was prepared.

The report says the profit of the landlords of some dilapidated houses are as high as 25 per cent. The report adds: "From such general information as this committee has been able to obtain it seems that when a tenement house is properly constructed in accordance with the present laws, kept in good repair, and in excellent sanitary condition, one of the first class—namely, the single flat house—produces a net profit to the owner of about 9 per cent upon the value of the equity, one of the second class—namely, the one with two apartments on a floor and with no improvements, such as baths, water closets, ranges, boilers and stationary washbasins—realizes about 8 per cent. A house of the third class realizes about 9 per cent, and one of the fourth class—the 'double decker'—10 per cent."

The Union Side Won.
In the recent debate between Harvard and Yale the question was:

Resolved, That attempts of employers to form associations of employees and to deal with individual workers only are prejudicial to the best interests of both parties.

Harvard had the affirmative, and at the conclusion of the discussion the judges gave their decision in favor of that side.

Whose Is the Fault?
So long as working people will accept starvation wages and compete against each other for work, so long it is inevitable that the starvation wages will be paid, and it is nobody's fault, or rather it is everybody's fault, which amounts to the same thing.—Mrs. Charles Russell Lowell.

Starvation and Religion.
It has been ascertained beyond a doubt that in many instances contributions for provisions for the New York cloakmakers who were unfamiliar with Jewish customs gave them meat not kosher which were eagerly devoured by the recipients, though such meats are a Jewish abomination. They have eaten sausages which were trefa, and the forbidden flesh of swine, and pieces of chicken not killed in the lawful manner, and other animal food that cannot be touched without sin. A reporter recently conversed with starvelings whom he saw eating meat not kosher, and all of them answered in the same manner:

"We care not. It is better to eat that which is abominable in our eyes or which is prohibited by our religion than to perish of hunger. Great rabbis and even commentators upon the Talmud have given judgment that it is permissible to the people of a besieged city to eat meat which is trefa in the presence of death. Besides, Moses never lived in New York among the sweaters, and plenty of his followers would rather break his words than lose their lives."

Of course the more rigid observers of the Mosiac law or the adherents of the synagogues under the care of Chief Rabbi Jacob Joseph would not be thus guilty under any circumstances. They would rather suffer the pangs of hunger till the grave brought them relief than touch the thing that is unclean and of the gentiles. Cases have been found in the city during the long period of distress in which orthodox Russian or Polish Jews suffering in the severest manner from lack of food positively refused to accept any gift of the most that is forbidden. In one case known to the reporter this refusal came from a whole family on the verge of starvation, the head of which afterward accepted with thanks given in tears a loaf of dry bread and some salt herrings.

Testing the Law.
The trades and labor council of Fort Wayne has begun a suit against a street railway company of that city for discharging Richard J. Hollandsworth, one of their former motormen, for being a member of a labor organization. A similar affidavit and information was also filed against Lorenzo D. McNutt, superintendent of the company, for discharging for the same cause G. J. Ward, a former conductor of the company.

There is a law in this state prohibiting the discharge of an employee because he is a member of a labor organization, and it is this law the men have violated. The trades and labor council has had a secret committee at work securing evidence. S. M. Hench has been retained to assist the prosecutor, and this will be made a test case. If the union wins, several other cases will be filed.

The company deny that the men were discharged for belonging to a labor organization and assert that they can give good and sufficient reasons for their discharge.

Judge Hench, attorney for the trades and labor council, was a supporter of the bill in the legislature, and for three days has made a rigid examination of Hollandsworth and Ward, and says he has a case if the law is not defective. The case is certain to go to the supreme court.

LABOR'S SEVEREST STRUGGLE.

A Fight to Decide Whether Organized Workmen Are to Be Made Rulers of the Country by the Board of Directors of the American Railway Union.

The American Railway union is engaged in a contest with organized capital and needs the help of the labor organizations of the whole country. The importance of the struggle seems not to be fully understood, and a statement of the case setting forth the tremendous consequences involved in success or failure should be put before the labor public.

There are two cases against President Debs and eight other directors of the union. The first for contempt of court or failure to call off the strike the fourth day after its inception has been tried, the defendants found guilty and a sentence of imprisonment in the county jail imposed by the court. This case was prosecuted by both the government and the Santa Fe company, and the defendants received a sentence on each charge, but were ordered to serve them at the same time, thus making a total imprisonment of six months for Debs and three months for each of the directors.

Believing that an appeal to the supreme court would lead to doubtful result, and having expended over \$25,000 thus far in the struggle, it seemed questionable whether the best course was not to stop fighting, serve out the sentences and have done with it. But at this point the rights and liberties of all organized labor came prominently into the question. If the case is allowed to rest here without appeal, the same infamous construction of the law can again be used against labor organizations and their leaders sent to prison every time a strike is attempted. Nor is this all. Under the law as applied by this court every one who participates in a strike is guilty of any violence or crime committed by any other person during that strike—that is to say, if during a strike a hired spy of capital, who may have previously joined a labor organization, commits a murder each striker is an accessory and liable to indictment for murder and the death penalty.

Every individual man and woman who if this decision stands as law all labor organizations are dead and practical slavery awaits the laboring people. But in attempting to appeal the case new difficulties are encountered. This contempt case is a double-edged sword. While it is applicable to the Santa Fe case it is not. Therefore to appeal the former it was necessary for the defendants to agree to separate the cases and thus serve the sentences separately, making an imprisonment of six months for each of the directors. So far as the individuals are concerned, it would be far better to let the case rest, but in an issue that means the life or death of organized labor the personal interests of men must be brushed aside and considered.

The second difficulty was the question of the money to carry this voluminous case to the supreme court of the United States. The six months' fight already made has depleted the treasury and the defendants must have the united help of the personal resources of the defendants. Their attorneys have also made their share of the sacrifice and cannot consistently be expected to provide costs and expense funds. The defendants must have the united help of labor or fail in the unequal struggle against the corporations' millions.

There is still another and much more serious case against the defendants. The offense charged is "conspiracy to stop the mails," and in this the corporations hope to establish decisions that will wipe out the last vestige of labor organizations. They confidently expect to send each of the defendants to the penitentiary for two years, and the special counsel sent to take the case to the supreme court is also the regular railroad attorney, has publicly boasted that it will be done.

If the law can be so twisted from the course of justice as to accomplish this atrocity, and from what has thus far been done it is evident a desperate effort will be made to do it, we shall live in a despotism almost as bad as that of Russia, and no man's life or liberty will be secure. If organized labor would escape this fate, it must act, and act promptly. Money must be raised at once to establish decisions that will wipe out the last vestige of labor organizations. They confidently expect to send each of the defendants to the penitentiary for two years, and the special counsel sent to take the case to the supreme court is also the regular railroad attorney, has publicly boasted that it will be done.

Send contributions to Eugene V. Debs, Terre Haute, Ind.

Bangor's Relief Method.
A novel and effective plan for the relief of the suffering poor of Bangor, Me., has been put in operation by the relief committee of that city this winter. Poor laws were distributed among the householders, accompanied by a printed slip, saying, "Please put in this bag any contribution you may wish to make, however small, and return to me. The result was very satisfactory. Many people in momentary circumstances had before refrained from giving because of the smallness of their contributions, but this method opened a way for the mite of each one to reach the proper channel for the relief of the poor.

The paper bags were returned, containing groceries, provisions that were not immediately perishable, clothing and money. The small individual gift in the aggregate became a mighty collection of food and clothing for the relief of distress.—Washington Star.

A Chance to Make Money.
The Mercury will pay \$50 for information which will lead to the substantiation of the statement that troops, either state or federal, were ever called out to protect workmen from monopolists.

It will pay an additional \$50 for the production of the official who made the requisition for troops, and another \$50 when the official who honored the requisition is produced.

Here is a chance for somebody to make a nice pot of money. Don't let it speak at once.—New York Mercury.

Hundreds read Herald want ads daily.

TOMORROW'S SERVICES

Rev. S. W. Kuhns Will Be Installed as Pastor of St. John's English Lutheran Church Tomorrow.

"Need of Reform in the Pension System" Will Be Discussed at the Unitarian Church.

Rev. C. H. Patton Will Preach on "Pessimism" at the Pilgrim Congregational Church Tomorrow Evening.

(Pastors will confer a favor and insure publication of their church notices in the Herald office on Friday evening, Saturday morning's mail boxes them to late.)

A new pastor will be installed at St. John's English Lutheran church tomorrow. Rev. S. W. Kuhns has been filling the pulpit for some weeks and tomorrow will be formally made pastor. Rev. Augustus Steimler, of Red Wing, will be here and officiate. He will also preach. The installation ceremony will take place at 10:30 a. m. and evening services at 7:30 o'clock. Sunday school at 11:45 o'clock.

Another lecture will be given at the Unitarian church tomorrow evening by W. G. Crosby. The subject with which he has been chosen to deal is "The Need of Reform in our Pension System." In the morning Rev. F. C. Southworth will preach on "The Character of Abraham Lincoln." Sunday school at 12 m. The church choir will sing. Messrs. Moak and Messrs. Murphy and Jones and Mrs. J. N. McKinley, organist, will give the following program in the morning:

Hymn—"Praise Ye the Lord" (from Esther).....Choir.

Rev. M. B. Curry will preach tomorrow morning at the cathedral at 10:30 o'clock and in the evening at 7:30 o'clock. The first mass will be at 7 o'clock, the second at 8 o'clock and child service at 9 o'clock.

Dr. Thoburn will preach tomorrow evening at the First Methodist church on "The Prodigal Son in Duluth." The service will be with sermon by Rev. W. W. Dawley, will be held at 10:30 o'clock. At 9:45 a. m. there will be class meeting in the evening at 7:30 o'clock. At 3 p. m. Junior league meeting and at 7 p. m. Epworth league devotional meeting and class meeting.

Dr. Thoburn will preach at the First Baptist church, 1025 East Second street, tomorrow morning, and in the evening Rev. W. W. Dawley will preach. He will also give a ten minute prelude before the sermon in the evening on "Gambling," and the ordinance of baptism will be administered at the close.

Rev. C. H. Patton, pastor, will preach at Pilgrim Congregational church tomorrow morning and evening. At the morning service the topic will be, "Under Grace." In the evening he will discuss on "Pessimism."

At Glen Avon Presbyterian church Rev. Samuel Scamper will preach in the morning on "God's Riches—His Saving Grace" and in the evening on "Moses—His Training and Call." Sunday school at 10:00.

Rev. J. M. Anderson will preach tomorrow morning at the Second Presbyterian church, the pastor being absent. In the evening Mrs. T. M. Findley will speak on "The Law of Love." Sunday school at 9:45 a. m. Bethany chapel at 3 p. m. and young people's praise service at 6:45 p. m.

At Grace M. E. church Rev. Lucian Merritt will preach at 10:30 a. m. and pastor, Rev. R. H. Craig, at 7:30 p. m. Sunday school at 12 m. and Epworth league at 6:45 p. m.

Rev. W. W. Newell, pastor of Morley Congregational church, will preach tomorrow at 10:45 a. m. on "The Good Samaritan" and in the evening on the topic "I Have Set Before You an Open Door."

The First Church of Christ, scientist, will have regular services at 10:45 a. m. at No. 11 East Superior street. Dr. T. H. Cleland will preach at the First Presbyterian church at 10:30 a. m. on "The Churchless Masses." At 7:30 p. m. his subject will be "The Man for the Times." The Christian Endeavor society meets at 6:30 o'clock. The choir consisting of R. P. Doane, organist; Miss Mary Caldwell, soprano; Miss Fannie Calverly, alto; George Arbary, tenor, and F. M. Stephenson, baritone, will give the following programs:

MORNING SERVICE.
Organ prelude—"Great and Glorious." Hymn Anthem—"Praise His Name." Voluntary Anthem—"Praise His Name." Organ postlude—"Great and Glorious." **EVENING SERVICE.**
Organ prelude—"O Lord, Thou Art Great." Anthem—"O Lord, Thou Art Great." Hymn Anthem—"Praise His Name." Organ postlude—"O Lord, Thou Art Great." **WEDNESDAY SERVICE.**
Organ prelude—"O Lord, Thou Art Great." Anthem—"O Lord, Thou Art Great." Hymn Anthem—"Praise His Name." Organ postlude—"O Lord, Thou Art Great."

At the Protestant Episcopal church, Fifty-seventh avenue and Eleanor street, in West Duluth, the morning services will be at 11 o'clock, Sunday school at 12:15 p. m. and Wednesday services at 8 p. m.

Dr. Robert Forbes will preach in Assumption M. E. church, West Duluth at 10:30 a. m. and in the evening Rev. L. F. Merritt will occupy the pulpit. At St. James Catholic church, in West Duluth, the first mass will be at 8:30 a. m. with short sermon. High mass at 10:30 a. m. Evening devotion, vespers and benediction at 7:30 o'clock. Immediately after high mass there will be a meeting of the men of the parish.

CHRISTIAN ENDEAVOR.

Topic for the Week Beginning Feb. 17. Comment by Rev. S. H. Doyle.

Topic—Lesson from the parable of the good Samaritan.—Luke x, 25-37. (A missionary topic.)

The parallel of the good Samaritan is recorded by Luke alone. We do not know either the time when or the place where it was spoken. It is probable that it was during one of Christ's public discourses, when He was interrupted by the lawyer who asked Him what He should do to inherit eternal life. In answer Christ asked him what the law said, and he replied, "Thou shalt love the Lord thy God, . . . and thy neighbor as thyself." Probably to vindicate himself the lawyer further inquires, "Who is my neighbor?" to which question Christ replies with the parable of the good Samaritan, to the lesson of which our topic directs us.

1. We learn from this parable the brotherhood of man. This was the great lesson it was to teach. The lawyer was a Jew. He had been taught that the word neighbor was limited by nationality and religion; that people of a different nationality and religion had no just claims upon him, and therefore in fulfilling all his obligations to his own people he obeyed the command to love his neighbors as himself. But Christ wished to teach him differently and did so by making him admit that a Samaritan, between whom and the Jews there was no affiliation or association, had proved himself neighbor to an unfortunate Jew who had been waylaid by thieves when he had compassion on him and helped him rather than men of his own race who had looked upon him and passed by without assisting him. This is the one great lesson taught by this parable—that all men are our brothers, our neighbors; that nationality and religion do not separate men so that one has no obligations toward the other. As God is our common Father, so all men are our brothers, and we are each other's brother's keeper.

2. We may learn also the estimation which the world places upon Phariseism. Christ may not have intended particularly to hold up the priest and Levite to the scorn and ridicule of the world. He may have used them simply to emphasize the character of the Samaritan, and yet the result has been the same. The world ever since has held them up but to heap scorn and ridicule and abuse upon them, and in so doing it has without qualification condemned Phariseism in any form.

3. We may learn the beauty of sympathy and self sacrifice. The Samaritan saw a fellow creature in need of his help. He sympathized with him, and sacrificing his race and religious prejudices he helped him. His action has always been praised and lauded. The church and the world never tire of singing his praises. "Go and do thou likewise." On the highway of life many have been robbed and plundered of earthly possessions. They need your help. They need you to carry or send this gospel to them. Be a good Samaritan and do it.

Bible Readings.—Gen. ix, 8-12; Lev. xix, 18; Ps. xxxv, 11-14; Prov. xix, 17; Math. v, 43, 44; xxviii, 19, 20; Luke vi, 27; John xiii, 34; Acts i, 8, xvi, 9-12; Gal. vi, 2; 1 John iii, 17; 1 Jo, 20, 31.

Christian Endeavor Churches.
A recent speaker before the Christian Endeavor union of Manchester repeated the old charge against Christian Endeavor—that it was founding a separate denomination, giving as proof the fact that already several Christian Endeavor churches had been built. American editors, I am glad to say, have learned that these "Christian Endeavor churches" have all been built by the regular denominational boards of home missions of the various denominations, with money furnished at their invitation by the Christian Endevorers of those denominations. That is all there is to that charge.—John Willis Barre.

The Best Commandment.
The fourth commandment is the test commandment of the ten, the very keystone of the arch. Again and again it has been made the starting point, the entering wedge of great moral changes. It is the strategic point. It sounds the keynote. That man who has little or no regard for the Lord's day has within him the moral tone of an idolater, a thief, a liar, a murderer. That governs and which fails to observe the command, "Remember the Sabbath day to keep it holy," sets a premium on every sin of the decalogue.—M. D. Kneeland, D. D.

How to Reduce the Number of Heathen.
An English Endeavorer formed the plan of collecting as many 34 pieces as would furnish one for each 1,000,000 of heathen in the world, and he did it—\$40 three penny bits. Is not this a plan that can be carried out by all Endeavorers? It would not take many sets of 840 dimes each to reduce considerably the number of heathen that must be counted.—Selected.

The Morning Breaketh.
Awake, O ye who sleepeth! Arise, he on thy guard. Hear the voice of Him who speaketh. Be watchful and ward. Prayers from millions. That govern and which fails to observe the command, "Remember the Sabbath day to keep it holy," sets a premium on every sin of the decalogue.—M. D. Kneeland, D. D.

Know ye not that He is calling?
For workers more and more. Consecrated for the harvest. About our very doors. Go ye a harvest, therefore.

STATE OF MINNESOTA.
DEPARTMENT OF INSURANCE.
ST. PAUL, February 1, 1895.—I, the undersigned Insurance Commissioner of the state of Minnesota, do hereby certify that the Northwestern Benevolent Society, above named, has complied with the law of this state relating to insurance, and is now fully empowered, through its trustees, to transact its appropriate business of accident and fire insurance in this state for the year ending January 31st, 1896.
C. H. SMITH, Insurance Commissioner.

WINTER FISHING.
Capt. E. S. Smith to Head a Party Which Will Go Next Week
Capt. E. S. Smith starts out early next week with a fishing crew of four men, a house 10 by 12 feet built on runners, a large boat on runners and something like fifty miles of netting. They will go about fifteen miles out on the lake ice and will sink the nets through holes in the ice in three or four rows. The nets will be lifted continuously; that is the lifting process will be kept up as fast as the men can travel down or up the lines of nets. The boat is taken along in case of a sudden break up of the ice and is provided with runners so that it can be pulled over ice or rowed in open water. The fishing will continue until the ice becomes unsafe when the nets will be buoyed under the ice on set ranges and picked up after the ice goes out for good. The catch is sometimes quite heavy in this way.

O. W. O. Hardman, sheriff of Tyler county, Va., appreciates a good thing and does not hesitate to say so. He was almost prostrated with a cold when he procured a bottle of Chamberlain's Cough Remedy. It says: "It gave me prompt relief. I find it to be an invaluable remedy for coughs and colds." For sale by all druggists.

Thousands of people are looking California, they want to know where to go to raise fruit and how to travel cheaply and comfortably. For full answer to these questions, address CALIFORNIA BUREAU OF INFORMATION, Room 1138 Guaranty Loan Building, Minneapolis, Minn.

UNCLE SAM'S BOODLE

Joseph Watson Tells of Some Features of the National Treasury Department Which Impressed Him.

Description of the Manner in Which Old Currency Is Destroyed and Ground Into Pulp.

Silver Vault No. 1 the Largest in the World Contains Many Millions of Silver Dollars.

Joseph Watson, of the firm of Pantan & Watson, recently returned from an Eastern trip in the course of which he visited the national capital, Washington. In going through the treasury he saw and learned much of its operation and was greatly impressed especially with everything concerning the printing of money, the sorting, counting and destruction of worn out bills and other features. Very few people know anything of the interior workings of this department and the knowledge gained by Mr. Watson may interest others.

"In the bond vault," says Mr. Watson, "there are \$30,000,000 in bonds which have been deposited by national banks to secure their circulation. Each bank must deposit one per cent of its circulation. If a bank fails the bonds are sold and the notes retired as fast as they come in.

The redemption division is used for the retiring of all the old and mutilated currency that is unfit for circulation. It is sent to the treasury department every day through the express companies from the banking institutions and the sub-treasuries of the United States. It is counted by the expert counters of this department who are always retained by the government, irrespective of political parties, and are the most expert and accurate counters in the United States. As soon as the currency is distributed to the counters, the responsibility is all with them, and should they fail to detect any raised notes or counterfeit bills, they are held responsible for them and the amount deducted from their salaries.

The salaries of these women, for they are nearly all women, depends on the class of examination which they pass. It is not less than \$600 a year, and not more than \$1000 a year. The woman who gets the salary of \$1000 has been in this department for thirty-two years and counts all the large denominations.

After the notes have been counted and examined they are put up in packages of 100, each package being initialed by the counters. The notes are then cancelled by having four holes punched through them, two on either side. This is done to relieve the counter of all responsibility. The notes are then taken to the cutting knife, where they are cut in half lengthwise, one part of the bills being sent to the office of the secretary of the treasury and the other half to the office of the register, where they are recounted by expert counters. If the count corresponds with the first count, the same counter is placed on the same committee and conveyed to the bureau of engraving and printing, to be macerated and ground up into pulp. The redemption division receives for destruction the amount of \$10,000,000 a day. The amount destroyed last year was something like \$100,000,000.

The macerating machine is a large iron tank, which is used for the destruction of the currency issued by the United States. There is a committee of three gentlemen who appear at the machine every day at 10 o'clock to lock and unlock the lid, and deposit the money in the presence of each other. The first lock on the lid represents the secretary of the treasury, the second the comptroller of the currency and the third the treasurer of the United States, and there is also one other gentleman present who represents the banks and people. After the deposit of money is made and the machinery is set in motion the notes are ground up into a fine pulp by means of some 150 steel knives and water, and at the expiration of four or five days, when they have a sufficient quantity of the macerated currency, the pulp is conveyed to the main door, which is then dried and baled, sold to a paper contractor, as common ordinary paper is, for the purpose of making bags containing \$1000 and weighing about fifty pounds. The total weight of the coin in this vault is 3000 tons. It is protected by two doors, the first being the main door, which has a time lock attached to it. The second door is built of solid steel and weighs six tons. The vault is watched every day, and is rotated by watch at night, which begins at 4 o'clock in the afternoon and continues until 8 o'clock the following morning. The duty of each watchman is to remain at the entrance of the vaults instantly, and to ring up an alarm, and report at the main door to the captain of the watch every half hour. There are no reliefs of the watch, one at 4 o'clock, one again at midnight until the next morning.

The division of issues. In the division of issues the new currency is received from the bureau of engraving and printing to be finished, sorted and examined. The currency

ABSOLUTELY PURE
THE OLD RELIABLE
SWEET CAPORAL
CIGARETTE
Has stood the Test of Time
MORE SOLD THAN ALL OTHER BRANDS COMBINED

is received every morning in packages of 1000 sheets, four bills to a sheet making altogether 4000 bills. Three ladies count the sheets to verify the bureau's count. The sheets are then sent to the sealing room, where the red seal is printed on the notes, which is the last print made. They are then returned to the counting room, where the sheets are cut into separate bills. Each machine cuts 5000 notes a day. The notes are then passed over to a number of expert counters, who are the most rapid and accurate counters in the government service. They are educated in this line of work in the bureau of engraving and printing, and count on an average 800,000 of various denominations in a day. This is equal to about 38,000 notes, each counter counting from 3,000 to 30,000 notes a day.

There are also two ladies in this office that count the coin of various denominations that comes in for redemption. They are expert counters of coin, and one of them can count 1000 silver dollars in five minutes and also examine them at the same time. The lady's name is Miss L. Galboon and she is claimed to be the most expert, rapid and accurate counter of coin in this country.

Mr. Watson brought back with him a sample of the pulp which is made by the grinding up of the old currency. It is a curious, dirty looking object, but represents about \$60,000 of destroyed money. It can be used for anything the department of Pantan & Watson's store.

NEW DULUTH DOINGS.

Latest Happenings in the Suburb Up the River.

New Duluth, Feb. 16.—(Special to The Herald.)—Another change was made in the time cards of the Short Line morning trains. There are now two morning trains, the first leaving Duluth at 7:15 and arriving here at 7:55, going down to West End at 8:15. The other trains have not been changed materially.

Tuesday being Lincoln's birthday, was celebrated at school appropriately. Next Friday will be Washington's birthday, and a legal holiday there will be no school.

The team belonging to Mr. Tupper ran away last Saturday, breaking the wagon. The horses ran nearly two miles before they were caught.

Mr. Starr, of Eau Claire, president of the Hurd refrigerator works, spent yesterday in Duluth. Mrs. Coleman and son Percy, of West Duluth, have been in town on a visit to Mrs. Coleman's daughter, Mrs. Otto, this week.

THE LITERARY ARENA

St. Valentine's Story and a Bright Description of "A Dorothy Q Party" in Harper's Young People.

Three Timely Articles on the Currency Question in the North American Review for February.

Colorado's Experiment With Populism, Which Was Costly and Disastrous, Described in the Current Forum.

Harper's Young People of Feb. 12, coming two days before "St. Valentine's," opens with a St. Valentine story entitled "A Nocturnal Repulse," and the same number, in anticipation of Washington's birthday, contains a bright description of "A Dorothy Q Party," in which Mrs. Emma J. Gray suggests some of the most doubtful features of such an entertainment in a fashion that will be found helpful to those hospitable designs upon their friends culminate on the 22nd. The series of "Great State Papers" receives a noteworthy addition in the feature of the same number entitled "Our Treaties, and Who Signed Them"—an article that will be relished by parents and children alike, showing, as it does, in faithful reproduction, the original treaties, with signatures that have meant not simply a drop of ink, but a life, a fortune, a nation, and thousands of people peace and life, instead of war and death. The Young People to be published on Feb. 19, will also contain a Washington birthday story, suitable for representation, by Caroline A. Creevey and Margaret E. Sangster.

A book now in press entitled "One Thousand Years of Hubbard History," will shortly be issued by H. P. Hubbard, No. 28 Times building, New York. Though largely genealogical, embracing English and American families, it is replete with tales of brave deeds of heroes in foreign and American wars, humorous incidents, interesting biographies, and prose and poetic quotations. It is a valuable collection, including the history of the name from a Norse seeking in 866 of its origin in dramatic interest. The book will be sold by subscription.

The February number of Paving and Municipal Engineering, published at Indianapolis, contains much interesting material. The article "The Cost of Maintaining Macadam in Berlin," by Maj. J. W. Howard, C. E., a discussion of standard specifications for paving brick, by D. V. Purinton, John S. Sibley, J. W. Robb, W. C. Berglund, John Gaffney, Alfred Yates and E. B. Reed, all leading manufacturers, "The Des Moines Question," by C. E. Desmond FitzGerald, C. E., "The Asphalt Question," by Professor S. F. Peckham, "How to Lay Pavement," by Arthur C. Harris, president of the board of public works of Denver, George A. Bullock, chief of the bureau of highways of Philadelphia, John McCarthy, commissioner of public works of Chicago, Gen. S. J. Field, city engineer of Buffalo, H. D. Ellis, roadway engineer of Toronto, and other municipal officers.

The North American Review for February opens with three timely articles on the currency question, which are bracketed together under the title of "The Financial Muddle." They are written by Secretary of Agriculture J. Sterling Morton, Representative William M. Springer, chairman of the house committee on banking and currency, and Henry W. Cannon, president of the Chase National bank, of New York, and formerly controller of the currency. This important symposium is followed by a trenchant article on "Literature and the English Book Trade," from the pen of the author of "The Englishman in Paris," by the Hon. B. P. Clayton, president of the Farmers' National congress, next claims our attention. The "New Pulpit" forms the subject of a vigorous paper by the Rev. H. A. Hawes, which cannot fail to attract wide attention. The literary feature of the number, furnished by Andrew Lang, who contributes some delightful "Recollections of Robert Louis Stevenson," which possess a unique interest owing to the close friendship existing between the two writers. In other articles Senator Orville H. Platt discusses the "Problems in the Indian Territory," Professor Simon Newcomb tells "What We Need a National University," H. H. Boyesen deals with "The Matrimonial Puzzle," and Charles Sedgwick "Mist writes on 'The Psychological Comedy'."

The second installment of the "Personal History of the Second Empire," by the author of "An Englishman in Paris," Albert D. Vandam, also appears in this number. It deals with "The Opponents of the Prince-President." Other topics treated are "Incidents in Dead Eyes" by Dr. Ellerslie Wallace, "The Cat in Law," by Gertrude B. Rolfe, "Newspaper Row and National Legislation," by Albert Halstead, Washington correspondent of the Cincinnati Commercial Gazette, and "How to Repel Train Robbers," by Lieut. T. K. Knight, U. S. A.

A very interesting article appeared in Harper's Bazar for Feb. 9, on the subject of mushrooms. The article is written and illustrated by W. Hamilton Gibson. So many persons find the mushroom an agreeable addition to the domestic bill of fare, and so many foolishly stand in dread of it, the every day mushroom is subject from so good an authority is worth consulting. The same number of the Bazar contains handsome evening toilettes from Worth and other Paris bouqs.

Those who travel now have a two-fold reason to take the Rand-McNally guide. First, it is the standard; second, it insures you without charge for \$100, 40 cents per copy. \$3.00 per year. On sale every street. Send subscriptions to 166 Adams street, Chicago.

Among the notable features of the Ar-

gonaut for Feb. 17, are "Over the Venge: An Army Hunter's Perilous Adventure on a Mountain Trail," by W. P. Coulter; "The Life of the Town," How it Robbed a Peasant Lad of His Affianced Bride," a letter from Paris on the gay doings of the American colony; a review, with anecdotic extracts, of "Mme. Ducress's 'Memoirs of the Empress Josephine';" and letters from London and New York on matters of polite interest to those cities.

"United States Income Tax Law, Simplified for Business Men," is the full title of an invaluable little hand book bought by hundreds of men selling everywhere at 50 cents, being compiled and published by Ferdinand A. Wyman, a prominent member of the Suffolk county bar, Boston, Mass. In this little volume of fifty pages the author, who enjoys an extensive law practice in the old Bay state, gives a concise account of the income tax law as it is in operation in several foreign countries; the full text of the new United States law which came into operation on Jan. 1, and also a very detailed digest of the same. The digest is a remarkably simple yet full interpretation of the new law, shorn of all its intricacies and involved sentences, so that any one can, almost at a glance, understand just what has got to be done, and can make their returns to government easily and accurately, and save much money in so doing.

An entirely new departure will be made by Macmillan & Co. in the field book soon to be published by them, entitled "The Birds of the United States," by George Wright (Mrs. James Osborne Wright), the author of "The Friendship of Nature." It is the only book of its kind that will be illustrated by plates giving the natural colors an accurate view of the birds described in the text. The importance of these colored prints cannot be overestimated, for they will enable people to determine at a glance the rough classification of the birds they may see about their gardens. Along the sea-shore, without a net, the whole pictorial series of the birds of the United States, of 200 species, a synopsis of the families to which they belong, and a simple key by which the birds may be identified, either by their color or by some equally visible quality. The book will, moreover, be of a size convenient to carry out of doors.

Several articles which are an outcome of Julian Ralph's voyage to China, undertaken in the interests of Harper's Young People, will appear in the magazine during the summer months. The first of the series will be entitled "House-boating in China," and will be illustrated by the artist, Mr. Ralph. In all there will be three articles or more, amply and beautifully illustrated from drawings by C. D. Wells, who accompanied Mr. Ralph to the interesting points in China which are described.

The leading article in the Forum for February, "Should the Government Retire From Banking?" is contributed by William C. Cornell, president of the New York State Bankers' association, who is also the editor of the Forum. The government in usurping the function of note issuing which rightly and naturally belongs to the banks. Alfred S. Heidebrand, the latest member of the international bankers in New York, explains "Why Gold is Exported." Herr Wilhelm Liebknecht, a leader of the Social Democrats in Germany, says "The 'Iron Guard' of German Socialism." Henry Holt explodes certain "Fallacies Underlying Social Discontent" in America. John McCarthy, commissioner of public works of Chicago, Gen. S. J. Field, city engineer of Buffalo, H. D. Ellis, roadway engineer of Toronto, and other municipal officers.

HE HAS NOT INTERVENED.

Secretary Gresham Has Not Protested Specially
on Seward's Behalf.

WASHINGTON, Feb. 18.—It is positively
denied at the state department that
Secretary Gresham has intervened
specially in the case of Maj. Seward, one
of the Americans under sentence of
death at Honolulu for treason, or that
he has addressed a special message on
the subject to Minister Willis to be
forwarded by the first steamer from
Yankee. Jacob F. Slagle, a judge of one
of the Pennsylvania courts, called on
the secretary to urge him to extend pro-
tection to Seward. The secretary was
naturally interested in the case but in-
formed Judge Slagle that he could not
discriminate and that Seward must stand
on an equality with Gulick and other con-
demned Americans.

No instructions have been sent to Min-
ister Willis since the telegram of Feb. 10,
directing him to demand a stay of ex-
ecution in the sentences of all Americans
under death sentence and to forward
copies of the records of their trials to
Washington for examination by our gov-
ernment.

This order should have reached Min-
ister Willis by this date, and if the sentences
have not already been carried out, which
is doubtful in the view of the fact that the
trials of the queen and remaining prisoners
were still in progress, according to
the latest advices, it is expected that his
representations to President Dole will be
sufficient to secure a stay of further pro-
ceedings.

A Steamer Missing.

LONDON, Feb. 18.—The British steamer
Ganges, Capt. Roberts, which sailed
from New Orleans Jan. 6 for Havre, ar-
rived at Corbucien, Spain, Jan. 26, for a
supply of coal. After replenishing her
bunkers she proceeded on her voyage
but soon broke her propeller and was
towed back to Corbucien. She started
from there in tow for Havre and when off
the island of Ushant, about twenty-five
miles from Brest, she broke adrift from
the tug towing her and has not been seen
since. The Ganges has a cargo of cot-
ton valued at \$50,000. Her crew num-
bered thirty men.

Protection Required.

HONG KONG, Feb. 18.—The British
cruiser Mercury has been suddenly dis-
patched from this port to the island of
Formosa in response to an urgent ap-
peal sent by the British consul there for
the presence of a warship. The consul said
the vessel was needed for the protection of
foreigners. The Mercury is a cruiser of
300 tons and carries thirteen guns.

Foul Play Suspected.

HUNTINGTON, W. Va., Feb. 18.—The
people of Raccoon Creek are greatly
excited today over the discovery made

COMPLETE ALIBI

Erwin Expects to Prove Complete Alibi For
Harry Howard the Day of the
Murder.Three Men Testify He Was in His Boarding
House as Late as 7:10 That
Evening.The State This Morning Withdrew All Opposi-
tion to Introduction of Testimony of
Maggie Wachter.She Was Sick, However, and Could Not Be
Present to Give Her Testimony
Today.MINNEAPOLIS, Feb. 18.—The state
sprung a surprise in the Howard mur-
der trial this morning when it withdrew
all opposition to the introduction of
Maggie Wachter's testimony. Miss
Wachter is the stenographer of Blixt's
attorney, who was to testify that Blixt
had stated to his attorney in her presence
that it was with Harry Howard and not
with Harry that he had conspired to
murder Miss Gine. The court had held
that it was a communication between
client and attorney and was therefore
inadmissible.There had been the greatest interest
awakened among lawyers generally, and
Mr. Erwin this morning received a tele-
gram from W. D. Frazee at Okolona,
Miss., citing three decisions as to the
point. The court was unwilling to admit
the testimony without the direct consent
of Blixt, and the attorneys were brought
from the jail and questioned personally
by Judge Smith. He had no objection
here—and Miss Wachter was called.It then developed that she was sick
and could not be present today. The
sudden change of front on the part of
the state is said to be due to its ability
to impeach Miss Wachter's evidence
absolutely. Blixt's attorney will go on
the stand and contradict, and it is also
understood that the state has ascertained
from a confidential source that Miss
Wachter is the true ward of the evidence.Thomas Waterman was called to tes-
tify as to Harry Howard's movements
on Dec. 3, the day the murder was
committed. Harry Howard in several
important particulars as to time. Three
boarders at Harry Howard's boarding
house testified that he was in the dining-
room as late as 7:10 that evening, which
brings him dangerously close to the
time when Liverman Wilson claims to
have seen Miss Wachter. Miss Gine
half a mile away. The defense expects
to establish a complete alibi for the de-
fendant from 1 until 10:30 p. m. the day
of the murder.

ROAD TO RAINY LAKE.

Wagon Road Proposed from the Red River
Valley.STEPHEN, Minn., Feb. 18.—A bill is
being drawn and will soon be presented
in the senate which is of great impor-
tance to this locality. The bill calls for an
appropriation of \$50,000 to be used in the
improvement of a new wagon road be-
tween Jedis and War road crossing, a
distance of twenty-nine miles, in the
county of Ramsey. The bill is said to be
of great importance to the farmers of
this section.If this amount is appropriated the road
will be completed and will be the best
and most direct wagon road to the Rainy
Lake gold fields. A petition for the
passage of this bill has been circulated
here and has been unanimously endorsed
and signed.

Clubbed His Wife.

ST. PAUL, Feb. 18.—A special to the
Dispatch from Stillwater, Minn., says:
A. G. May, a tailor, assaulted his wife
this morning with a club, inflicting a
serious gash in her head. He was ar-
rested.

Fire in a Hospital.

MINNEAPOLIS, Feb. 18.—Fire broke
out in Asbury hospital, a Methodist
institution, this morning. There were
about thirty patients in the hospital and
all were safely removed to St. Barnabas
hospital, just across the street. The
flames were extinguished before the
building had been seriously damaged.
Serious results for some of the patients
are feared.

THE L. A. W. CONVENTION.

The Color Line is Likely to Provoke Some
Contention.NEW YORK, Feb. 18.—The annual
convention of the League of American
Wheelmen began this morning at the
Grand Union hotel in this city with an
attendance of bicycle enthusiasts from
all the states from Maine to California.
The primary object of the convention is
to discuss several important changes in
the laws of the league and the selection
of a place for the next annual meet.It is probable that the question of
whether or not the color line will be
drawn in the league will come up during
the present session, and there is also
likely to be some fight as to where the
next annual meet of the league will be
held. There are two parties, the Boston
and Asbury Park, and both maintain that
it would be best for the league to hold its
meets on their respective tracks.

Cholera in Argentina.

WASHINGTON, Feb. 18.—The presence
of cholera in Argentina has been for-
mally recognized by the Argentine govern-
ment, although United States Consul
Baker, at Buenos Ayres who has re-
ported the fact to the state department, says
that he believes that the disease is really
the usual cholera morbus which appears
there every year.

Lockout in New York.

NEW YORK, Feb. 18.—Nine hundred
men of the state militia, the local union
of Electrical Workers in this city
are today locked out by the ElectricalContractors' association. The lockout
was declared on Saturday and was meant
to head off a strike proposed by the
workers. The fight is for a reduction of
the working hours from nine to eight at
\$3 a day.

NATIONAL COUNCIL OF WOMEN.

Opening of the Second Triennial Session at
Washington.WASHINGTON, Feb. 18.—The formal
opening of the second triennial session
of the National Council of Women of
the United States began at Metropolitan
hotel today, Mrs. May Wright Sewall,
the president, calling the meeting to
order. The council is a representative
body, composed of delegates from all
the various associations of women
throughout the country.The Little Pure Spices Bill Failed to
Pass, Having Two Less Than Nec-
essary Votes.Mr. McInnis, by Request, Introduced a Bill
for Four-Year Terms for County
Treasurers.He Also Presented a New Bill for Estab-
lishing a State Normal School at
Duluth.Mr. Grandahl Introduced Another Bill De-
claring Furnishing of Libelous Matter
to Newspapers a Misdemeanor.ST. PAUL, Feb. 18.—The usual grist
of petitions followed the roll call in the
house, woman suffrage and land tax ex-
emptions being the subjects desired. An
invitation to attend the Sons of the Am-
erican Revolution celebration on Feb. 22,
was read. Chairman Tasson, from the
roads and bridges committee, favorably
reported the wide tire wagon rebate bill.
The same committee unfavorably re-
ported the bill for replacing government
stakes along highways, but on motion by
Mr. Feig, the author of the bill, it was
placed on general orders. The same com-
mittee reported H. F. 136, defining the
word "railroad company," with the re-
commendation that it go to the judiciary
committee. The same committee re-
ported a substitute for H. F. 83.
Chairman Jacobson, of the legislative
expenses committee, reported a resolu-
tion for a stenographic clerk for general
use, favorably. It was adopted—63 to
16. Several other resolutions for ad-
ditional employees were adversely re-
ported and the reports adopted. An addi-
tional clerk for the public accounts com-
mittee at \$5.50 per day was recommended
and the resolution adopted.Mr. Johnson, from the committee on pub-
lic accounts, reported the work thus far
done by them. They have examined the
books of the state auditor and state
treasurer, and ordered the cash bal-
ances on Feb. 12, and the general state
of the state finances on that date. The
report included a statement of the con-
dition of the state treasury, and a list of
defunct banks and actions pending
against them, which was published ten
days ago. The whole report was ordered
printed.Mr. Jacobson presented a resolution
that hereafter sessions shall be from 9:30
to 12:30 and from 2:30 until adjournment.
The vote was 100 yeas, 123 nays, 95
not two-thirds.Mr. Feig's motion that tomorrow's re-
cess be from noon until 8 p. m. to allow
the visit to the agricultural college was
carried. The following bills were intro-
duced:Mr. Staples, to amend general laws
relating to sale and lease of mineral
and state lands. The chief points of the
change are to reserve to the state the
timber on mineral lands and forfeit such
lands after six years if they are not
sold, and to provide that the conditions
have not been fully fulfilled,
but requiring twenty days' notice of for-
feiture.Mr. Cant, to abolish days of grace. It
does not take effect until January, 1896,
and applies only to notes on contracts
after that date. Banks and banking.Mr. McInnis, to establish a state
normal school at the city of Duluth. It
differs from the Spencer bill in requiring
six acres of land donated by the city in-
stead of ten, and that no money appro-
priated shall be available prior to 1896.
Normal schools.Mr. Grandahl, declaring furnishing of
libelous matter to newspapers a misde-
meanor. Judiciary.Mr. McInnis, by request in relation to
term of county treasurers, making four
years terms. Elections.The calendar was then taken up and
the following bills passed: H. F. No.
148, amending an act prohibiting the
sale of spirituous liquors in the vicinity
of the state fair grounds; H. F. No. 167,
fixing the time for holding the general
term of the district court in the judicial
district, and H. F. No. 379, to
amend an act to allow villages to sepa-
rate from township governments.The Little Pure Spices Bill failed to
pass, having two less than the necessary
majority, the vote being 56 to 30.A recess was then taken until 2 p. m.,
when general orders were taken up. The
new capital amendment bill will come
up during the afternoon, being seventh
on the list.

TO MEET THE DEFICIENCY.

Senate Committee Decides in Favor of Cer-
tificates of Indebtedness.WASHINGTON, Feb. 18.—The full
senate committee on appropriations to-
day decided to report an amendment to
the sundry civil appropriation bill for
\$100,000,000 of certificates of indebted-
ness of denominations of \$20 to \$100
to run for two years and draw 3 per cent
interest and to be good only for the pur-
pose of supplying the treasury defi-
ciency. The bill with this amendment
will be reported later in the day.

THEIR SALARIES RAISED.

Captains Chalk and Monaghan Will In-
creased Stipends.WASHINGTON, Feb. 18.—[Special to
The Herald.]—By the passage in the
house today of a bill to regulate the sal-
aries of inspectors of steam vessels, the
salaries of the two local inspectors at
Duluth are increased from \$1200 to
\$1800 each.

Duluth are increased from \$1200 to
\$1800 each.

SHOT BY HER LOVER.

An Actress Killed in Philadelphia and the
Murderer Still Missing.PHILADELPHIA, Feb. 18.—Up to noon
today nothing has been heard of Actor
J. B. Gentry who last night murdered
Miss Madge Yorke at Zeiss hotel. The
police of this city are guarding every
depot in the city closely, and if the mur-
derer has not already made his escape
from town it will be almost impossible
for him to do so.Detective Grier is of the opinion that
Gentry caught the 10 o'clock train on the
Pennsylvania road for New York last
night. The revolver with which the
murder was committed was found today
in a snow bank at Eighth and Locust
streets which is but half a block from the
hotel where the crime was committed.
Three chambers were empty, showing
that Gentry had fired three shots at the
unfortunate actress, only one of which
took effect.Two bullets went wide of their mark
and were found buried in the wall. The
third struck Miss Yorke in the center of
the forehead and passed through her
head, coming out just back of her right
ear. Miss Clark, who was a close friend
of the dead actress, and who was in the
room at the time of the shooting, can
give no reason for the murder, as she
had never heard of any quarrel between
the lovers.NEW YORK, Feb. 18.—Robert S. Drys-
dale, the father of Madge Yorke, who
was murdered last night in a Phila-
delphia hotel by J. B. Gentry, went to
that city today to bring home the body
of his daughter. Mrs. Drysdale and her
remaining children are completely
prostrated with grief. Madge was the
oldest of four children, two boys and two
girls, three of whom were born in Dun-
fermline, Scotland. The family came to
this country about fifteen years ago. For
the past seven years Mr. Drysdale has
been traveling salesman for Jaffe &
Flecken, linen importers at 89 Leonard
street.

ALTAMONTE BILL KILLED

It Failed to Get the Necessary Two-Thirds
Vote in the House This
Afternoon.WASHINGTON, Feb. 18.—[Special to
The Herald.]—Representative Baldwin
has been the most active member on
the floor of the house today, as the Al-
tamonte bill comes up later in the after-
noon under suspension of the rules, and
he must secure a two-thirds vote of the
house to pass it.Senator Washburn said today it was
doubtful if the bill could be put through
the senate, even if it did pass the house,
owing to the crush of business for the
next two weeks.Later—The Altamonte Water com-
pany's bill was taken up in the house at
5 o'clock. Representative Tawney
demanded the seconds on a motion to
suspend the rules. A quorum appeared
and Representative Lynch argued in
favor of the bill. Fifteen minutes were
allowed each side.3:45 p. m.—The Altamonte bill likely
killed. The vote was: Yeas, 90; nays,
68. Roll call demanded.4:15 p. m.—The Altamonte bill was
defeated on roll call; yeas, 123; nays, 95;
not two-thirds.

MAY RESULT IN FLOODS.

Fears of a Sudden Break of the Ice at Pitts-
burg.PITTSBURGH, Feb. 18.—The warm
weather of the past few days has had its
effect upon the ice in the rivers at this
point. The ice in the Monongahela was
fourteen inches thick and in the Youghio-
gheny it reached a thickness of twenty-
three inches.If the warm weather continues, it will
cause the ice to melt gradually and pre-
clude the danger of a flood, but if rain
sets in there is grave fear of a breaking
up in the rivers, which would result in
great loss to the boats which are frozen
in along the shores.

POSTMASTER AT MESABA.

J. C. Healy Appointed to the Vacant Post-
mastership.WASHINGTON, Feb. 18.—[Special to
The Herald.]—J. C. Healy was to-
day appointed postmaster at Mesaba,
St. Louis county, Minn., vice A. G. Mc-
Kinley resigned.

The Whisky Trust Receiver.

CHICAGO, Feb. 18.—J. B. Greenbut
appeared in Judge Grosscup's court today
to answer the rule asking him to account
for his actions during his brief term as
receiver for the whisky trust. His at-
torneys, read an answer pre-
pared by the respondent. Attorneys
representing other interests, said
they had not been given an opportunity
to inspect the defense and asked time to
read the document. The court continued
further proceedings under the rule until
this afternoon.

The Date Satisfactory.

LONDON, Feb. 18.—H. K. Holman, the
honorary secretary of the London Ath-
letic club, has sent a response to the letter
written to him on Jan. 15, by John C.
Gulick, secretary of the New York
Athletic club in regard to the contem-
plated contest in New York between re-
presentatives of New York and London
Athletic clubs. Mr. Holman's letter,
which is dated Feb. 9, agrees upon Sept.
21, the date fixed by the New York
Athletic club for the contest.

Tennessee's Exhibition.

WASHINGTON, Feb. 18.—The house
committee on appropriations today voted
favorably to report Representative
Washburn's bill for a government ex-
hibition to be held at Nashville in 1896. The
sum of \$105,000 is recommended of
which \$30,000 will be expended for a
building.

LARGEST CIRCULATION IN DULUTH

OFFICIAL PAPER OF CITY OF DULUTH.

Entered at the postoffice at Duluth, Minn., as second-class mail matter.

HERALD'S CIRCULATION,
17,148
HIGH-WATER MARK.

The Weather.

U. S. WEATHER BUREAU, DULUTH, MINN., Feb. 18.—A storm of moderate intensity has moved southeast from the region north of Montana to Upper Michigan since Saturday morning. The pressure is highest in Idaho.

Snow has fallen during the past twenty-four hours in North Dakota, Minnesota, Wisconsin, Michigan and in the Lower Missouri and Ohio valleys and it was still snowing at 7 a. m. in Michigan, Indiana and Ohio.

The lowest temperature reported at 7 p. m. was 24 degrees below zero in the Red River valley, the highest 20 degrees above zero at Menominee. It is generally above the normal in the Canadian Northwest, the Missouri valley and on the east slope of the Rocky mountains.

Duluth temperature at 7 a. m. today is 20 degrees above zero; maximum yesterday, 20 degrees above zero; minimum yesterday, 10 degrees above zero; snowfall (measured) .58 inch.

Duluth, Feb. 18.—Forecast for Duluth and vicinity till 7 p. m. tomorrow: Continued fair; slightly cooler today; westerly winds.

Local Forecast Official.

CHICAGO, Feb. 18.—Forecast till 8 p. m. tomorrow, for Wisconsin: Light local snows today; tonight and Tuesday generally fair; brisk southwest winds. For Minnesota: Fair and slightly warmer tonight; Tuesday fair; fresh southwest winds.

An Attempted Steal.

At a recent meeting of the county commissioners a resolution was passed urging the members of the legislature from this district to secure legislation whereby \$5000 can be appropriated yearly for clerk hire in the county treasurer's office and \$15,000 yearly for clerk hire in the county auditor's office. So far as the auditor's office is concerned it may be necessary to increase the number of clerks and consequently the salary limit should be raised, but there is no reason why the amount of the appropriation for clerk hire in the county treasurer's office should be increased to \$5000. There is no more work in the county treasurer's office this year than there has been during several years past, and the attempt to increase the appropriation for clerk hire in that office is simply a scheme to provide more offices for the adherents of the Getty-Myers-Dishman combine.

It is true that the office is now filled with clerks who are drawing salaries to the limit of the amount authorized by law, but they are not overburdened with work. In fact, the Herald is in a position to state that there is not enough work now to keep the present force busily occupied during the day. Of course, if any person visits the office he will find them busily engaged, to all appearances. But this is a blind. It is part of the scheme to get an increased appropriation that they should appear rushed with work when no one enters the treasury's office. Orders have been given to that effect. Clerks have been instructed to carry out the bluff of being busy all the time, and they are faithfully obeying their orders.

Two men, in addition to the treasurer and his deputy, can easily perform all the work in the office between Aug. 1 and April 1. A larger force is required during the other months of the year, but the total yearly expenses of the office for clerk hire can be kept within the limit of \$5000 now provided by law. The Herald calls upon the members of the legislature to resolutely resist this attempted steal. When the people of St. Louis county elected the present treasurer they did not bind themselves at the same time to maintain a horde of office seekers at the county's expense.

An Unreasonable Law.

Minnesota has an anti-steal law, but it is practically a dead letter. Other states have similar measures upon their statute books, but they are not enforced. The courts of several states have held such laws to be unconstitutional and invalid, and there is no reason to believe that any law can be framed upon the subject which will be constitutional, because to prevent the sale of an unused railway ticket is a restraint of trade and therefore in violation of constitutional rights.

The anti-steal law of Texas is similar to the law passed in Minnesota, and it has recently been held by Judge Nash, of the Dallas county court, to be unconstitutional, null and void. In a very clear decision, Judge Nash says: "When a person buys a ticket and pays for it the price asked, it is his property and the legislature cannot prevent him from selling or otherwise disposing of it, unless his doing so would be a public injury. If the railway company has gotten the price of the ticket, can it be said that it is injured, unless by reason of the fact that it may not sell as many tickets as it would sell under the operation of this act. This, however,

is only an incident of the transaction and certainly does not justify conferring a monopoly upon the railway company in selling unused tickets.

"When a clothier sells a suit of clothes and the purchaser wears it awhile and sells the unused part to a second-hand dealer, it is quite likely the second-hand dealer will sell it to some man who might otherwise buy a new suit from the clothier, and to that extent the second-hand man is interfering with the business of the clothier, but it affords no just reason why a man should be compelled if he dislikes his suit to take it back to the clothier and receive from him what it is then worth, or be punished with the second hand man if they sell the suit to another party. Such a law would certainly be a restraint upon trade that no free government would tolerate, and there is no better reason for the anti-scalpers act."

Judge Nash's argument appears to be sound. It is based upon reason, and it will stand. A railway ticket is the personal property of the man who pays for it, and he can sell it to whoever he pleases at whatever price he pleases.

It Should Not Pass

Dr. Zier, of Minneapolis, has introduced in the legislature a bill making it a penal offense to sell patent medicines unless the package is labeled with the formula of the ingredients which it contains. There is neither propriety nor necessity in such a move. It would be class legislation of the worst kind, and the legislature should not for one moment entertain the idea of passing such a vicious measure. Dr. Zier's bill merely reflects the antipathy of himself and other physicians to patent medicines. It is an attempt to put an end to the sale of scores of meritorious proprietary medicines which are frequently used with good results by people who would otherwise be obliged to go to a physician and obtain a prescription. By buying the patent medicine, they save the physician's fee and the extra cost of all medicine compounded upon physicians' prescriptions.

That there is merit in many of the patent remedies which are in the market is undeniable. The thousands of people who have been benefited by their use furnish ample testimony to that effect. To require the printing of the formula upon the label would result in the flooding of the market with base imitations of the genuine article, while no good would be accomplished. There is not one valid argument which can be produced in support of Dr. Zier's bill. The physicians write their prescriptions in a dead language that their patients do not understand. If Dr. Zier's bill were a wise measure, it would be equally wise to require that all physicians should write their prescriptions legibly and in a language that every one could understand. Possibly this might take away some of the mystery that surrounds a physician's prescription and lessen respect for it. But there is no excuse for requiring patent medicine men to print their formulas. A man who invents a good medicine has a right to his formula which no legislature can remove.

If the Zier bill should pass, patent medicine men would withdraw from the state rather than make their formulas public. Probably this is what Dr. Zier and his medical associates are aiming at. The Herald trusts that the legislature will not enact such vicious class legislation.

The announcement of the death of Alderman George W. Goldsmith was a shock to his numerous friends. While it was known that he had been quite ill for several days he had had no idea that his condition was so serious. During his term of service in the common council, Mr. Goldsmith looked carefully after the

interests of the Fifth ward, as well as of the city generally, and the large majority which he received at the time of his re-election recently indicated the high regard in which he was held by his constituents. Sincere sympathy will be extended to the sorrowing wife and children.

A Disgraceful Appointment.

The appointment of Richard T. O'Connor to be United States marshal for Minnesota is one of the most appointments which President Cleveland has made in this state. "Dick" O'Connor represents all that is vicious in politics. He has long been known in Ramsey county as an unscrupulous politician of the lowest type. There is nothing credited to Tammany which Dick O'Connor has not practiced in St. Paul to maintain himself and the ring which he headed in power in that city. The "city hall gang," as it was popularly known, was one of the most corrupt political organizations ever seen in the West, and it was only after a tremendous fight that the decent people of St. Paul succeeded in freeing the city government from its corrupting grasp.

For years O'Connor held the office of clerk of the district court, but he shrewdly declined a renomination when he saw certain defeat staring him in the face. The people of St. Paul were congratulating themselves that they had gotten rid of O'Connor and his political ring, and they are amazed that President Cleveland should give to such a man the fattest federal office in the state. It is to be hoped that Senators Davis and Washburn will demand that the senate refuse to confirm his nomination. Dick O'Connor's nomination is an insult to the state.

Marine disasters seem to be worse than they have been in years, but the men of the sea take these things tolerably easy. "By gosh, Bill," was the remark of a sailor on the Southern Atlantic to his mate during an awful storm, "just think of the terrible time those poor devils are having on shore with dazed chimbly pots and shingles a-blowing all around them."

British India offers a splendid market for the Nebraska and Nevada horses, which are being fed to hogs at \$3 a head. The remounting of the Anglo-Indian army is costly and difficult. Arabia, Persia, the Cape of Good Hope, Kabywar and other parts of the country have all been looked to as sources of supply, and of late Australia has had the market.

There are about 18,000,000 dozen of eggs handled in the United States. A tax of 3 cents a dozen is levied on those imported from Canada. The freight from that Dominion to New York is \$60 a car, while from the West it runs to about \$130. Canada will keep on selling us eggs.

Col. W. H. Hall, of San Francisco, an expert, believes that by 1945 the arid regions of California will have 6,500,000 irrigated acres under culture; to be done by using deep canyons for storage and by building dams 200 to 300 feet high.

The extent of income to be derived from a tariff tax can be judged by the fact that during the Harrison administration the government debt was reduced from \$2,395,561,186 to less than \$700,000,000.

There are just 130 janitors and doorkeepers at the Illinois capitol at Springfield. The legislators evidently take good care of their friends.

Germany has taken steps for the rehabilitation of silver as money, which may result in international bimetalism.

Talk about the "glorious climate of California!" It is not in it with the beautiful winter climate of Duluth!

Smelling by Electricity.

Hurley Kaulman. One smelling by electricity is a possibility of the near future and promises much for the future of this country where the fuel problem has been the great obstacle. The great Altamonte water power scheme is perfected, and together with the electric smelling process, as it surely will be, Superior and Duluth will rival Pittsburg as an iron center.

The Major is Right.

Minneapolis Journal: Congressmen in Baldwin was disgusted at O'Connor's appointment. He thinks it the worst nomination the president has ever made. A great improvement, in Mr. Baldwin's judgment, would have been to give him that job. Some people may think he is prejudiced.

All on One Side.

She is like Nature; and I love her even-tempered, wayward moods. I adore the way above. The far, blue hills; the dark green woods; the noisy brook; the turret's roof; The glimmer of a moonlight night; The inter-coming ocean's shore; The tiny cloud-heads, soft and white.

She is like Nature. Much she loves, though I should have a thousand years; I am not like you, my dear friend; Will Nature love me back again? I think not—and so never will she! —Harry Rossmore in Life.

Give Him Due Credit.

Cleopatra Fine Knot: Many of the state press are amused at the idea of Ignatius Donnelly arranging for a series of debates with Henry George. Why not give Donnelly the credit due him as an orator and not forever just at his disciples' feet? He lived in some foreign land the American people would rave about his power of speech but as it is a certain set can do nothing but attempt to criticize and ridicule him.

So-So

"It's an Ad,
I'll read it Not,"
Says One.

Well,

Now, don't read a word if you find a trace of stigma here. We have a plain story of merchandise to tell. We believe we may be bold enough to say there is no element of antiquarianism in the store. We promise the most complete and consummate grand

Mercantile Antepast

For the spring of 1895 ever before presaged for the clothes wearing population of Duluth. If you could keep watch of the freight receiving room here from now on, hourly revelations would meet your veriest anticipations of the new, the eminent, the most modern, stylish art creations destined to occupy the realm of fame in this season's category of "Things to Wear."

The Great Sales

Going on in heavy goods, such as Dress Coats, Furs, Cloaks, Shawls, Underwear, Hosiery, etc., is one of the present great trade drawing magnets in the store. Never were such wares sold so cheaply, and never did they sell more speedily. But like the tiny flowers winding their fresh green vines around the rugged rocks that's stood the rack of winter, waiting to top out its head in bloom at the first sign of spring. So the wilderness of exquisite "spring things to wear" are crowding into the store.

Dotted Swisses, Mouselins, Dimities, Gingham, Cambrics, Nainsooks, Jaconets, Ducks, Percalés, Embroideries, Laces, Veilings, Muslin Underwear, Corsets, Gloves, Handkerchiefs, Etc.

Are getting ready to bloom together. Expect much. We promise more and more.

Howard & Haynie

The Kiss I Stole.

I never forgot that kiss I stole. When I sought for answers; How could I help it, she looked so sweet. As she flickered down the stairs.

I never forgot that kiss I stole. It cost me a thousand in the courts; And left me the smile of a queen.

—Boston Court.

Possible to All.

New York Sun: She (philosophically)—Do you think it is easy to die? He (commonplace)—Well, lot of very stupid people have managed to do it.

Dyspepsia seldom causes death, but permits its victims to live on in misery. Hood's sarsaparilla cures dyspepsia and all stomach troubles.

ARE YOU GETTING ANY OF THE GOOD THINGS SELLING SO CHEAPLY HERE?

28 WEST SUPERIOR STREET.

ALD. GOLDSMITH DEAD.

He Passed Away Last Evening After a Short Illness.

After an illness of only a few days, Alderman George W. Goldsmith died at his home last evening of cerebro-spinal meningitis.

During the recent municipal campaign, Mr. Goldsmith caught cold. It grew worse and a week ago yesterday it was severe enough to confine him to his house. Monday last, while feeling badly, he ventured out to the council meeting. On his return home he took to his bed and never again left it. Thursday last he became unconscious, Friday and Saturday he seemed much better and prospects for his recovery seemed bright. Yesterday morning he again lost consciousness and continued in that condition until the end came.

A consultation of physicians was held at 5 o'clock—Dr. Phelan, the attending physician, calling in Dr. McComb, Dr. Coffe and Dr. J. E. Bowers. All hope was given up by them and the announcement made that the sufferer could not live through the night.

It was the wish of the deceased that, if he did not recover, his funeral services be preached by Rev. Robert Forbes. That gentleman is out of the city and the date of the funeral cannot be given until he is heard from. The funeral services will be in accordance with the rites of the Masons.

Mr. Goldsmith was born in England, but came to the United States at the age of 16. After coming to Duluth, he served as a sailor on the Lottie Bernard, under Capt. Norris until the wreck of that vessel in 1874. At that time, he was carried two miles by John Williams and thereby saved from death by freezing. Mr. Williams was also his nurse in his last illness.

In 1875, he went to Minneapolis and, locating there, spent three years in market gardening. Returning to Duluth, he engaged in the draying and teaming business with his uncle, Alderman William Harwood.

Not long afterward he entered the employ of the Northwestern Fuel company as a dock hand. He soon was made foreman and then was promoted to the delivery department. In time he became superintendent of that department, holding that position at the time of his death.

In 1894, Mr. Goldsmith was elected alderman from the Fifth ward and at the late election he was chosen for another term of two years. His place will be filled in that body by vote of the aldermen.

The deceased was 38 years of age and

resided at 1111 West First street, and leaves a wife and four children, the eldest being 11 years old. He was widely acquainted and leaves a large number of exceedingly warm friends among all classes. He possessed a big warm heart, and was one of Nature's noblemen in every respect. He was one of the most faithful and progressive members of the city council and his place will not be easily filled. Besides the Masonic order, he was a member of Lodge 28, I. O. O. F., Syracuse lodge, K. of P., and the Sons of St. George. A special meeting of Lodge 28, I. O. O. F., and of other Odd Fellow lodges in the city has been called for tonight to take appropriate action upon his death.

Out of respect to his memory, the council undoubtedly will adjourn this evening after passing appropriate resolutions, without transacting its regular round of business.

AMUSEMENTS.

Rev. J. M. Barkley's Lecture.
Rev. J. M. Barkley, of Detroit, will lecture tonight at the Lyceum on "One Year in the Rebel Army." The Bay City Press said of this lecture:

"The lecture on 'One Year in the Rebel Army' by Rev. J. M. Barkley, of Detroit, at the opera house last evening, under the auspices of U. S. Grand Post No. 67, C. A. R., proved one of the best entertainments which has been seen there this season. Mr. Barkley's description of the 'Boys Brigade' and his experience in camp and field was greatly amusing and intensely interesting. He was followed eagerly and closely by the audience, who testified their pleasure with smiling faces and outbursts of applause. The performance, in which he testified his devotion to the stars and stripes, was highly eloquent. The speaker's manner is attractive and his power of delineation admirable. The opera house was packed and the post will realize a nice sum."

Maud Powell Company.
Tomorrow night the Maud Powell Concert company will appear at the First Methodist church. The Chicago Times said of Miss Powell:

"Her selection yesterday was Max Bruch's great concerto in G minor. She played the work, which is full of intricacies, with ease and charming grace and repose. The 'allegro' was played with commendable steadiness of tempo and with fine shading. In the andante the great musical feeling possessed by the young lady showed itself in every phrase. The minuet was played with characteristic rhythmic feeling, and the finale, with its brilliant execution and fine thematic development, was performed with the greatest ease. Miss Powell has won her way to the highest rank among the masters of the violin."

Cast of "The Doctors."
Upon looking over the names of those who will take part in F. J. Chipman's new comedy, "The Doctors," which the Bohemian club will present at the Lyceum Thursday night next, a peculiarity may be noticed in the fact that there is not a member of it who has not already won regard as an amateur performer. It would seem that this performance should border close upon the line of professionalism, for the actors and actresses are all people of considerable experience. The production may surprise Duluth theatergoers.

"Coon" sells the best piano cheap.

THE PRODIGAL SONS

Dr. Thoburn Preached Last Evening on the Temptations Which Beeset Young Men Coming to Duluth.

The City Government Was Scored for Its Tacit Recognition of Saloons and Places of Vice.

Recital of the Names of Men Who Support These Places Would Shock the City.

Dr. Thoburn last night preached before an immense congregation at the First Methodist church, using as his text the story of the prodigal son. His sermon was a strong and forceful one, and he handled some of the vices and failings of the city without gloves. He applied the story of the prodigal son to the West and particularly to Duluth, and told of its peculiar adaptability to Western civilization, which is made up so largely of young men in all branches of business and professional life.

He told how these young men, many of whom had been brought up in Christian families in the East and South, had come West with the blessing and admonitions of their mothers, who gave them in parting a Bible, in which they were to find their strength. Once away from the maternal influence, these young men had drifted from the homestead principles of right, and the Bibles are now reposing in the trunks in which those mothers placed them and the advice is buried away in a corner of the memory where it seldom emerges to bother, and where the pile of rubbish which holds it down is steadily growing.

"And even now," I am speaking," he said, "these young men have gone so far in their gradual drift from the path their mothers pointed out to them that many of them are in the streets of sin." He then turned his attention to the city government, which by its tacit recognition of saloons and houses of ill fame he said created, and the depraved tastes of these prodigal sons.

Attacked the Side Doors.
He spoke of the manner in which the saloons were regulated by the police, whom he said regarded it as their duty to see that the key was turned in the door and to remain in the wide open ignorance of the fact that the side door was wide open night and day, Sunday and weekday. The houses of ill fame in the city he said were running wide open and were also practically fostered by the city. By coming up and paying \$53 of blood money per month they are reserved from molestation and come under the protection of the city. Their pernicious business in security from the law.

He spoke of the so-called respectable, law-abiding citizens, who by their presence and patronage support these institutions or by their forbearance suffer them to exist. He said that the recital of a list of the names of those who are instrumental in the propagation of vice would shock the city to its foundations, as many names would appear there of people who are supposed to be in better business.

He said that the rugged, ragged, socially ostracized but honest outcast who supports his family with his pitiful remuneration, is many times better than the kid-gloved, well brushed and well fed self-styled aristocrat who supports the houses of ill fame and by their support and patronage make themselves the moral equals of their inmates, who yet would not condescend to touch, with their gloved fingers, the workman's food and patronage make themselves the moral equals of their inmates, who yet would not condescend to touch, with their gloved fingers, the workman's food.

The choir sang "Sanctus," an exceptionally beautiful number and Mark Baker sang with feeling a touching arrangement of "Where is My Boy Tonight?"

When Baby was sick, we gave her Castoria.
When she was a Child, she cried for Castoria.
When she became Man, she clung to Castoria.
When she had Children, she gave them Castoria.

WORKING GIRLS.

WILLING, ABLE, AND AMBITIOUS, But Often Held Back by an Illness They do not understand.

[SPECIAL TO OUR LADY READERS.]
A young and intelligent working-girl of Brooklyn, N. Y., graphically pictures the working-girl's life.

Day in and day out, month after month, she toils. She is the bread-winner of the family.

Among the latter the symptoms of female diseases are early manifested by weak and aching backs, pains in the lower limbs and lower part of the stomach. The "monthly period" is irregular; with some profuse, with others a cessation. The sure symptom, leucorrhoea, and with faintness, weakness, loss of appetite and sleep. She may be sure that a womb trouble assails her. She knows not where to go for relief.

Obi this picture of one of thousands. Some work in cramped positions, but the great majority of working girls, so to speak, live on their feet.

Among the latter the symptoms of female diseases are early manifested by weak and aching backs, pains in the lower limbs and lower part of the stomach. The "monthly period" is irregular; with some profuse, with others a cessation. The sure symptom, leucorrhoea, and with faintness, weakness, loss of appetite and sleep. She may be sure that a womb trouble assails her. She knows not where to go for relief.

Miss Mary Smylie, of 2075 Susquehanna Avenue, Kensington, Philadelphia, Pa., urges her fellow-workers to buy a bottle of Dr. Williams' Pink Pills for Pale People, and to take it as directed.

Compound. She says: "I am a working-girl and must stand eleven hours every day. I have suffered terribly from painful menstruation and many troubles, and my head was so dizzy I could hardly see. I began to take your Lydia Pinkham's Compound some time ago. It was highly recommended to me by a friend. Now I feel like a different girl; no more aches and pains. I am praising it to every one. Our Druggist sells lots of it."

HEMLOCK SIDE WINS.

Great Curling Contest With a Supper at Skates on Saturday.

The sides chosen by L. P. Hall and C. R. Henneage ended last Saturday afternoon and evening and had a most enjoyable time. The supper which was at stake was good, the players were in good form and the games were many of them close and interesting. The Henneage party were too much for Hall's side and the total result was a score of 57 for Henneage and 57 for Hall.

Following are the skips and scores: C. R. Henneage.....50 L. P. Hall.....10 C. W. Culver.....22 E. G. Harnum.....14

Total.....66 Total.....24
In the evening Henneage and Hall chose new rinks and Hall prevailed by defeating his opponent by a score of 14 to 7.

Mission League Anniversary.
The third anniversary of the Mission League of St. John's English Evangelical Lutheran church will be observed this evening at the Lyceum. The following program will be given:

Vocal solo—"One Sweet Soliloquy"..... Carey
Historical Review.....
Vocal solo—"One Sweet Soliloquy"..... Carey

Antiphon—"The Lord's Prayer".....
Members of St. John's choir, assisted by Statistical and Financial Report.....
Vocal solo.....
Miss Doris Hoffman, accompanied by Offerings and Announcements.....
Closing exercises—"From Greenland's Icy Mountains".....
Prayer (voiced solo).....

Billiard Room Opened.
The St. Louis hotel billiard room opened Saturday evening and a large crowd was present. W. F. Hatley played a game with C. M. Atkins. Hatley played 50 points back line and won the game. Hatley's best run was 55. After the game Hatley gave an exhibition of fancy shots. Mr. Hatley expects to bring Maggiori, the New Orleans billiardist, here for a series of games about March 1. Hatley won the Illinois state championship lately by defeating Maggiori. They are well matched and their games will be interesting.

Pension Reform.
At the Unitarian church last night W. G. Crosby discussed the need of reform in our pension system in an interesting manner. He agreed that the country is spending too much money on the veterans, and that the system is productive of bad results, as it demoralizes those who are pensioned. He thought that examinations should be more strict and that those now drawing pensions should be re-examined periodically.

To the Mardi Gras
At New Orleans and Mobile, Special excursion tickets on sale, Feb. 18 to 21 via The North Western line. City office, 405 West Superior street.

SPIRIT LAKE AND VICINITY.

Superintendent Stephenson, of the front steel plant returned Friday. There were about twenty-five men at work last week on the open hearth furnaces, and a large crew of men are expected to be put on this week.

Mrs. Gus Johnson and daughter have returned from Duluth after a two weeks' absence.

John Price, of West Duluth, moved to Spirit Lake last Tuesday.

Miss Edna May Nelson, of Twentieth avenue west, Duluth, is making a two-weeks' visit with her grandparents at Spirit Lake.

Mrs. O. Lenroot went to Duluth Thursday for a visit of a couple of weeks with relatives.

Peter Hahn, of New Duluth, was looking around Ironston last Thursday. Mr. Hahn is an engineer and expects a position in the plant soon.

A. G. Nelson returned from Duluth Friday, after a three weeks' sojourn.

The wife and daughter of Mr. Mr. Sarvela, of West Duluth, were the guests of Mrs. Henry Mahtala Thursday.

The infant son of R. A. Folkerts has been ill, but is better.

Edward Dash and sister, Miss Lillian, Patrick Nacey and Robert Heiney, from Smithville, attended the masquerade ball at New Duluth Thursday night and report a most enjoyable time.

Mrs. William Smith and Mrs. August Nelson, of Smithville, spent Thursday in Duluth.

Owing to the severe cold weather Mr. Hackett did not fill his appointment and is expected next Wednesday evening at the home of Mr. and Mrs. A. Douglas.

Health Officer Ide was out Friday and reported the scarlet fever entirely obliterated.

Mrs. Joseph Brink and daughter Flossie, spent Thursday in Duluth. Edward Swenson's three children are just recovering from a severe attack of la grippe.

It Thawed the Ice.
Thomas Babcock, who lives in the alley between Third and Fourth streets and Seventh and Eighth avenues west, nearly lost his residence by fire last evening. A fire which had started in an adjoining room to that which he occupies, broke out and spread rapidly. He discovered it looked as though the house was doomed. The department was summoned and the flames quenched with about 5300 gallons. The ice was thawed.

No Sunday Performances.
Mayor Lewis has decided against Sunday evening theatrical performances. A Norwegian society was to have given a concert and theatrical performance last evening but the last feature was abandoned in accordance with the mayor's decision.

To the Mardi Gras
At New Orleans and Mobile. Special excursion tickets on sale, Feb. 18 to 21 via The North Western line. City office, 405 West Superior street.

The World's Health.
While we were here to produce the statistics in support, it may be confidently asserted that the average health of the world's civilized people is improving with every decade. Two principal causes are "progress in both medicine and hygiene. A hundred years ago small-pox was as much dreaded as Asiatic cholera, and yellow fever are now almost unknown. Seventy-two years ago today died Dr. Jenner, the man who on May 14, 1796, performed the first inoculation for the prevention of small-pox. Today his discovery is known and adopted by the majority of physicians in all nations. Pasteur, the Frenchman, has earned the thanks of the world by his inoculation for the cure of hydrophobia. A new triumph of the germ theory of disease seems to be the diphtheritic antitoxin, which is a safeguard against that scourge of childhood. On the side of hygiene, as great improvements have been made in clothing, exercise, cleanliness and food. Especial attention has been directed to the latter, and the efforts of legislators have been persistently directed to secure purity of food, while its preparation for consumption has become a science. The public eaters are alive to the demand, and the cooking of America no longer deserves the name of barbaric. Leaders in this food reform have been the great railroad companies, with their dining cars on which the best and choicest eatables are cooked and served in the finest style. Pre-eminent among all are the peerless dining cars of the Burlington system, operated on the safe plan. The many attractions of these lines makes it the part of wisdom to buy your ticket over the Burlington and this can be easily done by applying to your home ticket agent, or by writing to W. J. C. Kenyon, Gen. Pass. agent, St. Paul, Minn.

Mardi Gras Excursion Rates.
The St. Paul & Duluth railroad will sell on Feb. 18 to 24, round trip tickets to New Orleans, La., at the rate of \$16.70, tickets good returning March 20. For tickets and full particulars, call at ticket office, 401 West Superior street, corner Palladio building.

NOTICE OF MORTGAGE SALE.

Whereas default has been made in the conditions of a certain mortgage which was duly executed and delivered by Ralph J. Ingalls and Edmond Ingalls, her husband, mortgagee, to Duluth Loan, Deposit and Trust Company, a corporation, mortgagee, bearing date the 28th day of September, 1892, and which was duly recorded in the office of the register of deeds in and for the county of St. Louis and state of Minnesota on the 31st day of October, 1892, at 8 o'clock a. m., in Book 116 of mortgages, on page 170, which said mortgage, and the indebtedness thereby secured, was thereupon duly assigned for a valuable consideration by the said Duluth Loan, Deposit and Trust Company to the Loan and Trust Savings Bank, of New Hampshire, by an instrument of assignment, dated the 31st day of January, 1895, and which was duly recorded in the office of the register of deeds for said St. Louis County, on the 9th day of January, 1895, at 9 o'clock p. m., in Book 55 of mortgages, on page 25, which said mortgage and the principal note thereon, thereby assigned, contain provisions that if any default be made in the payment of any installment of interest thereon, or any part thereof, on the day whereon the same is made payable, then and in any such case, the said mortgagee or its assignee may elect without notice that the whole principal sum thereby secured and all accrued interest thereon and all of the sums paid in accordance with the provisions of said mortgage shall immediately become due and payable, and may enforce payment thereof by foreclosure or other legal measures, and

Whereas default has been made in the payment of part of the semi-annual installment of interest upon said mortgage, due January 1st, 1896, amounting to the sum of one hundred and twenty-five (\$125) dollars, and payment of which was secured by said mortgage, and

Whereas default has been made in the payment of part of the semi-annual installment of interest upon the said note and mortgage, due January 1st, 1896, for the sum of three hundred (\$300) dollars, payment of which was secured by said mortgage by reason whereof the said assignee of said mortgage has elected to exercise said option, and has hereupon duly declared, and does hereby declare the whole of the sum secured by said note and mortgage, with all accrued interest thereon to be due and payable, and that there is actually due upon said mortgage debt at the date of this notice the sum of two hundred and forty-three and 10/100 (\$243.10) dollars, principal and interest, and two hundred and fifty dollars attorney's fees, stipulated for in said mortgage in case of foreclosure thereof, and whereas the said mortgage contains a power of sale in due form, which is duly assigned to the said assignee of the said mortgage, and no action or proceeding at law or otherwise has been instituted to recover the debt secured by said mortgage, or any part thereof, to-wit:

Let number forty (\$40) East Fourth street, Duluth Proper, First Division, according to the record in the office of the register of deeds in and for said county and state of Minnesota, be and the same shall be sold at public auction to the highest bidder for cash to pay said debt and taxes (if any) on said property, and two hundred dollars attorney's fees, as stipulated by said mortgage in case of foreclosure, and the disbursements allowed by law by the sheriff of St. Louis County, on the front door of the court house, in the city of Duluth, in said county and state, on Wednesday, the 20th day of February, 1896, at 10 o'clock a. m. of that day, subject to redemption at any time within one year from the date of sale as provided by law.

Dated January 17th, 1896.

loss of two daughters some time ago since when she has not been the same.

IS AFTER MORE MINES.

Minnesota Iron Company Said to Have Options on the Shaw and Virginia.

It is rumored that the Minnesota Iron company is looking after more Mesaba properties, and has secured an option on both the Shaw and Virginia properties. Both these properties are well developed and proven mines.

Cole & McDonald continue explorations on the Lone Jack property with a diamond drill, proving the depth and extent of the ore body. It is said that a few days ago the drill was down 175 feet in solid ore. The point where the drill is at work is close to the boundary line of the Oliver mine.

It is stated upon reliable authority, says the Virginia Enterprise, that the Security Iron and Land company will withdraw from market their proposed 10-acre addition to Virginia, and buy back the few sales and contracts made for lots in the addition. This step is said to be taken in view of the prospect of sale of all the holdings of this company near Virginia.

The Lake Superior mine is experiencing much trouble with water, striking a lead a few days ago which drowned the pumps and filled the workings. Larger pumps will be put in at once and work resumed as quickly as possible.

As the Auburn force of about 150 men now find employment, and the mine is being put in excellent shape for the shipping season. The new electric light plant is now being put in, and the Auburn will come to the fore in 1895 with a half million tons to its credit for the season's output.

COMPLAINT WAS BAD.

Case Against Robert Dismissed This Morning Because the Charge Was Not Sufficient to Hold Him.

Charles H. Hoecker Charged Him With Securing Money on a Check Which Was Worthless.

When Tendered the Amount of the Check He Refused It--E. R. Rubenack Pleaded Not Guilty.

Assistant City Attorney Benham was knocked out again in municipal court this morning before Judge Winje because of a defective complaint. It was in the case of A. Robert charged with obtaining money fraudulently by means of a worthless check.

It will be remembered that Robert was in trouble some days ago. C. Porier charged him with getting money through misrepresentations and nearly half a hundred checks, ranging from \$5 to \$7 were out against him. Many of these, when presented at the bank, were refused because of lack of funds on deposit. The Porier matter was settled and through Attorney C. F. Hopkins payment of all but two of the many checks was provided for.

The action this morning was due to a complaint made by Charles H. Hoecker, a butcher on Grand avenue east. The check he cashed was for \$7 drawn by A. Robert and endorsed by A. Robert. It was dated Jan. 12, and in some way failed to be presented to Mr. Hopkins for payment along with the many others.

When the case was opened this morning and Mr. Hoecker placed on the stand, Mr. Hopkins, as soon as the testimony was commenced, objected to further testimony from the witness and attacked the complaint on the grounds that it failed to state an offense at law.

Mr. Benham promptly took issue and vigorously defended his complaint. Judge Winje discussed the matter a little and finally held that the complaint was insufficient and therefore dismissed the case.

Hoecker was tendered the amount of his check after the case was dismissed, but refused to accept it and the tender was withdrawn.

Before Judge Powell E. R. Rubenack was up for resisting C. B. Davis, state dairy and food inspector. The inspector in his complaint alleges that he went into the defendant's restaurant at No. 514 West Superior street, to search for food compounds and oleomargarine and that Rubenack threatened to "do him up" and that he had a poker in his hands.

Rubenack pleaded not guilty and was released on his own recognizance to appear for trial Feb. 25 at 2 p. m. He claims Davis tried to open his cash register and he prevented him from doing so.

Mr. Rubenack was endeavoring this afternoon to have a warrant sworn out against Davis charging him with using profane language and conducting himself in an improper manner while in his place of business.

Thomas White, charged by J. Polinsky with stealing, on Jan. 15, a table worth \$1 and three pieces of flooring, worth 50 cents, pleaded not guilty and his trial was set for Feb. 20, at 2 p. m. He also put up \$10 bail.

Solomon Barrie was arraigned on the charge of threatening a breach of the peace. Complaint was made by Mrs. Barrie, and she alleges that Solomon, her liege lord, threatened to beat her and to so treat her that she never would want him to get his fingers on her again. He was committed in default of \$100 bail to await his hearing.

POLO! POLO!
Y. M. C. A. vs. SUPERIOR AT
Endion Rink Tonight.
Game called at 9 o'clock sharp.

DAIRY INSPECTORS HERE.
Several Arrests for Violating the Oleomargarine and Adulterated Lard Laws.

There were several arrests made on Monday for violations of the oleomargarine and adulterated lard laws. C. B. Davis and E. E. Williams, two dairy inspectors, were here last week and made the complaints. P. L. Payne, employed by J. Wilkey in the Temple building was arrested for selling adulterated lard. He pleaded not guilty and will be tried tomorrow. F. H. Martin, of the Duluth Cash Grocery, pleaded guilty to the same charge and paid a fine of \$25.

Edward Rubenack, restaurant keeper at 514 West Superior street, was arrested on a complaint made by Inspector Davis for threatening to assault him with a poker. He will be tried today.

Tonight's Boxing Contest.
Tonight at the Parlor theater George Curtis and Tom Gleason, of Jamestown, N. D., will meet in a 15-round contest, Marquis of Queensbury rules, for the gate receipts. The fight will probably be a good one and a decision is promised at the end of the fight whether both men are on their feet or not. The fight will take place at 10 o'clock and will be preceded by two minor contests occurring at 9 o'clock.

Deafness Cannot Be Cured
By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube gets inflamed you have a running ear or a perfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation is taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give \$100 reward for any case of deafness (caused by catarrh) that cannot be cured by Hall's catarrh cure. Send for circulars, free.

NEVER COME SINGLY.
Family of R. A. Eva Sadly Afflicted Within the Past Two Days.

R. A. Eva and his family have met with a combination of misfortunes in the past two days which will bring them the deepest sympathy of all their friends. Mr. Eva was at Winnipeg last week with the curls. On Saturday he sprained his ankle very badly and was unable to leave for Duluth. His son, Bernard, 4 years old, after Mr. Eva had gone, was taken with a severe cold which late one of the editors of the "Gopher," the university paper. A daughter, Lillian, is now ill with the same terrible disease. Mr. Eva was brought home this morning on the Northern Pacific.

PERSONAL.
Alderman Ben Howard this morning returned from North Branch, where he went to attend the funeral of Mrs. Howard's father.

Laurence Horton, of this city, who is attending the state university, has received the high compliment of being chosen as one of the editors of the "Gopher," the university paper.

Mr. and Mrs. C. Naughton left yesterday for Chicago.

A. C. Clausen, of St. Paul, is in the city today.

W. H. Roberts, of Newark, N. J., is at the St. Louis today.

A. B. Wolvin and family leave today for Texas to be away six months.

J. D. Armstrong, solicitor of the St. Paul & Duluth road, is in the city.

E. D. Thayer, of Brandon, Vt., is at the Spaulding.

John Halzer, brother and Mrs. S. Halzer, mother of Mrs. George P. Stillman, of 221 Third avenue east, arrived this morning from Fargo, N. D., for a short visit.

Mayor and Mrs. Ray T. Lewis left this afternoon for New Orleans and the Mardi Gras.

W. C. Agnew left today for Cleveland. State Senator Spencer returned this afternoon to St. Paul.

F. B. Daugherty went to St. Paul this afternoon.

If you can't get coal delivered promptly try the Duluth Van company. They deliver promptly. No. 10 East Superior street.

FREIMUTH'S Special Linen Sale.....
.....THIS WEEK.

Society Leaders

ARE Fashion Followers!

When Fashion speaks a world prostrates itself. She says to a certain class of merchandise "Go" and it goeth. To another "Come" and it cometh, and while her ways are not always ways of pleasantness, yet they are ways of changeableness, and life would be far more monotonous were it not for her varied dictations.

Fashion has made her dictations for the Spring Season of 1895, and her demands and exactions have been of a far more capricious style and character than ever before.

Fashion's most approved and favorite productions are making their appearance here in large profusion.

FASHION'S New Spring Coats have come.
FASHION'S New Spring Mantles will be here tomorrow.
FASHION'S New Spring Silk Waists are here.
FASHION'S New Spring Street Dresses have arrived.
FASHION'S New Spring Walking Skirts are being Shown.
FASHION'S New Spring French Wash Fabrics are here.
FASHION'S New Spring Scotch Wash Fabrics are here.
FASHION'S New Domestic Wash Fabrics are here.
FASHION'S New Embroideries are here.

To introduce to you Fashion's latest creations we are naming Special Low Prices on many lines for this week.

At 10c a yd.
25 styles of dainty Organdies that you would mistake for some French production at four times that price.

At 15c a yd.
40 styles of Zephyr Gingham, superior in style and equal in quality to some that you are paying 20c for elsewhere.

At 15c a yd.
Those Royal Piques that would be a bargain at 25c.

At 25c a yd.
35 styles of Finest French Sateens that you cannot tell apart from silk, never before sold at less than 35c.

At 25c a yd.
New Fine Dot White Swiss that you would think cheap at 35c.

At 15c a yd.
New Crystal Crepes that would be cheap at 20c.

At 4c a yd.
One case Best Quality Shirting Calicoes that would be cheap at 6c.

At 12 1/2c.
15 styles of Striped and Checked White Nainsooks for Children's Dresses and Aprons that would be cheap at 18c.

At 7 1/2c.
One case of Heavy, Fine Quality Quilting Flannels, worth 12 1/2c Monday and Tuesday only 7 1/2c a yard. No remnants or seconds.

THAT INTERESTING FEBRUARY LINEN SALE

Will be continued this week. No practical and wise house, hotel, restaurant or boardinghouse keeper ought to fail to inquire into the merits of our Linens. Their superiority above all other lines is their

Unquestioned Quality and Our Unapproached Low Price Measure.

At 50c a yd.
10 pieces 45-in. All-wool Colored Serge, the kind you always pay 75c a yard for.

At 62 1/2c a yd.
15 pieces of 45-in. All-wool Colored Serge, usually sold at 95c a yard.

At 60c a yd.
12 pieces of Changeable Jacquard all wool Suiting, would sell readily at 90c a yard.

What Duluth Flour Makes the Best Bread?

THAT'S AN EASY ONE.

Primus!

Nearly every housewife in this city could answer that question without a moment's hesitation. We want to convince every housekeeper in Duluth of this fact. Buy a sack and try it. After you have tried it, tell your neighbors what delicious sweet bread you make from PRIMUS. Ask your Grocer for it.

T. B. Hawkes & Co., Manufacturers.

Shirts ..

The three requisites for a perfect shirt—FIT, STYLE, COMFORT. There is a pleasure and satisfaction in wearing that kind, as all who have worn them testify. That is the reason the knowing ones and the best dressers buy their Shirts of us.

All the New Novelties in Colored Patterns. The Best Materials Always.

NORMAL SCHOOL

Senator Spencer Succeeds In Getting the Duluth Bill Reported and Expected to Pass.

Mr. Cant's Bill Reducing Fees of Clerk of District Court Is Recommended For Passage.

An Attempt to Recall the Mine Inspection Bill from the Senate Committee on Mining.

Senator Wyman Said Parties Were Trying to Kill the Bill, One Mine Owner Particularly.

ST. PAUL, Feb. 19.—The senate finance committee met after recess at noon today and decided to report the Duluth normal school bill without recommendation. This places the bill on the calendar for final passage and is a decided victory for Senator Spencer, who saved the bill from defeat when it was previously reported adversely, and he feels confident the bill will be passed when it comes up for passage later in the week.

The clever housewife never complains of Dr. Price's cream baking powder. It answers her purpose perfectly.

THE HOUSE PROCEEDINGS.

Bill Reducing District Court Fees Favorably Reported.

ST. PAUL, Feb. 19.—The house heard the usual number of petitions at the opening this morning. Chairman Underhill, of the judiciary committee, reported H. F. 326, by Mr. Cant, fixing fees of clerks of district courts, being intended to cover St. Louis county, with a recommendation that it pass. Mr. Knutson's bill for boards of conciliation was indefinitely postponed. H. F. 285, limiting liability of mortgagors on real estate was killed in the same manner.

H. F. 135 was favorably reported; H. F. 103, favorably; H. F. 157, favorably; for H. F. 70, statute revision, a substitute was reported favorably; S. F. 274, Sperry divorce amendment, favorably; H. F. 221, adversely; H. F. 235, limiting liability of mortgagors on real estate, favorably; S. F. 157, favorably; S. F. 162, favorably; H. F. 331, favorably; H. F. 332, favorably; H. F. 333, favorably; H. F. 334, favorably; H. F. 335, favorably; H. F. 336, favorably; H. F. 337, favorably; H. F. 338, favorably; H. F. 339, favorably; H. F. 340, favorably; H. F. 341, favorably; H. F. 342, favorably; H. F. 343, favorably; H. F. 344, favorably; H. F. 345, favorably; H. F. 346, favorably; H. F. 347, favorably; H. F. 348, favorably; H. F. 349, favorably; H. F. 350, favorably; H. F. 351, favorably; H. F. 352, favorably; H. F. 353, favorably; H. F. 354, favorably; H. F. 355, favorably; H. F. 356, favorably; H. F. 357, favorably; H. F. 358, favorably; H. F. 359, favorably; H. F. 360, favorably; H. F. 361, favorably; H. F. 362, favorably; H. F. 363, favorably; H. F. 364, favorably; H. F. 365, favorably; H. F. 366, favorably; H. F. 367, favorably; H. F. 368, favorably; H. Late Chemist to the Minn. State Dairy and Food Dep't.

MISS WACHTER TALKS

The Testimony of Blix in the Hayward Murder Trial Is Given a Hard Blow.

A Stenographer Says Blix Stated That He and Ady Plotted to Kill Miss Gling.

They Agreed if the Job Was Traced to Them to Throw the Blame on Harry.

MINNEAPOLIS, Feb. 19.—The true inwardness of the Hayward case seems to be coming to the surface. From increasing evidence that Ady was in some way connected with murder, the belief is gaining a hold that both men were mixed up in the plot. Blix's remark that Ady said to him: "Be sure you bring the iron," gains fresh significance every day as the case unfolds. There is certainly expressed in some quarters that the state is aware of Ady's complicity, but has promised him immunity for his testimony against Harry. In this event the defense will be able to prove its alibi for Harry Hayward, and it was Ady that met Blix on Kenwood boulevard.

The star witness for the defense, who was put on the stand late yesterday afternoon, was Miss Maggie Wachter, who was recently stenographer for Odell, Blix's attorney. Mr. Erwin questioned her.

"Now Miss Wachter, did Blix at the time you took his statement, use these words: 'About two weeks before the murder Ady and I put up the job to kill Miss Gling for her money and agreed to throw the blame on Harry and then Ady told me to go out there and be sure to take the iron along. Ady went along with the buggy with me.' After that did he say when his attorney stopped him 'But you told me to tell the truth'?"

"Most of it," said the witness. "I can't swear that he said Ady went out with him to the buggy."

"Now, how did Odell take the statement?"

"He took just what he wanted to. Whenever Blix said anything about Ady he got mad and made me take it out."

"Well," continued Miss Wachter whose tongue ran faster than the traditional thresher, "after I read all the accounts I said to Mr. Odell one day 'What an awful liar Blix is.' He told me to shut up. My conscience hurt me and I went to Mr. McMahon and asked him what to do. He said he thought I ought to go to the attorneys for the defense and let them tell the attorneys and I said 'yes.' So he told them and I made my statement to him."

"Now, did you have any talk with any of the other attorneys?"

"Yes, Mr. Hall came to my sister's at the Langham. He knocked at the door three times. My sister got mad and asked him who he was and he said (imitating a pompous tone) 'I am Mr. Hall, attorney for the state.' My sister said he couldn't see me and I met him again the next day. I went into the parlor with him. He said lots of things to me and I said 'so-so.' He said 'oh, how he talked, I saw what he wanted at once, but I didn't propose to say anything to him. Then he told me he wanted me to answer just one question. He wouldn't have anything to do with Odell. Not he, but I could trust he was intimate with Mr. Nye. Then he asked him what he wanted me to say, and he asked me if Ady or Harry went out with Blix in the buggy."

"Now, did you have any talk with any of the other attorneys?"

"Yes, Mr. Hall came to my sister's at the Langham. He knocked at the door three times. My sister got mad and asked him who he was and he said (imitating a pompous tone) 'I am Mr. Hall, attorney for the state.' My sister said he couldn't see me and I met him again the next day. CUT HIS WIFE'S THROAT.

Brutal Murder by an Italian Barber in New York.

A Market Abroad Must Be Found For One Million Hundredweight More Sugar Than Usual.

WASHINGTON, Feb. 19.—In a special report to the state department upon the production of German beet root sugar, United States Consul Muth, at Madgeburg, presents some facts which explain in a measure the persistence of the German government in trying to secure the removal of its discriminating duty upon the beet root sugar.

The consul's report shows that even a small duty of one-tenth of a cent per pound means a great deal to the Germans, for the prosperity of vast interests depends upon a considerable extension of their sugar market in foreign countries, and so narrow is the margin between profit and loss, owing to over-production and foreign competition, that this can not be achieved under the slightest handicap in duties or taxes.

Consul Muth says that the German beet sugar industry is passing through a serious crisis. There has been a great increase in production from 21,500,000 hundredweight in 1892-3 to 27,500,000 in 1893-4. This year the crop will reach 30,000,000 hundredweight. In consequence prices have been falling below the cost of production.

In 1893-4 raw sugar sold at 12 1/2 to 15 marks per hundredweight, and the actual cost of production found the balance on the wrong side, but the present season is designed to witness greater loss. As soon as it became known that the beet crop was large and good, sugar began to decline, the price this month being 8 50 to 10 marks per hundredweight. This means a heavy loss for the factories. They cannot be grown for less than 1 1/2 to 2 marks per hundredweight and the factories now offer but seventy to eighty pils, all they can get for the beet.

Germany must find a market abroad this year for 1,000,000 hundredweight more sugar than she exported last year, in the face, too, of greater foreign competition. For Austria also has a surplus of 3,500,000 hundredweight for export. The home consumption cannot materially increase, even when the value trees and logs by blasting which are found in the center of many of the islands are being shipped away to be ground up for various purposes.

To make it a public park would preserve the tract from vandalism and serve one, as the medal awarded to Dr. Price's Cream Baking Powder is not higher than the incomparable record of the powder itself.

LONDON, Feb. 19.—The steamship Ems which will sail from Southampton for New York tomorrow will take \$1,015,000 in gold bars, on account of the syndicate which took the new issue of the United States bonds. The total amount of gold then on its way from Europe to America will be \$5,730,000.

NEW ALBANY, Ind., Feb. 19.—Because his wife allowed her pug dog to kill her privilege, Peter Bowman assaulted her. Two sons attacked him with clubs and fractured his skull. The boys were arrested and placed in jail to await the result of his injuries which are serious.

BUCKEN'S ARNICA SALVE. The best salve in the world for cuts, bruises, sprains, rheumatism, neuralgia, toothache, headache, chilblains, corns, and all skin troubles. It is a guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by Max Wirth.

THE GOLDEN WILL SAIL AGAIN. NEW YORK, Feb. 19.—La Gasconne's machinery having been submitted to as crucial a test as a dock test permits has been pronounced safe and sound, and the now celebrated steamship will sail tomorrow afternoon, weather permitting. There are 310 passengers booked.

HENRY IRVING III. LONDON, Feb. 19.—Henry Irving, the actor, is severely indisposed. Infected by the malarial from which he is suffering. Pure blood is absolutely necessary in order to enjoy perfect health. Hood's Sarsaparilla purifies the blood and strengthens the system.

IN A SERIOUS CRISIS

Why Germany Is So Persistently Trying To Have the Discriminating Duty On Sugar Removed.

The German Beet Root Sugar Industry Is Now Passing Through a Very Serious Crisis.

A Market Abroad Must Be Found For One Million Hundredweight More Sugar Than Usual.

WASHINGTON, Feb. 19.—In a special report to the state department upon the production of German beet root sugar, United States Consul Muth, at Madgeburg, presents some facts which explain in a measure the persistence of the German government in trying to secure the removal of its discriminating duty upon the beet root sugar.

The consul's report shows that even a small duty of one-tenth of a cent per pound means a great deal to the Germans, for the prosperity of vast interests depends upon a considerable extension of their sugar market in foreign countries, and so narrow is the margin between profit and loss, owing to over-production and foreign competition, that this can not be achieved under the slightest handicap in duties or taxes.

Consul Muth says that the German beet sugar industry is passing through a serious crisis. There has been a great increase in production from 21,500,000 hundredweight in 1892-3 to 27,500,000 in 1893-4. This year the crop will reach 30,000,000 hundredweight. In consequence prices have been falling below the cost of production.

In 1893-4 raw sugar sold at 12 1/2 to 15 marks per hundredweight, and the actual cost of production found the balance on the wrong side, but the present season is designed to witness greater loss. As soon as it became known that the beet crop was large and good, sugar began to decline, the price this month being 8 50 to 10 marks per hundredweight. This means a heavy loss for the factories. They cannot be grown for less than 1 1/2 to 2 marks per hundredweight and the factories now offer but seventy to eighty pils, all they can get for the beet.

Germany must find a market abroad this year for 1,000,000 hundredweight more sugar than she exported last year, in the face, too, of greater foreign competition. For Austria also has a surplus of 3,500,000 hundredweight for export. The home consumption cannot materially increase, even when the value trees and logs by blasting which are found in the center of many of the islands are being shipped away to be ground up for various purposes.

To make it a public park would preserve the tract from vandalism and serve one, as the medal awarded to Dr. Price's Cream Baking Powder is not higher than the incomparable record of the powder itself.

LONDON, Feb. 19.—The steamship Ems which will sail from Southampton for New York tomorrow will take \$1,015,000 in gold bars, on account of the syndicate which took the new issue of the United States bonds. The total amount of gold then on its way from Europe to America will be \$5,730,000.

NEW ALBANY, Ind., Feb. 19.—Because his wife allowed her pug dog to kill her privilege, Peter Bowman assaulted her. Two sons attacked him with clubs and fractured his skull. The boys were arrested and placed in jail to await the result of his injuries which are serious.

BUCKEN'S ARNICA SALVE. The best salve in the world for cuts, bruises, sprains, rheumatism, neuralgia, toothache, headache, chilblains, corns, and all skin troubles. It is a guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by Max Wirth.

SEVERAL CANDIDATES.

A Number of Names Are Mentioned as Probable Successors to Ald. George W. Goldsmith, Deceased.

George Claypool, Philip Westaway and Sam Fullerton are suggested—T. W. Hugo is Also Being Urged.

Moses Cook is on Trial Today For Short Changing—Some Strong Evidence in His Favor.

"Who will succeed Goldsmith as alderman from the Fifth ward?" is the question that is troubling the patriots and politicians even now, and the late alderman is not yet in his grave. Phil Westaway is mentioned, and the supposition is that he stands a pretty good show. George Claypool is looked upon with considerable favor by many of the people, but his standing with the present council is an unknown quantity. Sam Fullerton also is mentioned and has some elements of strength.

The man whose name is causing the most talk and the most fear on the part of the several aspirants, is that of T. W. Hugo. He has had an extended aldermanic experience and his equal as president has never been seen in Duluth before or since. He has some loyal supporters in the present council and if he will consent to have his name used, his friends and advocates think that he will be the man to capture a prize. A simple majority of the aldermen is sufficient to elect.

It is probable, however, that there will be no election until the new council organizes. The new body will have to elect a man anyway and as one elected now would only have two or three weeks to serve it will hardly be worth while to do it.

MOSES COOK ON TRIAL.

Some Strong Evidence Presented Today in His Favor.

The Moses Cook case for grand larceny in short changing a Finlander boy out of \$5 was still on trial this morning and was expected to go to the jury late this afternoon. The defense has a pretty good case apparently, as Cook's clerk and another man who happened to be in the store at the time of the alleged crime testified that they saw the defendant tender Cook the money, and the complaining witness, and they were both certain that it was a \$5 bill and not a \$10 bill.

Several business men testified that Cook's reputation for honesty and business integrity is excellent. In the testimony for the state no mention was made of the place of the alleged larceny, and on that showing the defense moved to dismiss on the ground that the evidence did not show that the crime was committed in the city of Duluth.

Judge Ensign denied the motion. Again the calendar of court cases melted away in a few minutes this morning without a case coming to trial, and Judge Moer to expedite matters, took up a criminal case, that against Tony Pedro, Tony Casciata and Dominick Casciata, charged with larceny of a watch.

The case of John Helmer et al. against Alfred Merritt et al. is still on trial before Judge Lewis, and it will probably go to the jury this afternoon. Following is the setting of court cases for the remainder of the week:

Wednesday—\$2.60, 62, 63, 65, 66, 67, 70, 72, 73, 77, 78.

Thursday—79, 81, 84, 85, 86, 87, 88, 89, 93, 94, 95, 96, 99.

Professor W. T. Wenzel, the well known chemist of San Francisco, writes: "I consider Dr. Price's baking powder to be pure and wholesome, and in every way a superior article."

Will Amend the Findings.

Judge Ensign has filed an order setting aside the verdict in the Levine insurance case against the Lancashire Fire Insurance company. The order is made on account of a slight error in the court's charge to the jury, and findings will be made to practically cover the verdict.

Andrew Ellstrom has sued M. J. Dahlsten et al. to clear title to land in 50-18. Martha Swanson has secured a default judgment against A. F. Swanson for \$133.33.

Another West End Delivery.

Superintendent of Delivery Grabarkiewicz has added a third delivery of mail at the West End, the carriers now leaving the postoffice at 9 and 11 a. m. and 3 p. m. The 11 a. m. delivery in the business district is very satisfactory to the business men along Superior street.

Discovered in Time.

The residence of Dr. Woodberry on Twenty-first avenue east narrowly escaped destruction by fire last night. The members of the household were aroused by the smell of smoke and upon examination discovered that a burning ember had fallen from an open fire place upon the floor of the room. A hole had been burned through to the cellar and the woodwork below was on fire. A few buckets of water quenched the flames.

Births and Deaths.

Deaths as follows have been reported to the board of health: James Sutton, 77 years, West Duluth, pneumonia; Patrick O'Connor, 121 Twenty-eighth avenue west, aged 62 years, gastro enteritis; Bridget O'Connor, 121 Twenty-eighth avenue west, aged 58, gastro enteritis.

The birth of a daughter to William and Kate McGraw, 1105 East Eighth street, has been reported to the board of health.

TWO HUNDRED FEET DEEP.

Sam Gilman Sinking a Shaft on His Gold Property.

Sam Gilman returned Monday to his gold mine on Bad Vermilion lake, says the Rainy Lake Journal of Feb. 14. He has begun the work of development in earnest, and has started to sink a shaft on the property and will go down from 150 to 200 feet and get his levels started before he places a mile on the property.

He says he is not going to spoil his mine and proposes to develop it in such a way that it will count in the round up, and says, further, that it is easy to get a mill after you have got a mine.

The "Morning Star" island, on Wild Potato lake, is a very promising property owned by Larkin, Scott, Langdon and Fahy, has as yet not received much attention, but a test pit has been put in to a depth of six feet on a 5-foot vein and the rock goes 845 to the ton. It is reported that George Curtin is negotiating for the purchase of this valuable property.

J. T. Morgan has just returned from a two-weeks' trip up the Seine, where he located 300 acres of gold-bearing land on Calumet lake, an extension of the Seine river, two good veins on the property that pan well, and the specimens brought back with him indicate that the vein contains good quartz.

It is well known fact that about three-fourths of a mile east of Johnson's lake, on the stage road from Lower to Rainy Lake City, in section 10, township 68, range 17, lies one of the largest deposits of gold-bearing quartz ever yet discovered in Minnesota. The ledge is about 100 feet in width, and the quartz assays from \$12.20 to \$1200 in gold, and as high as \$3800 in silver. Charley Johnson, of Rainy Lake City, is the owner of this bonanza.

It is reported that Wilson, Campbell and Bartley, of Fort Francis, have sold another forty of their gold property at Bad Vermilion lake for \$20,000 to a gentleman in Grand Rapids, Mich.

Dr. Joseph Albrecht, chemist, late assayer of the United States mint at New Orleans, after chemical analysis declares that Dr. Price's baking powder is "justly celebrated" and "perfectly pure and wholesome."

HE IS ELATED.

Henry Curtis Spalding Feels Joyful Over the Altamonte Company's Defeat.

As the Duluth supporters of the Altamonte scheme are depressed, so is Henry Curtis Spalding, of the Minnesota Canal company, elated at the news of the defeat of the Altamonte bill in the house yesterday. "We expected it," said Mr. Spalding, "although we have not made much of a fight against it for we knew that even should the bill pass the Altamonte company would be no nearer to its object than before, for the Duluth & Winnipeg will never consent to the change in its tracks which would be made necessary by the carrying out of the Altamonte plans. Several other corporations have unalterable objections as well."

"We are now extremely busy with our condemnation proceedings, of which we have eight now in court and one completed and the property paid for. The proceedings now on are to condemn about 620 parcels of property, involving the rights of 100 people, and will take several months yet for completion."

Dizziness Cannot Be Cured
By local applications, as they cannot reach the diseased condition of the mucous lining of the Eustachian tube. When this tube gets inflamed it is not cured by local treatment, but when it is entirely closed dizziness is caused. In such cases information can be taken out and this tube restored to its normal condition, thus curing dizziness forever. Dizziness caused out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give \$100 reward for any case of dizziness (caused by catarrh) that cannot be cured by Hall's catarrh cure. Send for circular, free.

Half Price

All Our Men's, Boys' and Children's Suits, Overcoats, Ulsters, Pea Jackets and Reefers.

M. S. Burrows & Co.

Money always cheerfully refunded. Mail orders promptly filled.

MR. MILLER'S POSITION.

He Presents His Side of the Associated Charities Tangle.

A Herald reporter yesterday asked Commissioner Miller for a statement of his position in the matter of the appropriation of \$85 per month to the Associated Charities and the recommendation that his father be appointed to the place. He said:

"When the petition from the Associated Charities asking for \$100 per month was presented to the county board I was away. When I got back Mr. Dinham came into my office and brought up the matter. He said if the board made an appropriation he would like to see my father get the secretaryship and would insist upon recommending him for the place."

"I told him that the \$900 the county gave last year was a total loss for the reason that there was a lack of harmony between the two people then in the Associated Charities, on one hand, and the county, on the other. If this was to be continued there was no use voting any money. I said that if the board gave a way in which the county could save money by using the Associated Charities, well and good, but otherwise I would not favor any appropriation."

"When the meeting was held the board decided to appropriate \$85 per month and retain control over the person employed by the Associated Charities. Capt. Miller's name was suggested by one of the other commissioners, and four of us, all that were present, adopted a motion recommending him."

"When the Associated Charities meeting was held and the board's recommendation read, Mr. Holt, the agent, stated that Commissioner Dinham and Helm had told him that they did not care one way or the other who was appointed, and that the recommendation was intended more as a compliment to Capt. Miller than anything else."

"Judge Hale saw me and I explained my position. I told him that I would be satisfied with any good man who would give his whole time to the office and would work in harmony with the charitable organizations but that I would protest against the appropriation if the present management was continued because the county would only lose so much money."

"As far as I am concerned I now favor cutting off the appropriation entirely."

Sacred Heart Cadets.

The cadets of the cathedral parish will celebrate Washington's birthday on Friday by a musical and dramatic entertainment at the Catholic Association hall at 8 o'clock. Rev. Father Curry, an able and eloquent lecturer, late from Ireland, will deliver a stirring and patriotic oration.

Notice.

Change of time of special meeting of Palestine Lodge No. 79, A. F. and A. M. to 7:15 sharp, Friday evening, Feb. 22, 1895.

EDWIN MOORE, Secretary.
